

Thanksgiving that they will appreciate, and I assure you that they will not appreciate cutting Medicaid. They will not appreciate cutting the farmers' programs. The veterans are not going to have a good Thanksgiving if they know that their benefits are cut by \$2 billion. Our students are not going to have a good Thanksgiving if they know that the student loan program is being cut by \$14 billion; our children, child support \$5 billion, child nutrition, food stamps.

We have got to make sure that our people have a wonderful Thanksgiving holiday. The way to do that is if they bring that budget reconciliation bill up before we leave, in the name of the American people, we must vote it down.

Mr. ROSS. Mr. Speaker, members of the Blue Dog Coalition have come tonight, not only to point out our Nation's debt and deficit, but to offer a solution with our 12-point plan. We look forward to other opportunity in the future to further discuss our 12-point plan for meaningful budget reform.

CONFERENCE REPORT ON H.R. 3010, DEPARTMENTS OF LABOR, HEALTH AND HUMAN SERVICES, AND EDUCATION, AND RELATED AGENCIES APPROPRIATIONS ACT, 2006

Mr. LEWIS of California (during the Special Order of Mr. BARTLETT of Maryland) submitted the following conference report and statement on the bill (H.R. 3010) making appropriations for the Departments of Labor, Health and Human Services, and Education, and related agencies for the fiscal year ending September 30, 2006, and for other purposes.

CONFERENCE REPORT (H. REPT. 109-300)

The committee of conference on the disagreeing votes of the two Houses on the amendment of the Senate to the bill (H.R. 3010) "making appropriations for the Departments of Labor, Health and Human Services, and Education, and Related Agencies for the fiscal year ending September 30, 2006, and for other purposes", having met, after full and free conference, have agreed to recommend and do recommend to their respective Houses as follows:

That the House recede from its disagreement to the amendment of the Senate, and agree to the same with an amendment, as follows:

In lieu of the matter stricken and inserted by said amendment, insert:

That the following sums are appropriated, out of any money in the Treasury not otherwise appropriated, for the Departments of Labor, Health and Human Services, and Education, and Related Agencies for the fiscal year ending September 30, 2006, and for other purposes, namely:

TITLE I—DEPARTMENT OF LABOR

EMPLOYMENT AND TRAINING ADMINISTRATION TRAINING AND EMPLOYMENT SERVICES

(INCLUDING RESCISSIONS)

For necessary expenses of the Workforce Investment Act of 1998, the Denali Commission Act of 1998, and the Women in Apprenticeship and Non-Traditional Occupations Act of 1992, including the purchase and hire of passenger motor vehicles, the construction, alteration, and repair of buildings and other facilities, and the purchase of real property for training centers as authorized by the Workforce Investment Act of 1998; \$2,652,411,000 plus reimbursements, of which \$1,688,411,000 is available for obligation for the period July 1, 2006 through June 30, 2007; except that amounts determined by the Secretary of Labor to be necessary pursuant to sections 173(a)(4)(A) and 174(c) of the Workforce Investment Act of 1998 shall be available from October 1, 2005 until expended; and of which \$950,000,000 is available for obligation for the period April 1, 2006 through June 30, 2007, to carry out chapter 4 of the Workforce Investment Act of 1998; and of which \$8,000,000 is available for the period July 1, 2006 through June 30, 2009 for necessary expenses of construction, rehabilitation, and acquisition of Job Corps centers: Provided, That notwithstanding any other provision of law, of the funds provided herein under section 137(c) of the Workforce Investment Act of 1998, \$282,800,000 shall be for activities described in section 132(a)(2)(A) of such Act

and \$1,193,264,000 shall be for activities described in section 132(a)(2)(B) of such Act: Provided further, That \$125,000,000 shall be available for Community-Based Job Training Grants, which shall be from funds reserved under section 132(a)(2)(A) of the Workforce Investment Act of 1998 and shall be used to carry out such grants under section 171(d) of such Act, except that the 10 percent limitation otherwise applicable to the amount of funds that may be used to carry out section 171(d) shall not be applicable to funds used for Community-Based Job Training grants: Provided further, That funds provided to carry out section 132(a)(2)(A) of the Workforce Investment Act of 1998 may be used to provide assistance to a State for State-wide or local use in order to address cases where there have been worker dislocations across multiple sectors or across multiple local areas and such workers remain dislocated; coordinate the State workforce development plan with emerging economic development needs; and train such eligible dislocated workers: Provided further, That \$7,936,000 shall be for carrying out section 172 of the Workforce Investment Act of 1998: Provided further, That \$982,000 shall be for carrying out Public Law 102-530: Provided further, That, notwithstanding any other provision of law or related regulation, \$80,557,000 shall be for carrying out section 167 of the Workforce Investment Act of 1998, including \$75,053,000 for formula grants, \$5,000,000 for migrant and seasonal housing (of which not less than 70 percent shall be for permanent housing), and \$504,000 for other discretionary purposes, and that the Department shall take no action limiting the number or proportion of eligible participants receiving related assistance services or discouraging grantees from providing such services: Provided further, That notwithstanding the transfer limitation under section 133(b)(4) of such Act, up to 30 percent of such funds may be transferred by a local board if approved by the Governor: Provided further, That funds provided to carry out section 171(d) of the Workforce Investment Act of 1998 may be used for demonstration projects that provide assistance to new entrants in the workforce and incumbent workers: Provided further, That no funds from any other appropriation shall be used to provide meal services at or for Job Corps centers.

For necessary expenses of the Workforce Investment Act of 1998, including the purchase and hire of passenger motor vehicles, the construction, alteration, and repair of buildings and other facilities, and the purchase of real property for training centers as authorized by the Act; \$2,463,000,000 plus reimbursements, of which \$2,363,000,000 is available for obligation for the period October 1, 2006 through June 30, 2007, and of which \$100,000,000 is available for the period October 1, 2006 through June 30, 2009, for necessary expenses of construction, rehabilitation, and acquisition of Job Corps centers.

Of the funds provided under this heading in Public Law 108-7 to carry out section 173(a)(4)(A) of the Workforce Investment Act of 1998, \$20,000,000 are rescinded.

Of the funds provided under this heading in Public Law 107-117, \$5,000,000 are rescinded.

Of the funds provided under this heading in division F of Public Law 108-447 for Community-Based Job Training Grants, \$125,000,000 is rescinded.

The Secretary of Labor shall take no action to amend, through regulatory or administration action, the definition established in 20 CFR 667.220 for functions and activities under title I of the Workforce Investment Act of 1998, or to modify, through regulatory or administrative action, the procedure for redesignation of local areas as specified in subtitle B of title I of that Act (including applying the standards specified in section 116(a)(3)(B) of that Act, but notwithstanding the time limits specified in section

116(a)(3)(B) of that Act), until such time as legislation reauthorizing the Act is enacted. Nothing in the preceding sentence shall permit or require the Secretary of Labor to withdraw approval for such redesignation from a State that received the approval not later than October 12, 2005, or to revise action taken or modify the redesignation procedure being used by the Secretary in order to complete such redesignation for a State that initiated the process of such redesignation by submitting any request for such redesignation not later than October 26, 2005.

Not to exceed 1 percent of any discretionary funds (pursuant to the Balanced Budget and Emergency Deficit Control Act of 1985, as amended) which are appropriated for the current fiscal year for the Department of Health and Human Services in this Act may be transferred between a program, project, or activity, but no such program, project, or activity shall be increased by more than 3 percent by any such transfer: Provided, That a program, project, or activity may be increased by up to an additional 2 percent subject to approval by the House and Senate Committees on Appropriations: Provided further, That the transfer authority granted by this section shall be available only to meet emergency needs and shall not be used to create any new program or to fund any project or activity for which no funds are provided in this Act: Provided further, That the Appropriations Committees of both Houses of Congress are notified at least 15 days in advance of any transfer.

(TRANSFER OF FUNDS)

SEC. 209. The Director of the National Institutes of Health, jointly with the Director of the

Office of AIDS Research, may transfer up to 3 percent among institutes and centers from the total amounts identified by these two Directors as funding for research pertaining to the human immunodeficiency virus: Provided, That the Congress is promptly notified of the transfer.

(TRANSFER OF FUNDS)

SEC. 210. Of the amounts made available in this Act for the National Institutes of Health, the amount for research related to the human immunodeficiency virus, as jointly determined by the Director of the National Institutes of Health and the Director of the Office of AIDS Research, shall be made available to the "Office of AIDS Research" account. The Director of the Office of AIDS Research shall transfer from such account amounts necessary to carry out section 2353(d)(3) of the Public Health Service Act.

SEC. 211. None of the funds appropriated in this Act may be made available to any entity under title X of the Public Health Service Act unless the applicant for the award certifies to the Secretary that it encourages family participation in the decision of minors to seek family planning services and that it provides counseling to minors on how to resist attempts to coerce minors into engaging in sexual activities.

SEC. 212. None of the funds appropriated by this Act (including funds appropriated to any trust fund) may be used to carry out the Medicare Advantage program if the Secretary denies participation in such program to an otherwise eligible entity (including a Provider Sponsored Organization) because the entity informs the Secretary that it will not provide, pay for, provide coverage of, or provide referrals for abortions: Provided, That the Secretary shall make appropriate prospective adjustments to the capitation payment to such an entity (based on an actuarially sound estimate of the expected costs of providing the service to such entity's enrollees): Provided further, That nothing in this section shall be construed to change the Medicare program's coverage for such services and a Medicare Advantage organization described in this section shall be responsible for informing enrollees where to obtain information about all Medicare covered services.

SEC. 213. Notwithstanding any other provision of law, no provider of services under title X of the Public Health Service Act shall be exempt from any State law requiring notification or the reporting of child abuse, child molestation, sexual abuse, rape, or incest.

SEC. 214. (a) Except as provided by subsection (e) none of the funds appropriated by this Act may be used to withhold substance abuse funding from a State pursuant to section 1926 of the Public Health Service Act (42 U.S.C. 300x-26) if such State certifies to the Secretary of Health and Human Services by May 1, 2006, that the State will commit additional State funds, in accordance with subsection (b), to ensure compliance with State laws prohibiting the sale of tobacco products to individuals under 18 years of age.

(b) The amount of funds to be committed by a State under subsection (a) shall be equal to 1 percent of such State's substance abuse block grant allocation for each percentage point by which the State misses the retailer compliance rate goal established by the Secretary of Health and Human Services under section 1926 of such Act.

(c) The State is to maintain State expenditures in fiscal year 2006 for tobacco prevention programs and for compliance activities at a level that is not less than the level of such expenditures maintained by the State for fiscal year 2005, and adding to that level the additional funds for tobacco compliance activities required under subsection (a). The State is to submit a report to the Secretary on all fiscal year 2005 State expenditures and all fiscal year 2006 obligations for tobacco prevention and compliance activities by program activity by July 31, 2006.

(d) The Secretary shall exercise discretion in enforcing the timing of the State obligation of the additional funds required by the certification described in subsection (a) as late as July 31, 2006.

(e) None of the funds appropriated by this Act may be used to withhold substance abuse funding pursuant to section 1926 from a territory that receives less than \$1,000,000.

SEC. 215. In order for the Centers for Disease Control and Prevention to carry out international health activities, including HIV/AIDS and other infectious disease, chronic and environmental disease, and other health activities abroad during fiscal year 2006, the Secretary of Health and Human Services—

(1) may exercise authority equivalent to that available to the Secretary of State in section 2(c) of the State Department Basic Authorities Act of 1956 (22 U.S.C. 2669(c)). The Secretary of Health and Human Services shall consult with the Secretary of State and relevant Chief of Mission to ensure that the authority provided in this section is exercised in a manner consistent with section 207 of the Foreign Service Act of 1980 (22 U.S.C. 3927) and other applicable statutes administered by the Department of State, and

(2) is authorized to provide such funds by advance or reimbursement to the Secretary of State as may be necessary to pay the costs of acquisition, lease, alteration, renovation, and management of facilities outside of the United States for the use of the Department of Health and Human Services. The Department of State shall cooperate fully with the Secretary of Health and Human Services to ensure that the Department of Health and Human Services has secure, safe, functional facilities that comply with applicable regulation governing location, setback, and other facilities requirements and serve the purposes established by this Act. The Secretary of Health and Human Services is authorized, in consultation with the Secretary of State, through grant or cooperative agreement, to make available to public or nonprofit private institutions or agencies in participating foreign countries, funds to acquire, lease, alter, or renovate facilities in those countries as necessary to conduct programs of assistance for international health activities, including activities relating to HIV/AIDS and other infectious diseases, chronic and environmental diseases, and other health activities abroad.

SEC. 216. The Division of Federal Occupational Health hereafter may utilize personal services contracting to employ professional management/administrative and occupational health professionals.

SEC. 217. (a) AUTHORITY.—Notwithstanding any other provision of law, the Director of the National Institutes of Health may use funds available under section 402(i) of the Public Health Service Act (42 U.S.C. 282(i)) to enter into transactions (other than contracts, cooperative agreements, or grants) to carry out research in support of the NIH Roadmap for Medical Research.

(b) PEER REVIEW.—In entering into transactions under subsection (a), the Director of the National Institutes of Health may utilize such peer review procedures (including consultation with appropriate scientific experts) as the Director determines to be appropriate to obtain assessments of scientific and technical merit. Such procedures shall apply to such transactions in lieu of the peer review and advisory council review procedures that would otherwise be required under sections 301(a)(3), 405(b)(1)(B), 405(b)(2), 406(a)(3)(A), 492, and 494 of the Public Health Service Act (42 U.S.C. 241, 284(b)(1)(B), 284(b)(2), 284(a)(3)(A), 289a, and 289c).

SEC. 218. Funds which are available for Individual Learning Accounts for employees of the Centers for Disease Control and Prevention and the Agency for Toxic Substances and Disease Registry may be transferred to "Disease Control, Research, and Training," to be available only for Individual Learning Accounts: Provided,

That such funds may be used for any individual full-time equivalent employee while such employee is employed either by CDC or ATSDR.

SEC. 219. Notwithstanding any other provisions of law, funds made available in this Act may be used to continue operating the Council on Graduate Medical Education established by section 301 of Public Law 102-408.

(RESCISSION OF FUNDS)

SEC. 220. The unobligated balance in the amount of \$10,000,000 appropriated by Public Law 108-11 under the heading "Public Health and Social Services Emergency Fund" are rescinded.

(b) The Global Communications Center Building (Building 19) at the Centers for Disease Control and Prevention is hereby renamed as the Thomas R. Harkin Global Communications Center.

SEC. 222. None of the funds made available under this Act may be used to implement or enforce the interim final rule published in the Federal Register by the Centers for Medicare & Medicaid Services on August 26, 2005 (70 Fed. Reg. 50940) prior to April 1, 2006.

SEC. 223. (a) For fiscal year 2006 and subject to subsection (b), the Secretary of Health and Human Services may waive the requirements of regulations promulgated under the Head Start Act (42 U.S.C. 9831 et seq.), for one or more vehicles used by a Head Start agency or an Early Head Start entity (or the designee of either) in transporting children enrolled in a Head Start program or an Early Head Start program if—

(1) such requirements pertain to child restraint systems or vehicle monitors;

(2) the agency or entity demonstrates that compliance with such requirements will result in a significant disruption to the Head Start program or the Early Head Start program; and

(3) waiving such requirements is in the best interest of the children involved.

(b) The Secretary of Health and Human Services may not issue any waiver under subsection (a) after September 30, 2006, or the date of the enactment of a statute that authorizes appropriations for fiscal year 2006 to carry out the Head Start Act, whichever date is earlier.

SEC. 224. Section 1310.12(a) of title 45 of the Code of Federal Regulations (October 1, 2004) shall not be effective until June 30, 2006 or 60 days after the date of the enactment of a statute that authorizes appropriations for fiscal year 2006 to carry out the Head Start Act, whichever date is earlier.

GENERAL PROVISIONS

SEC. 301. No funds appropriated in this Act may be used for the transportation of students or teachers (or for the purchase of equipment for such transportation) in order to overcome racial imbalance in any school or school system, or for the transportation of students or teachers (or for the purchase of equipment for such transportation) in order to carry out a plan of racial desegregation of any school or school system.

SEC. 302. None of the funds contained in this Act shall be used to require, directly or indirectly, the transportation of any student to a school other than the school which is nearest the student's home, except for a student requiring special education, to the school offering such special education, in order to comply with title VI of the Civil Rights Act of 1964. For the purpose of this section an indirect requirement of transportation of students includes the transportation of students to carry out a plan involving the reorganization of the grade structure of schools, the pairing of schools, or the clustering of schools, or any combination of grade restructuring, pairing or clustering. The prohibition described in this section does not include the establishment of magnet schools.

SEC. 303. No funds appropriated in this Act may be used to prevent the implementation of programs of voluntary prayer and meditation in the public schools.

(TRANSFER OF FUNDS)

SEC. 304. Not to exceed 1 percent of any discretionary funds (pursuant to the Balanced Budget

and Emergency Deficit Control Act of 1985, as amended) which are appropriated for the Department of Education in this Act may be transferred between appropriations, but no such appropriation shall be increased by more than 3 percent by any such transfer: Provided, That the Appropriations Committees of both Houses of Congress are notified at least 15 days in advance of any transfer.

SEC. 305. For an additional amount to carry out subpart 1 of part A of title IV of the Higher Education Act of 1965 for the purpose of eliminating the estimated accumulated shortfall of budget authority for such subpart, \$4,300,000,000, pursuant to section 303 of H. Con. Res. 95 (109th Congress), the concurrent resolution on the budget for fiscal year 2006.

SEC. 306. Subpart 12 of part D of title V of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 7265 et seq.) is amended—

(1) in section 5522(b), by adding at the end the following:

“(4) To authorize and develop cultural and educational programs relating to the Mississippi Band of Choctaw Indians.”;

(2) in section 5523(a)—

(A) by redesignating paragraphs (6) through (8) as paragraphs (7) through (9), respectively; and

(B) by inserting after paragraph (5) the following:

“(6) The Mississippi Band of Choctaw Indians in Choctaw, Mississippi.”; and

(3) in section 5525, by adding at the end the following:

“(4) For cultural and educational programs, not less than \$2,000,000 to the Mississippi Band of Choctaw Indians in Choctaw, Mississippi.”.

This title may be cited as the “Department of Education Appropriations Act, 2006”.

FEDERAL PAYMENTS TO THE RAILROAD RETIREMENT ACCOUNTS

For payment to the accounts established in the Treasury for the payment of benefits under the Railroad Retirement Act for interest earned on unnegotiated checks, \$150,000, to remain available through September 30, 2007, which shall be the maximum amount available for payment pursuant to section 417 of Public Law 98-76.

LIMITATION ON ADMINISTRATION

For necessary expenses for the Railroad Retirement Board for administration of the Railroad Retirement Act and the Railroad Unemployment Insurance Act, \$102,543,000, to be derived in such amounts as determined by the Board from the railroad retirement accounts and from moneys credited to the railroad unemployment insurance administration fund.

LIMITATION ON THE OFFICE OF INSPECTOR GENERAL

For expenses necessary for the Office of Inspector General for audit, investigatory and review activities, as authorized by the Inspector General Act of 1978, as amended, not more than \$7,196,000, to be derived from the railroad retirement accounts and railroad unemployment insurance account: Provided, That none of the

funds made available in any other paragraph of this Act may be transferred to the Office; used to carry out any such transfer; used to provide any office space, equipment, office supplies, communications facilities or services, maintenance services, or administrative services for the Office; used to pay any salary, benefit, or award for any personnel of the Office; used to pay any other operating expense of the Office; or used to reimburse the Office for any service provided, or expense incurred, by the Office.

SOCIAL SECURITY ADMINISTRATION

PAYMENTS TO SOCIAL SECURITY TRUST FUNDS

For payment to the Federal Old-Age and Survivors Insurance and the Federal Disability Insurance trust funds, as provided under sections 201(m), 228(g), and 1131(b)(2) of the Social Security Act, \$20,470,000.

SUPPLEMENTAL SECURITY INCOME PROGRAM

For carrying out titles XI and XVI of the Social Security Act, section 401 of Public Law 92-603, section 212 of Public Law 93-66, as amended, and section 405 of Public Law 95-216, including payment to the Social Security trust funds for administrative expenses incurred pursuant to section 201(g)(1) of the Social Security Act, \$29,369,174,000, to remain available until expended: Provided, That any portion of the funds provided to a State in the current fiscal year and not obligated by the State during that year shall be returned to the Treasury.

For making, after June 15 of the current fiscal year, benefit payments to individuals under title XVI of the Social Security Act, for unanticipated costs incurred for the current fiscal year, such sums as may be necessary.

For making benefit payments under title XVI of the Social Security Act for the first quarter of fiscal year 2007, \$11,110,000,000, to remain available until expended.

LIMITATION ON ADMINISTRATIVE EXPENSES

For necessary expenses, including the hire of two passenger motor vehicles, and not to exceed \$15,000 for official reception and representation expenses, not more than \$9,079,400,000 may be expended, as authorized by section 201(g)(1) of the Social Security Act, from any one or all of the trust funds referred to therein: Provided, That not less than \$2,000,000 shall be for the Social Security Advisory Board: Provided further, That unobligated balances of funds provided under this paragraph at the end of fiscal year 2006 not needed for fiscal year 2006 shall remain available until expended to invest in the Social Security Administration information technology and telecommunications hardware and software infrastructure, including related equipment and non-payroll administrative expenses associated solely with this information technology and telecommunications infrastructure: Provided further, That reimbursement to the trust funds under this heading for expenditures for official time for employees of the Social Security Administration pursuant to section 7131 of title 5, United States Code, and for facilities or support services for labor organizations pursuant to policies, regulations, or procedures referred to in section 7135(b) of such title shall be made by the Secretary of the Treasury, with interest, from amounts in the general fund not otherwise appropriated, as soon as possible after such expenditures are made.

In addition, \$119,000,000 to be derived from administration fees in excess of \$5.00 per supplementary payment collected pursuant to section 1616(d) of the Social Security Act or section 212(b)(3) of Public Law 93-66, which shall remain available until expended. To the extent that the amounts collected pursuant to such section 1616(d) or 212(b)(3) in fiscal year 2006 exceed \$119,000,000, the amounts shall be available in fiscal year 2007 only to the extent provided in advance in appropriations Acts.

In addition, up to \$1,000,000 to be derived from fees collected pursuant to section 303(c) of the Social Security Protection Act (Public Law 108-203), which shall remain available until expended.

OFFICE OF INSPECTOR GENERAL

(INCLUDING TRANSFER OF FUNDS)

For expenses necessary for the Office of Inspector General in carrying out the provisions of the Inspector General Act of 1978, as amended, \$26,000,000, together with not to exceed \$66,400,000, to be transferred and expended as authorized by section 201(g)(1) of the Social Security Act from the Federal Old-Age and Survivors Insurance Trust Fund and the Federal Disability Insurance Trust Fund.

In addition, an amount not to exceed 3 percent of the total provided in this appropriation may be transferred from the "Limitation on Administrative Expenses", Social Security Administration, to be merged with this account, to be available for the time and purposes for which this account is available: Provided, That notice of such transfers shall be transmitted promptly to the Committees on Appropriations of the House and Senate.

TITLE V—GENERAL PROVISIONS

SEC. 501. The Secretaries of Labor, Health and Human Services, and Education are authorized to transfer unexpended balances of prior appropriations to accounts corresponding to current appropriations provided in this Act: Provided, That such transferred balances are used for the same purpose, and for the same periods of time, for which they were originally appropriated.

SEC. 502. No part of any appropriation contained in this Act shall remain available for obligation beyond the current fiscal year unless expressly so provided herein.

SEC. 503. (a) No part of any appropriation contained in this Act shall be used, other than for normal and recognized executive-legislative relationships, for publicity or propaganda purposes, for the preparation, distribution, or use of any kit, pamphlet, booklet, publication, radio, television, or video presentation designed to support or defeat legislation pending before the Congress or any State legislature, except in presentation to the Congress or any State legislature itself.

(b) No part of any appropriation contained in this Act shall be used to pay the salary or expenses of any grant or contract recipient, or agent acting for such recipient, related to any activity designed to influence legislation or appropriations pending before the Congress or any State legislature.

SEC. 504. The Secretaries of Labor and Education are authorized to make available not to exceed \$28,000 and \$20,000, respectively, from funds available for salaries and expenses under titles I and III, respectively, for official reception and representation expenses; the Director of the Federal Mediation and Conciliation Service is authorized to make available for official reception and representation expenses not to exceed \$5,000 from the funds available for "Salaries and expenses, Federal Mediation and Conciliation Service"; and the Chairman of the National Mediation Board is authorized to make available for official reception and representation expenses not to exceed \$5,000 from funds available for "Salaries and expenses, National Mediation Board".

SEC. 505. Notwithstanding any other provision of this Act, no funds appropriated in this Act shall be used to carry out any program of distributing sterile needles or syringes for the hypodermic injection of any illegal drug.

SEC. 506. When issuing statements, press releases, requests for proposals, bid solicitations and other documents describing projects or programs funded in whole or in part with Federal money, all grantees receiving Federal funds included in this Act, including but not limited to State and local governments and recipients of Federal research grants, shall clearly state—

(1) the percentage of the total costs of the program or project which will be financed with Federal money;

(2) the dollar amount of Federal funds for the project or program; and

(3) percentage and dollar amount of the total costs of the project or program that will be financed by non-governmental sources.

SEC. 507. (a) None of the funds appropriated in this Act, and none of the funds in any trust fund to which funds are appropriated in this Act, shall be expended for any abortion.

(b) None of the funds appropriated in this Act, and none of the funds in any trust fund to which funds are appropriated in this Act, shall be expended for health benefits coverage that includes coverage of abortion.

(c) The term "health benefits coverage" means the package of services covered by a managed care provider or organization pursuant to a contract or other arrangement.

SEC. 508. (a) The limitations established in the preceding section shall not apply to an abortion—

(1) if the pregnancy is the result of an act of rape or incest; or

(2) in the case where a woman suffers from a physical disorder, physical injury, or physical illness, including a life-endangering physical condition caused by or arising from the pregnancy itself, that would, as certified by a physician, place the woman in danger of death unless an abortion is performed.

(b) Nothing in the preceding section shall be construed as prohibiting the expenditure by a State, locality, entity, or private person of State, local, or private funds (other than a State's or locality's contribution of Medicaid matching funds).

(c) Nothing in the preceding section shall be construed as restricting the ability of any managed care provider from offering abortion coverage or the ability of a State or locality to contract separately with such a provider for such coverage with State funds (other than a State's or locality's contribution of Medicaid matching funds).

(d)(1) None of the funds made available in this Act may be made available to a Federal agency or program, or to a State or local government, if such agency, program, or government subjects any institutional or individual health care entity to discrimination on the basis that the health care entity does not provide, pay for, provide coverage of, or refer for abortions.

(2) In this subsection, the term "health care entity" includes an individual physician or other health care professional, a hospital, a provider-sponsored organization, a health maintenance organization, a health insurance plan, or any other kind of health care facility, organization, or plan.

SEC. 509. (a) None of the funds made available in this Act may be used for—

(1) the creation of a human embryo or embryos for research purposes; or

(2) research in which a human embryo or embryos are destroyed, discarded, or knowingly subjected to risk of injury or death greater than that allowed for research on fetuses in utero under 45 CFR 46.204(b) and section 498(b) of the Public Health Service Act (42 U.S.C. 289g(b)).

(b) For purposes of this section, the term "human embryo or embryos" includes any organism, not protected as a human subject under 45 CFR 46 as of the date of the enactment of this Act, that is derived by fertilization, parthenogenesis, cloning, or any other means from one or more human gametes or human diploid cells.

SEC. 510. (a) None of the funds made available in this Act may be used for any activity that promotes the legalization of any drug or other substance included in schedule I of the schedules of controlled substances established by section 202 of the Controlled Substances Act (21 U.S.C. 812).

(b) The limitation in subsection (a) shall not apply when there is significant medical evidence of a therapeutic advantage to the use of such drug or other substance or that federally sponsored clinical trials are being conducted to determine therapeutic advantage.

SEC. 511. None of the funds made available in this Act may be used to promulgate or adopt any final standard under section 1173(b) of the Social Security Act (42 U.S.C. 1320d-2(b)) providing for, or providing for the assignment of, a unique health identifier for an individual (except in an individual's capacity as an employer or a health care provider), until legislation is enacted specifically approving the standard.

SEC. 512. None of the funds made available in this Act may be obligated or expended to enter into or renew a contract with an entity if—

(1) such entity is otherwise a contractor with the United States and is subject to the requirement in section 4212(d) of title 38, United States Code, regarding submission of an annual report to the Secretary of Labor concerning employment of certain veterans; and

(2) such entity has not submitted a report as required by that section for the most recent year for which such requirement was applicable to such entity.

SEC. 513. None of the funds made available in this Act may be transferred to any department, agency, or instrumentality of the United States Government, except pursuant to a transfer made by, or transfer authority provided in, this Act or any other appropriation Act.

SEC. 514. None of the funds made available by this Act to carry out the Library Services and Technology Act may be made available to any library covered by paragraph (1) of section 224(f) of such Act (20 U.S.C. 9134(f)), as amended by the Children's Internet Protections Act, unless such library has made the certifications required by paragraph (4) of such section.

SEC. 515. None of the funds made available by this Act to carry out part D of title II of the Elementary and Secondary Education Act of 1965 may be made available to any elementary or secondary school covered by paragraph (1) of section 2441(a) of such Act (20 U.S.C. 6777(a)), as amended by the Children's Internet Protections Act and the No Child Left Behind Act, unless the local educational agency with responsibility for such covered school has made the certifications required by paragraph (2) of such section.

SEC. 516. None of the funds appropriated in this Act may be used to enter into an arrangement under section 7(b)(4) of the Railroad Retirement Act of 1974 (45 U.S.C. 231f(b)(4)) with a nongovernmental financial institution to serve as disbursing agent for benefits payable under the Railroad Retirement Act of 1974.

SEC. 517. (a) None of the funds provided under this Act, or provided under previous appropriations Acts to the agencies funded by this Act that remain available for obligation or expenditure in fiscal year 2006, or provided from any accounts in the Treasury of the United States derived by the collection of fees available to the agencies funded by this Act, shall be available for obligation or expenditure through a reprogramming of funds that—

- (1) creates new programs;
- (2) eliminates a program, project, or activity;
- (3) increases funds or personnel by any means for any project or activity for which funds have been denied or restricted;
- (4) relocates an office or employees;
- (5) reorganizes or renames offices;
- (6) reorganizes programs or activities; or
- (7) contracts out or privatizes any functions or activities presently performed by Federal employees;

unless the Appropriations Committees of both Houses of Congress are notified 15 days in advance of such reprogramming or of an announcement of intent relating to such reprogramming, whichever occurs earlier.

(b) None of the funds provided under this Act, or provided under previous appropriations Acts to the agencies funded by this Act that remain available for obligation or expenditure in fiscal year 2006, or provided from any accounts in the Treasury of the United States derived by the

collection of fees available to the agencies funded by this Act, shall be available for obligation or expenditure through a reprogramming of funds in excess of \$500,000 or 10 percent, whichever is less, that—

(1) augments existing programs, projects (including construction projects), or activities;

(2) reduces by 10 percent funding for any existing program, project, or activity, or numbers of personnel by 10 percent as approved by Congress; or

(3) results from any general savings from a reduction in personnel which would result in a change in existing programs, activities, or projects as approved by Congress;

unless the Appropriations Committees of both Houses of Congress are notified 15 days in advance of such reprogramming or of an announcement of intent relating to such reprogramming, whichever occurs earlier.

SEC. 518. (a) Section 316 of the Immigration and Nationality Act (8 U.S.C. 1427), is amended by adding at the end the following:

“(g)(1) The continuous residency requirement under subsection (a) may be reduced to 3 years for an applicant for naturalization if—

“(A) the applicant is the beneficiary of an approved petition for classification under section 204(a)(1)(E);

“(B) the applicant has been approved for adjustment of status under section 245(a); and

“(C) such reduction is necessary for the applicant to represent the United States at an international event.

“(2) The Secretary of Homeland Security shall adjudicate an application for naturalization under this section not later than 30 days after the submission of such application if the applicant—

“(A) requests such expedited adjudication in order to represent the United States at an international event; and

“(B) demonstrates that such expedited adjudication is related to such representation.

“(3) An applicant is ineligible for expedited adjudication under paragraph (2) if the Secretary of Homeland Security determines that such expedited adjudication poses a risk to national security. Such a determination by the Secretary shall not be subject to review.

“(4)(A) In addition to any other fee authorized by law, the Secretary of Homeland Security shall charge and collect a \$1,000 premium processing fee from each applicant described in this subsection to offset the additional costs incurred to expedite the processing of applications under this subsection.

“(B) The fee collected under subparagraph (A) shall be deposited as offsetting collections in the Immigration Examinations Fee Account.”.

(b) The amendment made by subsection (a) is repealed on January 1, 2006.

SEC. 519. (a) None of the funds made available in this Act may be used to request that a candidate for appointment to a Federal scientific advisory committee disclose the political affiliation or voting history of the candidate or the position that the candidate holds with respect to political issues not directly related to and necessary for the work of the committee involved.

(b) None of the funds made available in this Act may be used to disseminate scientific information that is deliberately false or misleading.

SEC. 520. None of the funds made available in this Act may be used to reimburse, or provide reimbursement for drugs approved to treat erectile dysfunction.

This Act may be cited as the “Departments of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act, 2006”.

And the Senate agree to the same.

JOINT EXPLANATORY STATEMENT OF THE COMMITTEE OF CONFERENCE

The managers on the part of the House and Senate at the conference on the disagreeing votes of the two Houses on the amendment of the Senate to the bill (H.R. 3010) making appropriations for the Departments of Labor, Health and Human Services, and Education, and Related Agencies for the fiscal year ending September 30, 2006, and for other purposes, submit the following joint statement of the House and Senate in explanation of the effect of the action agreed upon by the managers and recommended in the accompanying conference report.

In implementing this agreement, the Departments and agencies should be guided by the language and instructions set forth in House Report 109-143 and Senate Report 109-103 accompanying the bill, H.R. 3010.

In the cases where the language and instructions in either report specifically address the allocation of funds, each has been reviewed by the conferees and those that are jointly concurred in have been endorsed in this joint statement.

In the cases in which the House or the Senate reports request or direct the submission of a report, such report is to be submitted to both the House and Senate Committees on Appropriations.

The conferees note that section 517 sets forth the reprogramming requirements and limitations for the Departments and agencies funded through this Act, including the requirement to make a written request to the chairmen of the Committees 15 days prior to reprogramming, or to the announcement of intent to reprogram, funds in excess of 10 percent, or \$500,000, whichever is less, between programs, projects and activities.

Finally, the conferees request that statements on the effect of this appropriation Act on the Departments and agencies funded in this Act be submitted to the Committees within 45 days of enactment of this Act. The conferees expect that these statements will provide sufficient detail to show the allocation of funds among programs, projects and activities, particularly in accounts where the final appropriation is different than that of the budget request. Furthermore, the conferees request the statements to also include the effect of the appropriation on any new activities or major initiatives discussed in the budget justifications accompanying the fiscal year 2006 budget.

The Departments of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act, 2006, put in place by this bill, incorporates the following agreements of the managers:

TITLE I—DEPARTMENT OF LABOR EMPLOYMENT AND TRAINING ADMINISTRATION TRAINING AND EMPLOYMENT SERVICES (INCLUDING RESCISSIONS)

The conference agreement includes \$5,115,411,000 for training and employment

services, instead of \$5,121,792,000 as proposed by the House and \$5,250,806,000 as proposed by the Senate. Of the amount appropriated, \$2,463,000,000 is an advance appropriation for fiscal year 2007, as proposed by the House and the Senate.

The conference agreement includes bill language as proposed by the Senate requiring that the Secretary of Labor take no action to amend the definition established in 20 CFR 667.220 for functions and activities under title I of the Workforce Investment Act of 1998, or to modify the procedure for designation of local areas as specified in that Act until such time as legislation reauthorizing the Act is enacted. The House bill contained a similar provision.

For Adult Employment and Training Activities, the conference agreement includes \$865,736,000 as proposed by the House, instead of \$893,618,000 as proposed by the Senate.

For Youth Training, the conference agreement includes \$950,000,000 as proposed by the House instead of \$986,288,000 as proposed by the Senate.

The conference agreement includes \$1,476,064,000 for the Dislocated Worker program, as proposed by the Senate, instead of \$1,405,264,000 as proposed by the House. The conferees override the formula that provides that 80 percent of the funds provided will be used for State formula grants and 20 percent in a National Reserve Account. For program year 2006 the conferees provide \$1,193,264,000 for the State formula grants and \$282,800,000 for the National Reserve Account.

The conferees direct that the Department submit a quarterly report beginning in January, 2006 to the House and Senate Appropriations Committees on the status of H-1B and National Emergency Grant awards. This quarterly report shall be submitted to the House and Senate Committees on Appropriations no later than 15 days after the end of each quarter and shall summarize the following information: total available funds for the current program year, funding requests made, funding comments made, and amounts actually awarded for the quarter and for the current program year, total outstanding funding commitments from all program years, and total unpaid funding commitments from all program years. The report shall also include a list of each award (both new awards and modifications to existing awards) made during the quarter, including the grantee, funding commitment, amount released, and unpaid commitment for each award, and the number of workers to be trained.

The conferees direct that the Department submit a quarterly report beginning in January 2006 to the House and Senate Appropriations Committees on the status of awards made under the High-Growth Job Training Initiative. This quarterly report shall be submitted to the House and Senate Committees on Appropriations no later than 15 days after the end of each quarter and shall summarize by funding source (dislocated worker demonstration funds, community college initiative, H-1B fees, pilots and demonstrations, etc.) the total amount allocated to the High-Growth Job Training Initiative for the quarter and the program year. This report shall also include a list of all awards made during the quarter and for each award shall include the grantee, the amount of the award, the funding source of the award, whether the award was made competitively or by sole source and, if sole source, the justification, the purpose of the award, the number of workers to be trained, and other expected outcomes.

The conference agreement includes bill language as proposed by the Senate giving the Secretary of Labor authority to use dislocated worker national reserve funds to pro-

vide assistance to a State for statewide or local use in order to address cases where there have been worker dislocations across multiple sectors or across multiple local areas. The House bill contained no similar provision. The conferees urge the Secretary, when determining competitive awards under this authority, to give favorable consideration to the applications of assistance to States that have sustained worker dislocation in such a manner and can demonstrate the capacity to respond effectively in a coordinated fashion across multiple sectors or local areas.

The conference agreement includes \$1,573,000,000 for Job Corps, instead of \$1,542,019,000 as proposed by the House and \$1,582,000,000 as proposed by the Senate. Within the total, \$1,465,000,000 is provided for continuing operations of the program and \$108,000,000 is for renovation and construction of Job Corps centers. The conference agreement includes \$8,000,000 for second year funding of Job Corps expansion. This is in addition to \$10,000,000 previously appropriated. In the selection process to award these and the previously appropriated funds for incremental expansion of Job Corps, the Department is directed to follow guidance provided in Senate Report 109-103 and in the report accompanying Public Law 108-199 regarding the priority for States that currently do not have a center and for a new site that can be quickly launched as a satellite (residential or non-residential) of a Job Corps center that is serving an entire State or region, and then later be converted to a stand-alone facility.

The conferees strongly urge the Director of Job Corps to extend the work of the Appalachian Council for career transition support services, and implement through the NJCA Foundation for Youth Opportunities, foundation initiated and nationally coordinated programs and services that raise public awareness and support for at-risk youth. The conferees expect the Director of Job Corps to implement these awards by no later than January 31, 2006, or as soon thereafter that the new independent Office of Job Corps is established.

For Migrant and Seasonal Farmworkers, the conference agreement includes a total of \$80,557,000 as proposed by the Senate, instead of \$75,795,000 as proposed by the House. Within the total, \$75,053,000 is for State service area grants. This includes \$5,000,000 for housing grants and \$3,840,000 to fund grantees in States impacted by formula reductions below the amount they were allotted in program year 2004. The agreement also includes bill language not contained in House or Senate bills which prohibits the Department from restricting the provision of "related assistance" services by grantees. Such services are often critical to the stabilization and availability of the farm labor workforce.

The conference agreement provides \$2,000,000 for other National Activities as proposed by the House, instead of \$3,458,000 as proposed by the Senate. Of this amount, \$982,000 is for carrying out Public Law 102-530, the Women in Apprenticeship and Non-Traditional Occupations Act of 1992, and \$504,000 is to be used for training, technical assistance and related activities, including migrant rest center activities, authorized under section 167 of the Workforce Investment Act of 1998.

For Pilots, Demonstrations and Research, the conference agreement includes \$30,000,000, instead of \$74,000,000 as proposed by the House and \$90,367,000 as proposed by the Senate.

The conferees encourage the Department of Labor to establish a pilot grant program under 171(b) of the Workforce Investment Act of 1998 to award competitive placement

and retention grants to qualified nonprofit organizations that offer low income individuals' intensive assessment, education and training, placement, and retention services, including job coaching. The employment should provide the low income individuals with an annual salary at least twice the poverty line applicable to the individual. After placement, such organizations shall be eligible for retention grants once low income individuals remain with the same employer for a period of one year, taking into account the benefits received by the federal government and the community from the individuals' employment.

The conference agreement includes \$49,600,000 for Responsible Reintegration of Youthful Offenders, instead of \$50,000,000 as proposed by the Senate. The House did not recommend funds for this activity.

The conference agreement includes \$125,000,000 to carry out the Community College/Community-Based Job Training Grant initiative. The conference agreement includes bill language as proposed by the Senate which provides that this amount is to be allocated from National Emergency Grant funds available under section 132(a)(2)(A) of the Workforce Investment Act of 1998, overriding the limitation otherwise imposed under section 171(d). The House bill contained no similar provision. The conferees expect the Secretary to initially use resources from the National Emergency Grants account for these awards that are designated for non-emergencies under sections 171(d) and 170(b) of the Workforce Investment Act of 1998. Community-Based Job Training Grant awards will also be subject to the limitations of sections 171(c)(4)(A) through 171(c)(4)(C) of the Workforce Investment Act of 1998 to ensure that these grants are awarded competitively. The conferees direct that future solicitations for grant applications for the Community-Based Job Training initiative include One Stop Career Centers as eligible applicants. The conference agreement rescinds \$125,000,000 in funds provided in fiscal year 2005 for this program, as proposed by the House; the Senate bill contained no similar provision.

For the Denali Commission, the conference agreement provides \$6,944,000 as proposed by the Senate for job training services. The House recommendation did not include funds for this activity.

STATE UNEMPLOYMENT INSURANCE AND EMPLOYMENT SERVICE OPERATIONS

The conference agreement includes \$3,392,078,000 for State Unemployment Insurance and Employment Service Operations, instead of \$3,470,366,000 as proposed by the House and \$3,361,779,000 as proposed by the Senate. For unemployment insurance services, the bill provides \$2,533,000,000 instead of \$2,632,915,000 as proposed by the House and \$2,485,000,000 as proposed by the Senate. The conference agreement includes \$2,523,000,000 for UI State Operations instead of \$2,622,499,000 as proposed by the House and \$2,475,000,000 as proposed by the Senate. The agreement includes a contingency reserve amount should the unemployment workload exceed an average weekly insured claims volume of 2,800,000 instead of 2,984,000 as proposed by the House. The conference agreement does not include language, similar in both House and Senate bills, providing \$40,000,000 for new unemployment insurance administrative activities.

For the Employment Service grants to States, the agreement includes \$723,114,000 instead of \$696,000,000 as proposed by the House and \$746,302,000 as proposed by the Senate. This includes \$23,114,000 in general funds as proposed by the Senate instead of \$23,300,000 as proposed by the House and

\$700,000,000 from the "Employment Security Administration" account of the unemployment trust fund instead of \$672,700,000 as proposed by the House and \$723,188,000 as proposed by the Senate. The conference agreement does not include funding to continue Reemployment Services Grants.

The conference agreement includes \$17,856,000 for the work opportunity tax credit program as proposed by the Senate. The House report contained no similar provision.

PROGRAM ADMINISTRATION

The conference agreement includes \$200,000,000 for Program Administration as proposed by the Senate, instead of \$206,111,000 as proposed by the House. The detailed table at the end of this joint statement reflects the activity distribution agreed to by the conferees.

The conference agreement deletes language proposed by the House specifying that not to exceed \$3,000,000 shall be available for contracts that are not competitively bid. The Senate bill contained no similar provision.

EMPLOYEE BENEFITS SECURITY ADMINISTRATION

SALARIES AND EXPENSES

The conference agreement includes \$134,900,000 as proposed by the Senate, instead of \$137,000,000 as proposed by the House. The detailed table at the end of this joint statement reflects the activity distribution agreed to by the conferees.

EMPLOYMENT STANDARDS ADMINISTRATION

SALARIES AND EXPENSES

The conference agreement includes \$415,216,000 for the Employment Standards Administration, salaries and expenses, instead of \$416,332,000 as proposed by the House and \$412,616,000 as proposed by the Senate. Within the amount for Program Direction and Support the conference agreement includes \$2,000,000 as proposed by the Senate to make available personnel and other resources to facilitate the expeditious startup of a system to resolve the claims of injury caused by asbestos exposure. The detailed table at the end of this joint statement reflects the activity distribution agreed to by the conferees.

The conference agreement deletes language proposed by the Senate authorizing the Secretary of Labor to accept, retain, and spend all sums of money ordered to be paid in accordance with the Consent Judgment in the case with the Northern Mariana Islands. This provision, carried in the bill in prior years, is no longer necessary. The House bill contained no similar provision.

The conferees note that the Employment Standards Administration's most recent regulatory plan indicates that the Employment Standards Administration plans to issue in December 2005 a notice of proposed rule-making on the Family and Medical Leave Act (FMLA). The conferees urge that the Employment Standards Administration consider providing ample time (more than the 60 days indicated in the regulatory plan) for careful consideration of any proposed changes to the FMLA regulations.

SPECIAL BENEFITS

(INCLUDING TRANSFER OF FUNDS)

Within the total transferred to this account from fair share entities to pay the cost of administration of the Federal Employees' Compensation Act, the conference agreement provides that \$27,148,000 shall be made available for automated workload processing operations, including document imaging, centralized mail intake and medical bill processing, as proposed by the Senate, instead of \$18,454,000 as proposed by the House.

ADMINISTRATIVE EXPENSES, ENERGY EMPLOYEES OCCUPATIONAL ILLNESS COMPENSATION FUND (INCLUDING TRANSFER OF FUNDS)

Within the total, the conference agreement includes a proviso transferring \$4,500,000 to the National Institute for Occupational Safety and Health for use by the Advisory Board on Radiation and Worker Health, as proposed by the Senate. The House bill contained no similar provision.

OCCUPATIONAL SAFETY AND HEALTH ADMINISTRATION

SALARIES AND EXPENSES

The conference agreement includes \$477,199,000 for the Occupational Safety and Health Administration as proposed by the House instead of \$477,491,000 as proposed by the Senate. The detailed table at the end of this joint statement reflects the activity distribution agreed to by the conferees.

The conference agreement includes a limitation regarding OSHA's enforcement of the Respiratory Standard as it applies to tuberculosis, as proposed by the House. The Senate bill contained no similar provision.

MINE SAFETY AND HEALTH ADMINISTRATION

SALARIES AND EXPENSES

The conference agreement includes a provision that authorizes the Secretary to recognize the Joseph A. Holmes Safety Association as a principal safety association and to provide funds and personnel to the organization, as proposed by the House. The Senate bill contained no similar provision.

BUREAU OF LABOR STATISTICS

SALARIES AND EXPENSES

The conference agreement includes a provision maintaining the women worker series from the Current Employment Survey as proposed by the Senate. The House bill contained no similar provision.

OFFICE OF DISABILITY EMPLOYMENT POLICY

SALARIES AND EXPENSES

The conference agreement includes \$27,934,000 for the Office of Disability Employment Policy as proposed by the House, instead of \$47,164,000 as proposed by the Senate.

Within the total, the conferees have included \$5,000,000 for a national initiative focusing on self-employment as an option for persons with disabilities, to be allocated according to the conditions in Senate Report 109-103. In addition, the conferees concur with the Senate in directing that the existing, structured "Public Service Internship Program for Students with Disabilities" be continued through fiscal year 2006 at no less than current appropriations levels. The House recommendation contained no similar provisions.

DEPARTMENTAL MANAGEMENT

SALARIES AND EXPENSES

The conference agreement includes \$300,586,000 for Departmental Management, salaries and expenses, instead of \$239,783,000 as proposed by the House and \$320,561,000 as proposed by the Senate. The detailed table at the end of this joint statement reflects the activity distribution agreed to by the conferees.

The conference agreement includes \$73,248,000 for the Bureau of International Labor Affairs (ILAB), instead of \$12,419,000 as proposed by the House and \$93,248,000 as proposed by the Senate. Of this amount, the conferees' recommendation includes \$38,000,000 for the U.S. contribution to the ILO's International Program for the Elimination of Child Labor [IPEC] and \$23,000,000 for bilateral assistance to improve access to basic education in international areas with a

high rate of abusive and exploitative child labor. The conferees concur with the Senate directive that \$4,500,000 of the basic education funds be distributed in a 3-year grant to a human rights center at a major university with expertise in African studies, child labor and business ethics to provide critical oversight of both the public and private investment. The conferees expect that any grant or contract to provide this oversight will include annual reporting requirements to both the Congress and the Department by the end of each federal fiscal year. That report should cite progress made on key points of the protocol including: development of a child labor monitoring system by industry, the elimination of the worst forms of child labor in the supply chain, and the development of an industry-wide, public, transparent certification system covering at least 50 percent of the growing area in the Ivory Coast and Ghana.

For other ILAB programs, including 125 FTE for Federal Administration, the conferees have included \$12,248,000. Within this amount, the conferees have included sufficient funding for the compilation of the statutorily required report tracking the progress of countries that are designated as beneficiaries under the U.S. Generalized System of Preferences [GSP] or former GSP recipients who achieved a free trade agreement over the preceding two years. The conferees concur with a Senate mandate that the 2006 report shall be transmitted to the Congress no later than September 1, 2006.

The conference agreement does not include provisos in the Senate bill intended to ensure that decisions on appeals of Longshore and Harbor Worker's Compensation Act claims are reached in a timely manner. The House bill did not include similar provisions. Carried in previous years, the provisos are no longer considered necessary to avoid delays.

The conferees do not retain language in the House report regarding employee benefit products covered by the Employee Retirement Income Security Act.

VETERANS EMPLOYMENT AND TRAINING

The conference agreement includes \$224,334,000 for Veterans Employment and Training as proposed by the Senate, instead of \$229,334,000 as proposed by the House. The detailed table at the end of this joint statement reflects the activity distribution agreed to by the conferees.

The conferees are pleased by the number of programs being undertaken by a variety of federal agencies, including the Centers for Medicare and Medicaid Services and the Internal Revenue Service, to employ persons with disabilities in telework occupations. With a significant number of veterans coming home with physical impairments, the conferees urge the department to pursue interagency efforts to help disabled veterans achieve employment in the federal government through telework and other innovative programs.

OFFICE OF INSPECTOR GENERAL

The conference agreement includes \$71,819,000 for the Office of Inspector General, instead of \$70,819,000 as proposed by the House and \$72,819,000 as proposed by the Senate.

GENERAL PROVISIONS

JOB CORPS

The conference agreement includes language that prohibits the use of funds for the Job Corps to pay the salary of any individual, either as direct costs or any pro-rata as an indirect cost, at a rate in excess of Executive Level I, instead of Executive Level II as proposed by the House. The Senate bill did not contain a similar provision.

The conference agreement includes language not contained in House or Senate bills

directing the Secretary to establish and maintain an Office of Job Corps within the Office of the Secretary of Labor. The Secretary is directed to transfer current Job Corps functions and staff from the Employment and Training Administration to the Job Corps office established in the Office of the Secretary. To ensure continuity, the Secretary is further directed to staff the new agency with the staff in place as of October 1, 2005 and at a level of FTE approved as of October 31, 2005.

ONE PERCENT TRANSFER AUTHORITY

The conference agreement includes a provision as proposed by the Senate limiting the authority to transfer or reprogram funds between a program, project or activity and requiring a 15 day notification of any reprogramming request or announcement of such transfer or reprogramming request. The House bill contained a similar provision.

DENALI COMMISSION

The conference agreement includes a provision as proposed by the Senate that authorizes to be appropriated such sums as may be necessary to the Denali Commission to conduct job training where Denali Commission projects will be constructed. The House bill contained no similar provision.

CONGRESSIONAL JUSTIFICATIONS

The conference agreement includes bill language proposed by the Senate requiring the Department of Labor to submit its fiscal year 2007 congressional budget justifications in the format and level of detail used by the Department of Education in its fiscal year 2006 congressional budget justifications. The House bill contained no similar provision.

NEW YORK RESCISSION

The conference agreement does not include language as proposed by the Senate making \$125,000,000 available to the New York State Uninsured Employers Fund and to the Centers for Disease Control and Prevention for purposes related to the September 11, 2001 terrorist attacks. The House bill contained no similar provision.

OPERATING PLAN

The conferees note that the Department failed to submit a fiscal year 2005 operating plan for pilots, demonstrations and research activities as requested last year in House Report 108-792. This plan is nearly six months late. Accordingly, the conferees have included bill language directing the Department to provide not later than July 1, 2006 an operating plan that outlines the planned allocation by major project and activity of fiscal year 2006 funds for pilot, demonstration, multi-service, research and multi-state projects. The conferees direct that the Department submit a quarterly report beginning in January 2006 to the House and Senate Appropriations Committees on the status of awards made for pilot, demonstration, multi-service, research, and multi-state projects under section 171 of the Workforce Investment Act. This quarterly report shall be submitted to the House and Senate Committees on Appropriations no later than 45 days after the end of each quarter and shall include the following information: a list of all awards made during the quarter and for each award shall include the grantee or contractor, the amount of the award, the funding source for the award, whether the award was made competitively or by sole source and, if sole source, the justification, the purpose of the award, and expected outcomes.

TITLE II—DEPARTMENT OF HEALTH AND HUMAN SERVICES

HEALTH RESOURCES AND SERVICES ADMINISTRATION

HEALTH RESOURCES AND SERVICES

The conference agreement includes \$6,564,661,000 for health resources and serv-

ices, of which \$6,539,661,000 is provided as budget authority and \$25,000,000 is made available from the Public Health Service policy evaluation set-aside, instead of \$6,468,437,000 as proposed by the House and \$7,396,534,000 as proposed by the Senate. Funds for the individual HRSA programs are displayed in the table at the end of the statement of the managers. Funding levels that were in disagreement but not displayed on the table are discussed in this statement.

The conference agreement includes a technical bill language change to eliminate an unnecessary citation of the Poison Control Center Act which was included in both bills.

The conference agreement includes a citation for section 712 of the American Jobs Creation Act of 2004 for authority for the sickle cell demonstration program. The House bill did not include a similar citation.

The conference agreement does not include bill language proposed by the Senate providing \$393,051,000 for construction and renovation of health care and other facilities and other health-related activities. The House bill included no similar language.

The conference agreement includes bill language identifying \$64,180,000 for the rural hospital flexibility grants program, as provided by the Senate. The House bill provided \$39,180,000. Within the total provided, the conferees have included bill language similar to that contained in the Senate bill creating the authority and identifying \$25,000,000 for a Delta health initiative rural health, education, and workforce infrastructure program. The House bill had no similar provision. The conferees urge HRSA to implement this program by a competitive grant to a non-Federal, not-for-profit alliance of no less than four academic institutions who have a history of collaboration, along with their State Medical Association and State Hospital Association, for the purpose of addressing longstanding, unmet health needs in the Mississippi Delta, including health education, access and research, and job training. Alliance partners should include an academic health center, at least two regional universities, a school of nursing, and a relationship with a strong economic development entity. The alliance should experience working with Federally qualified health centers and local health departments. The alliance should have experience in diabetes education and management, promoting healthy communities, health education and wellness.

The conferees have not included either bill language proposed by the Senate identifying \$20,000,000 for base grant adjustments for existing community health centers or a similar directive included in the House report.

The conference agreement includes bill language identifying \$40,000 for malpractice insurance for volunteer physicians who practice at free clinics, including administrative expenses, instead of \$99,000 as proposed by the Senate. The House did not provide funding for this program. The conferees understand that claims against the Federal malpractice insurance are not likely to appear until at least fiscal year 2007, but want to signal the intent to continue the program.

The conference agreement does not include bill language identifying funding for community health centers in high-need counties. The Senate bill identified \$13,000,000 for this purpose; the House bill identified \$26,000,000.

The conferees direct that the increase in funding provided for community health centers be allocated for the center applications that have already been approved and announced in April 2005. The House and Senate reports had similar references to pre-approved awards.

The conference agreement includes bill language contained in the Senate bill permitting funding appropriated for the com-

munity health centers Federal malpractice claims program to be used for administrative expenses. The House bill included no similar provision.

The conference agreement includes bill language providing \$4,000,000 to remain available until expended for the National Cord Blood Stem Cell Bank Program. The Senate bill provided \$9,859,000. The House did not provide funding for this program.

The conference agreement includes bill language designating \$117,108,000 out of the funds provided for the maternal and child health block grant to be for special projects of regional and national significance (SPRANS). The Senate bill provided \$121,396,250 for this purpose; the House provided \$116,124,000. It is intended that \$3,880,000 of the SPRANS amount will be used to continue the sickle cell newborn screening program and its locally based outreach and counseling efforts. The House and Senate both proposed \$4,000,000 for this program. In addition, \$4,850,000 of the SPRANS amount will be used to continue the oral health demonstration programs and activities in the States. The House and Senate both proposed \$5,000,000 for this program. The conference agreement also includes within the SPRANS set-aside \$1,552,000 to continue mental health programs and activities in the States, \$2,910,000 to continue the epilepsy demonstration, and \$1,940,000 to continue newborn and child screening for heritable disorders. The conferees provide \$1,000,000 for a fetal alcohol syndrome demonstration program as described in the Senate report. The House and Senate had both proposed \$3,000,000 for the epilepsy demonstration. The House had proposed \$3,000,000 for the heritable disorders screening program; the Senate had proposed \$2,000,000. The Senate proposed \$3,000,000 for the mental health programs, while the House had not proposed funding for this program. The Senate proposed \$1,000,000 for the fetal alcohol syndrome demonstration, while the House had not proposed funding for this program.

The conference agreement includes bill language as proposed by the Senate providing \$39,680,000 to the Denali Commission as a direct lump payment pursuant to P.L. 106-113. The House did not include funding for the Commission. The conferees concur with the Senate report language regarding the allocation of Denali funds to a mix of facilities.

The conference agreement provides \$14,100,000 for Native Hawaiian health care activities within the consolidated health centers program as proposed by the Senate. The House did not identify specific funding for Native Hawaiian activities.

The conference agreement provides \$4,000,000 for allied health training programs, of which \$2,000,000 is allocated to the chiropractic-medical school demonstration grant and \$2,000,000 is designated for the geropsychology training program. The Senate provided \$11,753,000 for allied health programs. The House did not provide funding.

The conferees concur in the Senate report language identifying \$3,000,000 within traumatic brain injury funding for protection and advocacy services. The House report did not have similar language.

The conferees concur with the Senate report language regarding the recompetition of Healthy Start programs.

Within funds provided to the Office of the Advancement of Telehealth, \$3,000,000 has been included to carry out programs and activities under the Health Care Safety Net Amendments of 2002 (Public Law 107-251). Of that amount, the conferees intend that \$1,500,000 be used to fund telehealth resource centers that provide assistance with respect

to technical, legal, regulatory service delivery or other related barriers to the development of telehealth technologies. The conferees intend that HRSA place a high priority on the needs of rural States with populations of less than 1,500,000 individuals in the award and geographical placement of the telehealth resource grants. The conferees intend that \$750,000 will be used for network grants and demonstration or pilot projects for telehomecare and that \$750,000 will be used for grants to carry out the licensure provisions in Section 102 of Public Law 107-251.

The conferees agree that family planning funds should be distributed to regional offices in the same manner and time frame as in fiscal year 2005. In addition, conferees intend that the same percentage of appropriated family planning funds be used for clinical services as in fiscal year 2005.

Within the funds provided for bioterrorism grants to States, the conference agreement includes \$475,000,000 for State grants, \$21,000,000 for education incentives for medical school curriculum, and \$4,000,000 to continue the credentialing emergency system for advance registration of volunteer health professionals. The conferees do not provide funding for a medical surge capacity demonstration as requested by the Administration. The House provided \$464,479,000 for State grants; \$8,000,000 for credentialing; \$27,521,000 for training; and no funding for a surge capacity demonstration. The Senate provided \$458,000,000 for State grants, indicating that credentialing, deployable mass casualty units and increases to the medical reserve corps could be supported within that total; \$27,500,000 for training; and \$25,000,000 for a national surge capacity demonstration.

The conference agreement includes \$145,992,000 for program management instead of \$143,992,000 as provided by the Senate and \$143,072,000 as provided by the House. The conference agreement includes \$2,000,000 within this activity for dental workforce programs authorized in section 340G of the Public Health Service Act. The Senate provided \$5,000,000 for this activity; the House did not propose funding for the program.

VACCINE INJURY COMPENSATION PROGRAM TRUST FUND

The conference agreement provides \$3,600,000 for administration for the Trust Fund as proposed by the Senate instead of \$3,500,000 as proposed by the House.

CENTERS FOR DISEASE CONTROL AND PREVENTION

DISEASE CONTROL, RESEARCH, AND TRAINING

The conference agreement includes \$5,884,994,000 for disease control, research, and training at the Centers for Disease Control and Prevention (CDC), instead of \$5,945,991,000 as proposed by the House and \$6,064,115,000 as proposed by the Senate. In addition, \$265,100,000 is made available under section 241 of the Public Health Service Act. The House bill proposed that \$159,595,000 and the Senate bill proposed that \$265,100,000 be derived from section 241 authority.

The conference agreement includes bill language earmarking \$160,000,000 for equipment, construction, and renovation of facilities, including the new data center and recovery site to ensure availability of critical systems and data supporting CDC's homeland security and public health emergency responsibilities, instead of \$30,000,000 as proposed by the House and \$225,000,000 as proposed by the Senate. Within this total, \$136,000,000 is for continuation of CDC's program to upgrade and replace facilities in Atlanta and \$24,000,000 is to continue construction and purchase equipment for the replacement of CDC's infectious disease laboratory in Fort Collins, Colorado.

The conference agreement includes bill language providing that within the amount available, \$530,000,000 shall remain available until expended for the Strategic National Stockpile, the same as proposed by the House. The Senate bill included \$542,000,000 for this purpose.

The conference agreement includes bill language to earmark \$123,883,000 for international HIV/AIDS, the same as proposed by both the House and the Senate.

The conference agreement includes bill language as proposed by the Senate, and similar to language proposed by the House, designating that the following amounts shall be available under section 241 (Public Health Service Act evaluation set-aside) for the specified activities:

\$12,794,000—National Immunization Surveys;

\$109,021,000—National Center for Health Statistics Surveys;

\$24,751,000—Information systems standards development and architecture and applications-based research used at local public health levels;

\$463,000—Health Marketing evaluations;

\$31,000,000—Public Health Research; and

\$87,071,000—Research Tools and Approaches within the National Occupational Research Agenda.

The conference agreement includes bill language providing that up to \$31,800,000 is available until expended for individual learning accounts, as proposed by the Senate. The House bill had included \$30,000,000 for the same purpose.

The conference agreement includes bill language carried in prior years to allow the CDC to enter into a single contract or related contracts for the full scope of development and construction of facilities as proposed by both the House and the Senate. The agreement does not include language proposed by the Senate to allow funds appropriated to the CDC to be used to enter into a long-term ground lease for construction on non-Federal land. The conferees understand that this language is no longer necessary for the completion of the laboratory in the Fort Collins, Colorado area.

Given the full-scope contract authority, the conferees understand that sufficient funds are available from within amounts provided for buildings and facilities for unabated progress on the B&F Master Plan and to support the new data center recovery site, including the center's operations and maintenance services.

The conference agreement includes bill language providing that employees of the CDC or the Public Health Service, detailed to States, municipalities, or other organizations under authority of section 214 of the Public Health Service Act shall be treated as non-Federal employees for reporting purposes only and shall not be included within any personnel ceiling applicable to the Agency. The House bill included similar language but limited to employees detailed for purposes related to homeland security.

INFECTIOUS DISEASES

The conference agreement includes \$1,697,397,000 for Infectious Diseases, instead of \$1,704,529,000 as proposed by the House and \$1,696,567,000 as proposed by the Senate. In addition, \$12,794,000 is available to carry out National Immunization Surveys to be derived from section 241 evaluation set-aside funds.

The conferees note that unless otherwise specified, the sub-budget activity amounts provided are at the levels recommended in the budget request.

INFECTIOUS DISEASE CONTROL

Within the total for Infectious Diseases, the conference agreement includes

\$229,059,000 for infectious disease control activities instead of \$229,471,000 as proposed by the House and \$229,010,000 as proposed by the Senate.

Within the total, \$102,650,000 is for areas of highest scientific and programmatic priority for preparing and responding to present and emerging infectious disease threats.

Within the total provided, \$5,500,000 is to expand and improve surveillance, research, and prevention activities on prion disease, including the work of the National Prion Disease Pathology Surveillance Center.

HIV/AIDS, STD and TB Prevention

Within the total for Infectious Diseases the conference agreement includes \$956,138,000 for HIV/AIDS, STD and TB prevention, the same as proposed by the House and \$713,000 below the amount proposed by the Senate.

Included is \$657,694,000 for domestic HIV/AIDS activities; \$159,633,000 for STD activities; and \$138,811,000 for TB activities.

Within the total for HIV/AIDS, the conferees intend that the activities that are targeted to address the growing HIV/AIDS epidemic and its disparate impact on communities of color, including African Americans, Latinos, Native Americans, Asian Americans, Native Hawaiians, and Pacific Islanders be supported at not less than the fiscal year 2005 level, as proposed by the House. The conferees intend that CDC follow the report accompanying the Labor, HHS and Education and Related Agencies Appropriations Act, 2002 regarding the disbursement of these funds, including continuing support for the Directly Funded Minority Community-Based Organization Program.

Immunization

Within the total for Infectious Diseases, the conference agreement includes a discretionary program level of \$524,994,000 for immunization, instead of \$526,500,000 as proposed by the House and \$523,500,000 as proposed by the Senate. Of the amount provided, \$12,794,000 is for national immunization surveys to be derived from section 241 evaluation set-aside funds, the same as proposed by both the House and Senate.

The conferees note, that subsequent to House action, \$5,214,000 was reallocated to Global Immunization activities within Global Health to more accurately reflect immunization program levels prior to CDC's recent reorganization.

In addition, the Vaccines for Children (VFC) program funded through the Medicaid program includes \$1,502,333,000 in vaccine purchases and distribution support for fiscal year 2006, yielding a total domestic immunization program level of \$2,027,327,000.

Included in the amount provided is \$461,478,000 for immunization assistance to states and localities under the section 317 immunization program, \$4,960,000 for vaccine tracking, and \$58,556,000 for prevention activities. The conferees intend that the \$1,494,000 provided above the request for prevention activities support expanded vaccine safety research as outlined in the House Report.

HEALTH PROMOTION

The conference agreement includes \$971,157,000 for Health Promotion, instead of \$983,647,000 as proposed by the House and \$974,080,000 as proposed by the Senate.

The conferees note that unless otherwise specified, the sub-budget activity amounts provided for Health Promotion are at the levels recommended in the budget request.

The conference agreement does not include \$2,421,000 for a new program to award grants to organizations in the area of chronic disease prevention and birth defects and developmental disabilities as proposed by the Senate.

Chronic Disease Prevention, Health Promotion, and Genomics

Within the amount for Health Promotion, the conference agreement includes \$845,135,000 for chronic disease prevention and health promotion instead of \$856,468,000 as proposed by the House and \$845,845,000 as proposed by the Senate.

The conference agreement includes the following amounts:

Budget activity	(\$ in 000s)
Heart Disease and Stroke	44,918
Diabetes	63,757
Cancer Prevention and Control	311,023
Arthritis and Other Chronic Diseases	22,693
Tobacco	105,858
Nutrition, Physical Activity, and Obesity	41,939
Health Promotion	27,721
School Health	56,760
Safe Motherhood/Infant Health	44,740
Oral Health	11,800
Prevention Centers	30,000
Steps to a Healthier U.S.	44,300
Racial and Ethnic Approach to Community Health (REACH)	34,605
Genomics	5,022

Within the amount provided for Cancer Prevention and Control the conference agreement includes \$17,113,000 for comprehensive cancer activities, including \$100,000 for a national education campaign concerning gynecologic cancer. The conferees urge that the CDC coordinate this effort both with the Office of Women's Health, within the Office of the Secretary, and qualified non-profit private sector organizations.

The conferees also reiterate their support for the CDC's partnership with the Lance Armstrong Foundation and have provided sufficient funds to continue support of the National Cancer Survivorship Resource Center at not less than the fiscal year 2005 level.

Within the amount provided for Arthritis and Other Chronic Diseases, \$7,762,000 is available for epilepsy activities.

The conferees concur that the increase provided for tobacco activities is for an enhanced counter-marketing program to reduce underage tobacco use, as proposed by the Senate. The conferees expect that this effort will be carried out by a private sector organization that will match federal dollars at least equally and has demonstrated effectiveness in this area.

The conferees understand that the Centers for Disease Control and Prevention (CDC) is now the lead federal agency for the National 5 A Day Program and that funding will be transferred for fiscal year 2006 from the previous lead federal agency, the National Cancer Institute, to CDC.

The conferees urge CDC to set up a 5 A Day Program with a distinct program identity within its Division of Nutrition and Physical Activity, and that this program receive the necessary resources, both fiscal and designated full time equivalents (FTEs), to ensure that the CDC provides national leadership, strong technical assistance and training to State 5 A Day programs, effective communications, and other activities to encourage Americans to eat more fruits and vegetables and move closer to meeting the recommendations of the 2005 Dietary Guidelines for Americans.

The conferees encourage CDC to collaborate with the West Virginia Department of Health and Human Resources to develop a model obesity prevention program that could be replicated nationwide.

The conferees provide the following amounts from within funds provided for Community Health Promotion:

Budget activity	(\$ in 000s)
Mind-Body Institute	1,800
Glaucoma	3,500
Visual Screening Education	2,500
Alzheimer's Disease	1,650
Inflammatory Bowel Disease	700

Budget activity	(\$ in 000s)
Interstitial Cystitis	690
Pioneering Healthier Communities (YMCA)	1,450
Kidney Disease	1,800

The conferees concur with language in the Senate report providing that \$50,000 from within Oral Health be used to develop an instructional video for school age children on the harmful effects of excessive consumption of soft drinks.

Within the funds for Genomics, \$2,546,000 is provided to support and expand activities related to Primary Immune Deficiency Syndrome implemented in the same manner as in fiscal year 2005 and as outlined in the Senate report.

Birth defects

Within the amount available for Health Promotion, the conference agreement includes \$126,022,000 for birth defects, developmental disabilities, disability and health instead of \$127,179,000 as proposed by the House and \$125,815,000 as proposed by the Senate.

Within the total, the following amounts are provided for the specified activities:

Budget activity	(\$ in 000s)
Folic Acid	2,300
Tourette Syndrome	1,800
Early Hearing Detection and Intervention	6,600
Muscular Dystrophy	6,500
Special Olympics Healthy Athletes	5,700
Paralysis Resource Center (Christopher Reeve)	6,000
Spina Bifida	5,100
Autism	15,300

The conferees strongly support the activities of both the National Folic Acid Education and Prevention Program and National Spina Bifida Program and believe the activities are complementary. The National Folic Acid Education Program's goal is primary prevention through the promotion of the consumption of folic acid to prevent Spina Bifida and other neural tube defects. The National Spina Bifida Program works to improve the quality of life for individuals affected by Spina Bifida and reduce and prevent the occurrence of, and suffering from this birth defect. The conferees have provided \$7,400,000 for these activities. In order to achieve budget transparency, prevent any overlap of effort, ensure the continued proper balance between primary prevention and quality of life activities, and to maximize the effectiveness of these funds, the conferees request that CDC develop a comprehensive strategic plan whose goal is to establish a unified program to be housed in the Human Development and Disability Division and to be prepared to report on the feasibility of such a unified program during fiscal year 2007 budget hearings.

Within the amount for activities related to Duchenne and Becker Muscular Dystrophy, \$750,000 is to enhance the coordinated education and outreach initiative through the Parent Project Muscular Dystrophy. In addition, the conferees concur in the directive in the Senate report for CDC to develop and submit a strategic plan for the Duchenne and Becker Muscular Dystrophy program by May 1, 2006.

Within the amount for Autism activities, \$14,750,000 is for surveillance and research and \$550,000 is to continue and expand the national autism awareness campaign.

HEALTH INFORMATION AND SERVICE

The conference agreement includes \$89,564,000 for Health Information and Service, the same as proposed by the Senate. The House had included \$195,069,000. In addition, \$134,235,000, to be derived from section 241 evaluation set-aside funds, is included to carry out National Center for Health Statistics surveys, Public Health Informatics evaluations, and health marketing evaluations.

ENVIRONMENTAL HEALTH AND INJURY PREVENTION

The conference agreement includes \$287,733,000 for Environmental Health and Injury Prevention activities, instead of \$285,721,000 as proposed by the House and \$288,982,000 as proposed by the Senate.

The conferees note that unless otherwise specified, the sub-budget activity amounts provided for Environment Health and Injury Prevention are at the levels recommended in the budget request.

Environmental health

Within the funds available for Environmental Health and Injury Prevention, the conference agreement includes \$147,293,000 for environmental health instead of \$147,483,000 as proposed by the House and \$147,417,000 as proposed by the Senate.

Within the total, \$900,000 is provided to begin a nationwide Amyotrophic Lateral Sclerosis (ALS) registry as recommended in the Senate report.

The conferees also urge the CDC to maintain support for the Environmental and Health Outcome Tracking Network and the Landmine Survivor Network at not less than the fiscal year 2005 level.

Injury prevention and control

Within the funds provided for Environmental Health and Injury Prevention, the conference agreement includes \$140,440,000 for injury control, instead of \$138,237,000 as proposed by the House and \$141,565,000 as proposed by the Senate.

Within the total for injury prevention and control, \$105,083,000 is for intentional injury prevention activities, including \$24,379,000 for Youth Violence Prevention as outlined in the Senate report (of which \$12,028,000 is for youth violence base funding), and not less than the fiscal year 2005 level is for the National Violent Death Reporting System.

In addition, \$35,357,000 of the amounts for injury prevention and control is for unintentional injury. The conferees are agreed that sufficient funds are provided to support the existing Injury Control Research Centers at not less than the fiscal year 2005 level.

OCCUPATIONAL SAFETY AND HEALTH

The conference agreement provides a total program level of \$256,971,000 for occupational safety and health, instead of \$251,241,000 as proposed by the House and \$257,121,000 as proposed by the Senate. Within that amount, \$87,071,000 is available to carry out research tools and approaches activities within the National Occupational Research Agenda (NORA) to be derived from section 241 evaluation set-aside funds.

The conference agreement includes sufficient funds to maintain staffing levels at the Morgantown facility as proposed by the Senate.

Within the amount provided, \$1,000,000 is for the establishment of a National Mesothelioma Registry and Tissue Bank as described in the Senate report. The conferees strongly encourage NIOSH to work closely with the mesothelioma research and patient community in developing the registry and tissue bank to maximize the effectiveness of data collection and allow researchers real time access to clinical data associated with tissue specimens from the registry.

Organizations eligible to implement the registry and tissue bank should have a demonstrated history of collaborative mesothelioma research and experience working with, and access to, the patient population. Eligible applicants should share the goal of developing a cost-effective infrastructure and have a data-sharing plan that will ensure the

registry and tissue bank will be used to expand scientific discovery and effective treatments to benefit the mesothelioma research and patient community.

The agreement also includes \$150,000 above the budget request to expand support for the existing NIOSH Education and Research Centers.

In addition, the conferees have included sufficient funds for implementation of the Miners' Choice Health Screening Program at two or more sites in fiscal year 2006. This program was initiated in the Department of Labor to encourage all miners to obtain free and confidential chest x-rays to obtain more data on the prevalence of Coal Workers' Pneumoniosis in support of development of new respirable coal dust rules.

GLOBAL HEALTH

The conference agreement provides \$313,340,000 for Global Health activities, instead of \$309,076,000 as proposed by the House and \$313,227,000 as proposed by the Senate.

Within the total:

\$123,883,000 is for Global HIV/AIDS;

\$144,455,000 is for Global Immunization, including \$101,254,000 for Polio Eradication and \$43,201,000 for other global immunization activities;

\$9,113,000 is for Global Malaria; and

\$33,503,000 is for Global Disease Detection.

The conferees note, that subsequent to House action, \$5,214,000 was reallocated from the domestic immunization program to Global Immunization activities. This reallocation more accurately reflects immunization program levels prior to CDC's recent reorganization.

PUBLIC HEALTH RESEARCH

The conference agreement includes \$31,000,000, to be derived from section 241 evaluation set-aside funds, for Public Health Research.

PUBLIC HEALTH IMPROVEMENT AND LEADERSHIP

The conference agreement includes \$206,535,000 for Public Health Improvement and Leadership instead of \$258,541,000 as proposed by the House and \$344,055,000 as proposed by the Senate.

Within the total, \$7,930,000 is included for a Director's Discretionary Fund to support activities deemed by the Director as having high scientific and programmatic priority and to respond to emergency public health requirements. The conferees concur with language in the Senate report regarding the Director's authority to reallocate management savings to the Director's Discretionary Fund upon notification of the Committees on Appropriations in the House and Senate.

PREVENTIVE HEALTH SERVICES BLOCK GRANT

The conference agreement includes \$100,000,000 for the Preventive Health Services Block Grant, the same as proposed by the Senate and the House.

TERRORISM AND PUBLIC HEALTH PREPAREDNESS

The conference agreement includes \$1,593,189,000 for activities related to terrorism and public health preparedness, instead of \$1,616,723,000 as proposed by the House and \$1,566,471,000 as proposed by the Senate.

Within the total, \$831,994,000 is for Upgrading State and Local Capacity; \$137,972,000 is for Upgrading CDC Capacity; \$14,000,000 is for Anthrax Studies; \$79,223,000 is for the Biosurveillance Initiative; and \$530,000,000 is for the Strategic National Stockpile.

Of the funds available for Upgrading State and Local Capacity, the conference agreement includes: \$768,695,000 for bioterrorism cooperative agreements; \$31,000,000 for Centers for Public Health Preparedness; and \$5,400,000 for Advanced Practice Centers.

BUSINESS SERVICES SUPPORT

The conference agreement includes \$296,119,000 for Business Services Support, as

proposed by the Senate. The House had provided \$298,515,000 for this purpose.

The conferees concur with language in the Senate report regarding the Director's authority to reallocate savings that result from efficiencies gained in business services support to the Director's Discretionary Fund upon notification of the Committees on Appropriations in the House and Senate.

The conferees also request that CDC continue to include at least the level of detail provided in past years in the Justification of Estimates for the Appropriations Committees, including the functional tables for each budget activity, the mechanism table by activity, and the crosswalks of funding between programs and CDC organizations.

The conferees also request that the CDC prepare and submit a report to the House and Senate Committees on Appropriations detailing intramural and extramural funding splits by sub-budget activity by no later than March 1, 2006. The report should include actual splits for fiscal years 2004 and 2005, as well as estimates for fiscal years 2006 and 2007.

The conferees continue to support partnerships between CDC and the minority health professions community.

NATIONAL INSTITUTES OF HEALTH

NATIONAL CANCER INSTITUTE

The conference agreement includes \$4,841,774,000 for the National Cancer Institute as proposed by the House instead of \$4,960,828,000 as proposed by the Senate.

The conferees urge the NCI to respond to the Bladder and Kidney Research Progress Review Group report and encourage appropriate funding for bladder and kidney cancer research.

NATIONAL HEART, LUNG AND BLOOD INSTITUTE

The conference agreement includes \$2,951,270,000 for the National Heart, Lung and Blood Institute as proposed by the House instead of \$3,023,381,000 as proposed by the Senate.

NATIONAL INSTITUTE OF DENTAL AND CRANIOFACIAL RESEARCH

The conference agreement includes \$393,269,000 for the National Institute of Dental and Craniofacial Research as proposed by the House instead of \$405,269,000 as proposed by the Senate.

NATIONAL INSTITUTE OF DIABETES AND DIGESTIVE AND KIDNEY DISEASES

The conference agreement includes \$1,722,146,000 for the National Institute of Diabetes and Digestive and Kidney Diseases as proposed by the House instead of \$1,767,919,000 as proposed by the Senate. An amount of \$150,000,000 is also available to the Institute through a permanent appropriation for juvenile diabetes.

The conferees urge NIDDK to continue to support and develop the "Urologic Diseases in America" report and to include urological complications as well as diabetes and obesity research initiatives. The conferees further encourage the Institute to continue the Urinary Incontinence Treatment Network and to convene an external strategic planning group to develop future urology clinical trials. The conferees also encourage the Institute to convene a Strategic Planning Group to make recommendations on basic and clinical research in men's health, including the development of biomarkers to distinguish benign prostatic hyperplasia from prostate cancer.

NATIONAL INSTITUTE OF NEUROLOGICAL DISORDERS AND STROKE

The conference agreement includes \$1,550,260,000 for the National Institute of Neurological Disorders and Stroke as proposed by the House instead of \$1,591,924,000 as proposed by the Senate.

NATIONAL INSTITUTE OF ALLERGY AND INFECTIOUS DISEASES

(INCLUDING TRANSFER OF FUNDS)

The conference agreement includes \$4,459,395,000 for the National Institute of Allergy and Infectious Diseases instead of \$4,359,395,000 as proposed by the House and \$4,547,136,000 as proposed by the Senate.

The conference agreement includes bill language permitting the transfer of \$100,000,000 to International Assistance Programs, Global Fund to Fight HIV/AIDS, Malaria, and Tuberculosis as proposed by the Senate. The House bill did not permit a transfer.

NATIONAL INSTITUTE OF GENERAL MEDICAL SCIENCES

The conference agreement includes \$1,955,170,000 for the National Institute of General Medical Sciences as proposed by the House instead of \$2,002,622,000 as proposed by the Senate.

NATIONAL INSTITUTE OF CHILD HEALTH AND HUMAN DEVELOPMENT

The conference agreement includes \$1,277,544,000 for the National Institute of Child Health and Human Development as proposed by the House instead of \$1,310,989,000 as proposed by the Senate.

NATIONAL EYE INSTITUTE

The conference agreement includes \$673,491,000 for the National Eye Institute as proposed by the House instead of \$693,559,000 as proposed by the Senate.

NATIONAL INSTITUTE OF ENVIRONMENTAL HEALTH SCIENCES

The conference agreement includes \$647,608,000 for the National Institute of Environmental Health Sciences as proposed by the House instead of \$667,372,000 as proposed by the Senate.

The conferees urge NIEHS to work with CDC and expert independent researchers on research that could identify or rule out any association between thimerosal exposure in pediatric vaccines and increased rates of autism. The conferees believe that the Vaccine Safety Datalink (VSD), a CDC-constructed database that follows 7 million immunized children from 1990 to present, could be helpful in the research, especially regarding pre-2001 VSD data and post-2000 VSD data, since thimerosal was removed from most childhood vaccines in 2001. The conferees urge NIEHS and CDC to organize a workshop by May 2006 to explore the research possibilities and scientific feasibility of such a study and report back to the House and Senate Appropriations Committees soon after.

NATIONAL INSTITUTE ON AGING

The conference agreement includes \$1,057,203,000 for the National Institute on Aging as proposed by the House instead of \$1,090,600,000 as proposed by the Senate.

NATIONAL INSTITUTE OF ARTHRITIS AND MUSCULOSKELETAL AND SKIN DISEASES

The conference agreement includes \$513,063,000 for the National Institute of Arthritis and Musculoskeletal and Skin Diseases as proposed by the House instead of \$525,758,000 as proposed by the Senate.

NATIONAL INSTITUTE ON DEAFNESS AND OTHER COMMUNICATION DISORDERS

The conference agreement includes \$397,432,000 for the National Institute on Deafness and Other Communication Disorders as proposed by the House instead of \$409,432,000 as proposed by the Senate.

NATIONAL INSTITUTE OF NURSING RESEARCH

The conference agreement includes \$138,729,000 for the National Institute of Nursing Research as proposed by the House instead of \$142,549,000 as proposed by the Senate.

NATIONAL INSTITUTE ON ALCOHOL ABUSE AND ALCOHOLISM

The conference agreement includes \$440,333,000 for the National Institute on Alcohol Abuse and Alcoholism as proposed by the House instead of \$452,271,000 as proposed by the Senate.

NATIONAL INSTITUTE ON DRUG ABUSE

The conference agreement includes \$1,010,130,000 for the National Institute on Drug Abuse as proposed by the House instead of \$1,035,167,000 as proposed by the Senate.

The conferees encourage NIDA to move expeditiously on a cooperative research and development agreement (CRADA) regarding the use of vigabatrin for the treatment of cocaine and methamphetamine addiction.

NATIONAL INSTITUTE OF MENTAL HEALTH

The conference agreement includes \$1,417,692,000 for the National Institute of Mental Health as proposed by the House instead of \$1,460,393,000 as proposed by the Senate.

NATIONAL HUMAN GENOME RESEARCH INSTITUTE

The conference agreement includes \$490,959,000 for the National Human Genome Research Institute as proposed by the House instead of \$502,804,000 as proposed by the Senate.

NATIONAL INSTITUTE OF BIOMEDICAL IMAGING AND BIOENGINEERING

The conference agreement includes \$299,808,000 for the National Institute of Biomedical Imaging and Bioengineering as proposed by the House instead of \$309,091,000 as proposed by the Senate.

NATIONAL CENTER FOR RESEARCH RESOURCES

The conference agreement includes \$1,110,203,000 for the National Center for Research Resources instead of \$1,100,203,000 as proposed by the House and \$1,188,079,000 as proposed by the Senate.

The conference agreement does not include bill language to earmark extramural facilities construction grants, as proposed by the House. The Senate bill proposed \$30,000,000 for this purpose.

The conference agreement provides \$326,000,000 from NCTR and Roadmap funds for general clinical research centers and the clinical and translational science awards (CTSA) combined. The Senate provided \$327,000,000 for the combined awards; the House did not include similar language. As indicated in the Senate report, the total number of awards for the combined programs should remain at 79 in fiscal year 2006. When making the CTSA awards, consideration must be given to the units and functions currently carried out through the MOI mechanism.

The conference agreement provides \$222,208,000 for the Institutional Development Award (IdeA) program, as proposed by the House. The Senate had included \$230,000,000 for this program.

NATIONAL CENTER FOR COMPLEMENTARY AND ALTERNATIVE MEDICINE

The conference agreement includes \$122,692,000 for the National Center for Complementary and Alternative Medicine as proposed by the House instead of \$126,978,000 as proposed by the Senate.

NATIONAL CENTER ON MINORITY HEALTH AND HEALTH DISPARITIES

The conference agreement includes \$197,379,000 for the National Center on Minority Health and Health Disparities as proposed by the House instead of \$203,367,000 as proposed by the Senate.

JOHN E. FOGARTY INTERNATIONAL CENTER

The conference agreement includes \$67,048,000 for the John E. Fogarty Inter-

national Center as proposed by the House instead of \$68,745,000 as proposed by the Senate.

NATIONAL LIBRARY OF MEDICINE

The conference agreement provides \$318,091,000 for the National Library of Medicine as proposed by the House instead of \$327,222,000 as proposed by the Senate. In addition, \$8,200,000 is provided from section 241 authority as proposed by both the House and Senate.

OFFICE OF THE DIRECTOR

(INCLUDING TRANSFER OF FUNDS)

The conference agreement includes \$482,895,000 for the Office of the Director instead of \$482,216,000 as proposed by the House and \$487,434,000 as proposed by the Senate.

The conference agreement includes bill language permitting the Office of AIDS Research (OAR) to use its funding to make grants for construction or renovation of facilities, as provided for in section 2354(a)(5)(B) of the Public Health Service Act. This language was not included in either the House or Senate bill. The conferees support the efforts of OAR to expand a breeding colony that will serve as a new national resource to breed non-human primates for AIDS research. The conferees understand that this breeding colony is designed to represent a collaboration of several National Primate Research Centers (NPRCs). These resources will further the progress in identifying approaches to halt the transmission of HIV, slow disease progression, and treat those who are HIV-infected both in the United States and globally.

The conference agreement includes bill language identifying \$97,000,000 for bio-defense countermeasures that was not included in either the House or Senate bill. The House and Senate both included report language identifying \$97,021,000 for this purpose.

The conferees believe, that to the extent resources allow, NIH should follow its cost management plan principles, which will help NIH continue to maintain the purchasing power of the research in which it invests. The Senate indicated that sufficient funds were included to fully pay committed levels on existing grants and to provide a 3.2 percent increase in the average cost of new grants. The House did not include a similar provision.

The conferees encourage NCI, NIDDK and NIBIB to conduct a multi-institute study focusing on: developing information on the history of polyps, including size and other histopathologic characteristics, which may serve as indicators of future colorectal cancer; the extent to which polyps can be monitored including colonoscopic and colonography or other screening techniques; and the optimal time in the course of polyp development when removal becomes essential to minimize the onset of colorectal cancer.

The conferees are disappointed that the director of NIH has not yet responded to the recommendations of the ACD working group on research opportunities in the basic behavioral sciences. The conferees urge the director of NIH, in consultation with senior IC leadership and the OBSSR, to develop a structural framework for managing support of NIH basic behavioral science research. This framework should include a division of portfolio and funding responsibility among the affected ICs, and should encourage co-funded trans-Institute research initiatives. The conferees request a report to the House and Senate Appropriations Committees describing the new framework and its relationship to the Office of Portfolio Analysis and Strategic Initiatives by May 1, 2006.

BUILDINGS AND FACILITIES

The conference agreement includes \$81,900,000 for buildings and facilities as pro-

posed by the House instead of \$113,626,000 as proposed by the Senate.

The conference agreement does not include bill language granting full scope authority for the contracting of construction of the first and second phases of the John E. Porter Neurosciences Building as proposed by the Senate. The House bill contained no similar provision.

SUBSTANCE ABUSE AND MENTAL HEALTH SERVICES ADMINISTRATION

SUBSTANCE ABUSE AND MENTAL HEALTH SERVICES

The conference agreement includes \$3,359,116,000 for substance abuse and mental health services, of which \$3,237,813,000 is provided through budget authority and \$121,303,000 is provided through the evaluation set-aside. The House bill proposed \$3,352,047,000 for SAMHSA, of which \$121,303,000 was from the evaluation set-aside and the Senate bill proposed \$3,398,086,000, of which \$123,303,000 was from the evaluation set-aside. The detailed table at the end of this joint statement reflects the activity distribution agreed to by the conferees.

Within the total provided, the conference agreement includes funding at no less than the fiscal year 2005 level, as proposed by the House, for activities throughout SAMHSA that are targeted to address the growing HIV/AIDS epidemic and its disparate impact on communities of color, including African Americans, Latinos, Native Americans, Asian Americans, Native Hawaiians, and Pacific Islanders. The Senate did not include similar language.

Within the total provided, the conference agreement also includes funding at no less than the fiscal year 2005 level for activities throughout SAMHSA addressing the needs of the homeless as proposed by the Senate. The House did not include similar language. Specifically, the conference agreement has provided funding at last year's level for programs directed at chronic homelessness and for programs directed at providing mental health and substance abuse treatment services to homeless individuals.

CENTER FOR MENTAL HEALTH SERVICES

The conference agreement includes \$265,922,000 for programs of regional and national significance instead of \$253,257,000 as proposed by the House and \$287,297,000 as proposed by the Senate.

Within the total provided, the conference agreement provides no less than last year's level of funding, \$94,240,000, for programs for prevention of youth violence, including the Safe Schools/Healthy Students interdepartmental program, as proposed by the Senate. The House included \$84,000,000 for these programs. The conferees expect the Substance Abuse and Mental Health Services Administration to collaborate with the Departments of Education and Justice to continue a coordinated approach.

For programs addressing youth suicide prevention, the conference agreement includes \$23,000,000 for State and campus-based programs as proposed by the Senate rather than \$8,444,000 as proposed by the House, and \$4,000,000 for the National Suicide Prevention Resource Center rather than \$2,976,000 as proposed by the House and \$3,976,000 as proposed by the Senate. In addition, no less than the amount provided in fiscal year 2005 should be allocated for the Suicide Prevention Hotline program and mental health screening demonstrations, as proposed by the Senate. The House report did not contain similar language.

The conference agreement includes \$29,760,000 for the National Child Traumatic Stress Initiative as proposed by the House. The Senate did not include similar language.

The conference agreement provides \$26,000,000 for the State incentive grants for transformation as proposed by both the House and Senate. These competitive grants will support the development of comprehensive State mental health plans and improve the mental health services infrastructure.

The conference agreement provides no less than the level allocated in fiscal year 2005 for grants for jail diversion programs as proposed by the House. The Senate did not include similar language.

The conference agreement provides the current level of funding for the consumer and consumer-supporter national technical assistance centers as proposed by the Senate. The conferees direct the Center for Mental Health Services to support multi-year grants to fund five such national technical assistance centers. The House did not include similar language.

The conferees request the Substance Abuse and Mental Health Services Administration to provide a report by May 1, 2006 on efforts to strengthen parenting and enhance child resilience in the face of adversity, as described in the Senate report. The House did not include similar language.

The conference agreement provides the same level of funding as was provided in fiscal year 2005 for the elderly treatment and outreach program as proposed by both the House and Senate.

The conference agreement includes \$432,756,000 for the mental health block grant, which includes \$21,803,000 from the evaluation set-aside, the same levels as proposed by both the House and the Senate. Included in the agreement is bill language transferring the State Infrastructure Planning Grants activity from the mental health programs of regional and national significance to the mental health block grant set-aside, as proposed by the House. The Senate proposed to continue to fund this activity through the programs of regional and national significance.

CENTER FOR SUBSTANCE ABUSE TREATMENT

The conference agreement includes \$402,935,000 for programs of regional and national significance, which includes \$4,300,000 from the evaluation set-aside, instead of \$409,431,000 as proposed by the House and \$412,091,000 as proposed by the Senate. Both the House and Senate bills included the evaluation set-aside at \$4,300,000.

Within funds provided, \$99,200,000 is for the Access to Recovery program as proposed by the House rather than \$100,000,000 as proposed by the Senate. The conferees expect that addictive disorder clinical treatment providers participating in the Access to Recovery program meet the certification, accreditation, and/or licensing standards recognized in their respective States as proposed by the House. The Senate included similar language, but added the phrase, "and their respective staff."

The conference agreement provides \$10,500,000 for treatment programs for pregnant, postpartum and residential women and their children rather than \$11,000,000 as proposed by the Senate. Within these funds, no less than last year's level shall be used for the residential treatment program for pregnant and postpartum women in fiscal year 2006 authorized under section 508 of the Public Health Service Act. The House did not include similar language.

The conference agreement includes \$8,166,000 to maintain the funding at the fiscal year 2005 level for the Addiction Technology Transfer Centers as proposed by both the House and Senate.

The conferees understand that the National Institute for Alcohol Abuse and Alcoholism recently published an updated 2005

edition of its clinician's guide for treating patients who have alcohol abuse problems, titled "Helping Patients Who Drink Too Much." The guide includes new information on expanded options for treating alcohol dependent patients, including a section on approved medications. The conferees urge the Center for Substance Abuse Treatment, in conjunction with its Science to Services agenda, to launch a counselor education initiative to inform physicians and program staff in the substance abuse community about the guide's treatment recommendations for alcohol dependence, including pharmacotherapy options.

As part of the \$4,300,000 set-aside to evaluate substance abuse treatment programs, the conferees encourage the Substance Abuse and Mental Health Services Administration to determine the most effective way to maximize the number of qualified doctors who utilize buprenorphine in the office-based treatment of their opiate-addicted patients, as authorized by the Drug Addiction Treatment Act of 2000.

CENTER FOR SUBSTANCE ABUSE PREVENTION

The conference agreement includes \$194,850,000 for programs of regional and national significance instead of \$194,950,000 as proposed by the House and \$202,289,000 as proposed by the Senate.

Within the funds provided, the conference agreement includes \$4,000,000, as proposed by the Senate, for the Center for Substance Abuse Prevention (CSAP) to continue to fund grants aimed at expanding the capacity of health care and community organizations to address methamphetamine abuse. The House did not include similar language.

The conference agreement provides \$850,000 for the third year of funding for the Advertising Council's parent-oriented media campaign to combat underage drinking as proposed by the Senate. The House proposed to fund the third year of this campaign through the Office of the Secretary.

The conferees expect the Substance Abuse and Mental Health Services Administration (SAMHSA) to ensure that grantees within the strategic prevention framework State incentive grant program do not fund duplicative sub-State anti-drug coalition infrastructures, but utilize those already functioning and funded by programs such as the Drug Free Communities program.

The conferees are concerned that consolidating the successful efforts that were pioneered by CSAP across all three of the Centers at SAMHSA will result in a dilution of the funding and emphasis on substance abuse prevention. The conferees expect SAMHSA to maintain substance abuse prevention as its highest priority for emphasis in both the National Registry of Effective Programs and Practices (NREPP) and the SAMHSA Health Information Network (SHIN). The conferees expect SAMHSA to report in its fiscal year 2007 congressional justification on how substance abuse prevention is being maintained as the highest priority for emphasis in both NREPP and SHIN.

PROGRAM MANAGEMENT

The conference agreement includes \$92,817,000 for program management, of which \$16,000,000 is provided through the evaluation set-aside. The House bill proposed \$91,817,000 with a \$16,000,000 evaluation set-aside and the Senate bill proposed \$93,817,000 with an \$18,000,000 evaluation set-aside.

The conference agreement includes \$1,000,000 to expand on the collaborative effort by the Substance Abuse and Mental Health Services Administration and the Centers for Disease Control and Prevention to establish a population-based source of data on the mental and behavioral health needs in this country, rather than \$2,000,000 as pro-

posed by the Senate. The House did not provide funding for this activity.

AGENCY FOR HEALTHCARE RESEARCH AND QUALITY

HEALTHCARE RESEARCH AND QUALITY

The conference agreement includes \$318,695,000 as proposed by the House instead of \$323,695,000 as proposed by the Senate. The agreement makes these funds available through the policy evaluation set-aside as proposed by the Senate. The House had provided budget authority.

The conference agreement includes bill language proposed by the Senate limiting the funds to be spent on health care information technology to no more than \$50,000,000. The House bill did not contain similar language. The conferees note that AHRQ has planned activities relating to patient safety, such as clinical terminology and messaging standards that have a large health information technology component. The conferees do not intend these activities as counting toward the \$50,000,000 for the Health Care Information Technology program.

The conferees provide \$15,000,000 within the total provided for AHRQ for clinical effectiveness research as proposed by the House. The Senate included \$20,000,000 for this purpose. This type of research can help improve the quality, effectiveness and efficiency of health care, thereby reducing costs while still improving quality of care. The conferees urge AHRQ to ensure broad access to its findings in this research. In addition, the conferees encourage AHRQ to continue conducting high quality, comprehensive research studies in this area, building upon the priority list of conditions it identified in fiscal year 2005 and conducting research in additional areas such as organization, delivery and management of health care items and services.

The conferees are pleased with AHRQ's efforts to include bedside medication bar-coding as a component of its health information technology grants, particularly for those grants in rural areas. The conferees understand that almost ten percent of the funding for health information technology grants is allocated to rural projects with a bar-coding component. The conferees encourage AHRQ to increase its awards in this area since bar-coding has been shown to have a substantial effect on preventable errors in adverse drug events.

CENTERS FOR MEDICARE AND MEDICAID SERVICES

PAYMENTS TO THE HEALTH CARE TRUST FUNDS

The conference agreement provides \$177,742,200,000 for the payment to the Health Care Trust Funds as proposed by the House rather than \$177,822,200,000 as proposed by the Senate.

PROGRAM MANAGEMENT

The conference agreement includes \$3,170,927,000 for program management instead of \$3,180,284,000 as proposed by the House and \$3,181,418,000 as proposed by the Senate. An additional appropriation of \$720,000,000 has been provided for the Medicare Integrity Program through the Health Insurance Portability and Accountability Act of 1996.

The conferees encourage CMS to consider using \$3,000,000 of the funds provided through the Medicare Integrity Program to study and demonstrate the use of data fusion technology that enables accurate linkages between data records across large, disparate databases in near-real time using public records, commercial data and complete CMS data sets to help prevent, and determine instances of, fraud, waste and abuse.

The conference agreement includes \$58,000,000 for research, demonstration, and

evaluation instead of \$65,000,000 as proposed by the House and \$83,494,000 as proposed by the Senate. Within the total provided, the conference agreement provides \$25,000,000 for Real Choice Systems Change Grants to States. The Senate provided \$40,000,000 for these grants. The House did not provide funding for them.

The conferees are pleased with the demonstration project at participating sites licensed by the Program for Reversing Heart Disease and encourage its continuation. The conferees further urge CMS to continue the demonstration project being conducted at the Mind Body Institute of Boston, Massachusetts.

The conferees are very pleased with the ongoing efforts of CMS to address the seriously adverse health status of Native Hawaiians and American Samoans residing in the geographical area of the Waimanalo Health Center. The conferees urge CMS to consider waivers for rural or isolated area demonstration projects when calculating such requirements as population density in the State of Hawaii and are particularly pleased with the University of Hawaii's efforts to provide necessary health care in rural Hilo.

The conferees encourage CMS to conduct a national, three-year demonstration project to identify effective Medication Therapy Management Program (MTMP) models for Medicare Part D enrollees. The demonstration project should emphasize evidence-based prescribing, prospective medication management, technological innovation and outcomes reporting and should be capable of implementation on a large scale.

The conference agreement includes \$2,172,987,000 for Medicare operations as proposed by the House instead of \$2,184,984,000 as proposed by the Senate.

The conference agreement includes bill language proposed by the Senate making up to an additional \$32,500,000 available to CMS for Medicare claims processing if the volume of claims exceeds particular thresholds. The House bill did not contain similar language.

The conference agreement does not include bill language proposed by the Senate directing the Secretary to send a notice to Medicare beneficiaries by January 1, 2006, notifying them of an error in the annual notice that had previously been mailed to them. The House bill did not contain similar language. The conferees are very concerned about the incorrect information on the new Medicare prescription drug plan that was inadvertently sent to beneficiaries. The conferees request that by no later than March 1, 2006, CMS report to the House and Senate Appropriations Committees a comprehensive summary of the actions taken to correct errors in the "Medicare & You 2006" handbook that was mailed to beneficiaries in October 2005. The conferees further direct that any notices to beneficiaries regarding the handbook error clearly state that the guidebook's tables on the levels of premium assistance were in error and that beneficiaries have until May 15, 2006 to enroll in a plan.

The conference agreement does not include general provision language proposed by the House that would prohibit funds being used to place social security numbers on ID cards issued to Medicare beneficiaries. The agreement also does not include general provision language proposed by the Senate that directs the Secretary to issue a report by June 30, 2006 describing plans to change the numerical identifier used for Medicare beneficiaries. The conferees consider this issue to be one of the utmost urgency and expect the Secretary to accelerate ongoing plans to convert the beneficiary identifiers.

The conference agreement provides \$655,000,000 for Federal administration instead of \$657,357,000 as proposed by the House and \$628,000,000 as proposed by the Senate.

The conferees urge CMS to carefully review its decision to cut Medicare funding for second-year, specialized pharmacy residency programs, which provide specialized training to medication use experts in areas like geriatrics, oncology, and critical care. CMS should take into account new data submitted by national pharmacist associations and provide a full report to the House and Senate Committees within three months describing the agency's rationale for any decision that results in these programs remaining unfunded.

The conferees are concerned about the recent data published by CMS showing that less than one-third of Medicare beneficiaries eligible for diabetes self-management training (DSMT) are receiving the care and instruction they need. The conferees urge CMS to consider removing barriers for certified diabetes educators to providing DSMT to Medicare beneficiaries, including but not limited to the addition of Medicare coverage for the provision of such services, and to identify strategies for evaluating the effectiveness of diabetes education in improving the self-care of people with diabetes and in reducing risk factors for diabetes.

The conferees are concerned with the unprecedented increase in autism diagnoses over the past two decades and its effect on the Medicaid program. As more young children reach adolescence and adulthood, the need for home-based as well as out-of-home, residential services will increase. The conferees encourage CMS to facilitate the expansion and availability of respite care to families with autism. The conferees also encourage CMS to work with States to design geographically-based demonstrations allowing for greater concentration of resources for home-based assistance and respite care.

The conferees urge CMS to promulgate regulations providing the option of direct access to licensed audiologists under similar terms and conditions used by the Department of Veterans Affairs and the Office of Personnel Management. The Department of Veterans Affairs reports that direct access provides high quality, efficient, and cost-effective hearing care. If CMS does not believe it has the current legal authority to make such a change, CMS should provide a written report to the House and Senate Appropriations Committees by April 1, 2006 detailing the legal reasoning for this position.

HEALTH CARE FRAUD AND ABUSE CONTROL

The conference agreement does not include funding for this new account as proposed by the House. The Senate had provided \$80,000,000 for this activity.

ADMINISTRATION FOR CHILDREN AND FAMILIES LOW-INCOME HOME ENERGY ASSISTANCE

The conference agreement provides \$2,183,000,000 for low-income home energy assistance as proposed by the Senate instead of \$2,006,799,000 as proposed by the House. Of the amount provided \$2,000,000,000 is provided for formula grants to States. The House bill proposed the full amount for State formula grants and the Senate bill proposed \$1,883,000,000. Within the funds available, \$27,500,000 is included for the leveraging incentive fund as proposed by the Senate. The House did not include funding for the leveraging incentive fund. As proposed by the House, the conference agreement does not include funding within State formula grants for a feasibility study. The Senate proposed \$500,000 for this activity.

The conference agreement includes \$183,000,000 for the contingency fund to be available through September 30, 2006. The Senate bill proposed \$300,000,000 for the emergency fund and designated those funds as an emergency. The House did not propose fund-

ing for either the contingency or emergency fund. Together with the \$20,350,000 still available in the emergency fund appropriated in fiscal year 2005, the total amount available in fiscal year 2006 to respond to heating and cooling emergencies is \$203,350,000.

The conferees expect the appropriation provided for the contingency fund to be released, in full, prior to September 30, 2006. Given the forecasts of the costs associated with home heating this winter, the conferees anticipate that States will experience energy emergency conditions that will require additional Federal support that is available through the contingency fund.

REFUGEE AND ENTRANT ASSISTANCE

The conference agreement includes \$575,579,000 for the refugee and entrant assistance programs rather than \$560,919,000 as proposed by the House and \$571,140,000 as proposed by the Senate. The conference agreement does not include funds for any of these activities through emergency funding. The Senate bill provided \$19,100,000 within the total as emergency funding; the House bill did not include emergency funding for these activities. The detailed table at the end of this joint statement reflects the activity distribution agreed to by the conferees.

The conference agreement includes \$268,229,000 for the transitional and medical services program. The House included \$264,129,000 for this program. The Senate provided \$264,129,000 through regular appropriations and \$4,100,000 as an emergency for this program. The conference agreement does not include emergency funding for this program. It is the intention of the conferees that the level provided would allow for assistance to eligible individuals during their first eight months in the United States.

The conference agreement provides \$155,560,000 for social services, rather than \$160,000,000 as proposed in the House and \$151,121,000 as proposed by the Senate. Within the funds provided, the conference agreement includes \$19,000,000 as outlined in the House report. The Senate did not include similar language. The conferees intend that funds provided above the request for social services shall be used for refugee school impact grants and for additional assistance in resettling and meeting the needs of the Hmong refugees expected to arrive during 2006 and 2007 or for other urgent needs.

The conference agreement provides \$78,083,000 for the unaccompanied minors program. The House bill proposed \$63,083,000 for this program. The Senate provided \$63,083,000 through regular appropriations and \$15,000,000 as an emergency for this program. The conference agreement does not include emergency funding for this program. The conferees direct the Secretary of Health and Human Services to issue a report by no later than one year after the date of enactment of this Act on progress made by the Office of Refugee Resettlement and programs funded under this Act to shift children to more child-centered, age-appropriate, small group, home-like environments for unaccompanied children in its custody.

PAYMENTS TO STATES FOR THE CHILD CARE AND DEVELOPMENT BLOCK GRANT

The conference agreement includes \$2,082,910,000 for the child care and development block grant, the same level as both the House and Senate bills. The conference agreement includes several specified funding recommendations within the total at levels proposed by the House rather than at the funding levels proposed by the Senate.

CHILDREN AND FAMILIES SERVICES PROGRAMS (INCLUDING RESCISSION OF FUNDS)

The conference agreement includes \$8,932,713,000 for children and families services programs, of which \$10,500,000 is provided through the evaluation set-aside. The

House bill proposed \$8,701,207,000 for these programs with \$12,500,000 from the evaluation set-aside and the Senate proposed \$9,036,453,000 with \$10,500,000 from the evaluation set-aside. The detailed table at the end of this joint statement reflects the activity distribution agreed to by the conferees.

Head Start

The conference agreement includes \$6,843,114,000 for Head Start rather than \$6,899,000,000 as proposed by the House and \$6,863,114,000 as proposed by the Senate. The agreement includes \$1,388,800,000 in advance funding, the same level as proposed by the Senate. The House bill proposed \$1,400,000,000 for advance funding.

To enable the establishment of a panel of independent experts under the National Academy of Sciences to review and provide guidance on appropriate outcomes and assessments for young children, the conferees provide \$1,000,000, within the total for Head Start, for the National Academy of Sciences.

The conference agreement includes, as a general provision, a limitation against the use of funds for Head Start to pay the compensation of an individual, either as direct costs or any proration as an indirect cost, at a rate in excess of Executive Level II, as proposed by the House. The Senate did not include a similar provision.

The conference agreement includes two general provisions relating to waiving requirements of regulations promulgated under the Head Start Act for transporting children enrolled in either Head Start or Early Head Start. The Senate bill included one general provision regarding this issue, but used different language than is included in the conference agreement. The House included report language pertaining to transportation waivers for this program.

Consolidated runaway and homeless youth program

The conference agreement includes \$88,724,000 for the consolidated runaway and homeless youth program, the same level as proposed by the Senate, rather than \$88,728,000 as proposed by the House.

Child abuse discretionary activities

The conference agreement includes \$26,040,000 for child abuse discretionary programs instead of \$31,645,000 as proposed by the House and \$31,640,000 as proposed by the Senate.

Adoption incentive

The conference agreement includes \$18,000,000 for the adoption incentive program rather than \$31,846,000 as proposed by the House and \$22,846,000 as proposed by the Senate. Actual bonus payments to States for fiscal year 2005 were less than amounts previously estimated, therefore, of the funds provided in fiscal year 2005 and made available through fiscal year 2006, the conference agreement rescinds \$22,500,000. Neither the House nor the Senate proposed rescinding funds from this program.

Compassion capital fund

The conference agreement includes \$65,000,000 for the compassion capital fund rather than \$75,000,000 as proposed by the House and \$95,000,000 as proposed by the Senate. Prior to advertising the availability of funds for any grant for the youth gang prevention initiative, the conferees request that the Department of Health and Human Services brief the House and Senate Committees on Appropriations regarding the planned use of these funds.

Social services and income maintenance research

The conference agreement includes \$11,927,000 for social services and income maintenance research, of which \$6,000,000 is

provided through the evaluation set-aside. The House proposed \$10,621,000 for this program, of which \$8,000,000 was funded through the evaluation set-aside and the Senate proposed \$32,012,000, of which \$6,000,000 was from the evaluation set-aside.

The conferees note that efforts undertaken through the State information technology consortium have led to greatly improved systems communications and compliance in both the TANF and child support enforcement (CSE) programs. For TANF, the conferees have provided \$2,000,000 to permit States to utilize uniquely designed web-based technology to improve benefit delivery and fulfill new Federal reporting requirements. For CSE, the conferees have provided \$3,000,000 to continue the consortium's efforts to improve data exchange between CSE and the courts in ways that will significantly reduce the time lag between court orders and enforcement/collections activities.

Developmental disabilities

Within developmental disabilities programs, the conference agreement includes \$39,109,000 for protection and advocacy services as proposed by the Senate instead of \$38,109,000 as proposed by the House.

The conference agreement also includes \$15,879,000 for voting access for individuals with disabilities rather than \$14,879,000 as proposed by the House and \$30,000,000 as proposed by the Senate. Within the funds provided, \$11,000,000 is for payments to States to promote access for voters with disabilities and \$4,879,000 is for State protection and advocacy systems.

As proposed by both the House and Senate, the conference agreement provides \$11,529,000 for the developmental disabilities projects of national significance. Within this amount, \$4,000,000 is to expand activities of the Family Support Program, as proposed by the Senate. The House did not include similar language.

Community services

The conference agreement includes \$636,793,000 for the community services block grant (CSBG) as proposed by the Senate rather than \$320,000,000 as proposed by the House. The conferees concur with language included in the Senate report that the Office of Community Services (OCS) release funding to States in the timeliest manner and that States make funds available promptly to local eligible entities. In addition, the conferees expect OCS to inform State CSBG grantees of any policy changes affecting carryover funds within a reasonable time after the beginning of the Federal fiscal year. The House did not include similar language.

As proposed by both the House and Senate, the conference agreement includes \$32,731,000 for community economic development. The conferees concur with language included in the Senate report that appropriated funds be allocated, to the maximum extent possible, in the form of grants to qualified community development corporations in order to maximize the leveraging power of the Federal investment and the number and the amount of set-asides should be reduced to the most minimal levels. The House did not include similar language.

The conference agreement includes \$7,367,000 for rural community facilities instead of \$7,242,000 as proposed by the House and \$7,492,000 as proposed by the Senate. The conferees intend that the increase provided for the Rural Community Facilities program be used to provide additional funding to the six regional RCAPs.

The conference agreement does not include funding for the National Youth Sports program as proposed by the House. The Senate proposed \$10,000,000 for this program.

The conference agreement does not include funding for community food and nutrition as

proposed by the House. The Senate proposed \$7,180,000 for this program.

Independent living vouchers

The conference agreement includes \$46,623,000 for independent living training vouchers as proposed by the Senate instead of \$50,000,000 as proposed by the House.

Community-based abstinence education

The conference agreement includes \$114,500,000 for community-based abstinence education as proposed by the House rather than \$105,500,000 as proposed by the Senate. The conference agreement includes \$4,500,000 in program evaluation funds for the abstinence education program and \$110,000,000 in budget authority. The conferees concur with language included in the House report regarding technical assistance and capacity-building support to grantees. The Senate report did not include similar language.

Within the total for community-based abstinence education, up to \$10,000,000 may be used to carry out a national abstinence education campaign as proposed by both the House and the Senate. The conferees concur with language included in the Senate report that the Administration for Children and Families use available funds to continue support for an independent group to conduct a thorough and rigorous evaluation of this campaign. The House did not include similar language.

Program direction

The conference agreement includes \$185,217,000 for program direction as proposed by the House instead of \$186,000,000 as proposed by the Senate.

PROMOTING SAFE AND STABLE FAMILIES

The conference agreement includes \$90,000,000 for the discretionary grant program of promoting safe and stable families as proposed by the Senate rather than \$99,000,000 as proposed by the House.

ADMINISTRATION ON AGING

AGING SERVICES PROGRAMS

The conference agreement includes \$1,376,624,000 for aging services programs instead of \$1,376,217,000 as proposed by the House and \$1,391,699,000 as proposed by the Senate. The detailed table at the end of this joint statement reflects the activity distribution agreed to by the conferees.

The conference agreement includes \$20,360,000 for activities for the protection of vulnerable older Americans as proposed by the Senate instead of \$19,360,000 as proposed by the House. Within the funds provided \$15,162,000 is for the ombudsman services program as proposed by the Senate.

Included in the conference agreement is \$157,744,000 for the family caregivers program rather than \$155,744,000 as proposed by the House and \$160,744,000 as proposed by the Senate.

The conference agreement includes \$722,292,000 for nutrition programs rather than \$725,885,000 as proposed by the House and \$718,697,000 as proposed by the Senate. Within the total, \$389,211,000 is provided for congregate meals rather than \$391,147,000 as proposed by the House and \$387,274,000 as proposed by the Senate; \$183,742,000 is provided for home delivered meals rather than \$184,656,000 as proposed by the House and \$182,827,000 as proposed by the Senate; and, \$149,339,000 is provided for the nutrition services incentives program rather than \$150,082,000 as proposed by the House and \$148,596,000 as proposed by the Senate.

The conference agreement includes \$24,843,000 for program innovations instead of \$23,843,000 as proposed by the House and \$40,513,000 as proposed by the Senate. The conferees continue to support funding at no less than last year's level for national programs scheduled to be refunded in fiscal year

2006 as proposed by the Senate that address a variety of issues, including elder abuse, Native American issues and legal services. The House report did not include similar language.

Within the funding provided, the conference agreement includes \$3,000,000, as proposed by the House, for social research into Alzheimer's disease care options, best practices and other Alzheimer's research priorities that include research into cause, cure and care, as well as respite care, assisted living, the impact of intervention by social service agencies on victims, and related needs. The agreement recommends this research utilize and give discretion to area agencies on aging and their non-profit divisions in municipalities with aged populations (over the age of 60) of over 1,000,000, with preference given to the largest population. The conferees also recommend that unique partnerships to affect this research be considered for the selected area agency on aging. The Senate did not include funding for this activity.

Given the enormous demands on Alzheimer's family caregivers, the conferees have included \$1,000,000, as proposed by the Senate, to support an Alzheimer's family contact center for round-the-clock help to Alzheimer's families in crisis. The House did not include funding for this activity.

OFFICE OF THE SECRETARY

GENERAL DEPARTMENTAL MANAGEMENT

The conference agreement includes \$352,703,000 for general departmental management instead of \$338,695,000 as proposed by the House and \$363,614,000 as proposed by the Senate, along with \$5,851,000 from Medicare trust funds, which was provided by both the House and Senate. In addition, \$39,552,000 in program evaluation funding is provided, which was proposed by both the House and Senate.

The conference agreement includes bill language proposed by the Senate directing that specific information requests from the chairmen and ranking members of the Subcommittees on Labor, Health and Human Services, and Education, and Related Agencies, on scientific research or any other matter, be transmitted to the Committees on Appropriations in a prompt professional manner and within the time frame specified in the request. The bill language further directs that scientific information requested by the Committees on Appropriations and prepared by government researchers and scientists be transmitted to the Committees on Appropriations, uncensored and without delay. The House did not include such a provision.

The conference report does not include a general provision proposed by the Senate related to compliance with section 2 of the Improper Payments Information Act of 2002 (IPIA) for the Temporary Assistance for Needy Families Program, the Foster Care and Adoption Assistance program, the Medicaid program, the State Children's Health Insurance Program, and the Child Care and Development Block Grant program. The House bill did not contain similar language. The conferees request that not later than sixty days after the date of enactment of the Act the Secretary of Health and Human Services provides a report on this topic to the Appropriations Committees. In addition to the actions that have been taken to date, this report should include HHS's plans and the specific steps that are necessary to achieve compliance with section 2 in these programs.

The conference agreement includes \$2,500,000 to support the last year of the Citizens' Health Care Working Group established in the Medicare Modernization Act. The Sen-

ate proposed \$3,000,000 for this activity; the House report did not contain a similar provision.

The conference agreement includes \$500,000 with which the Secretary is directed to conduct a study to determine the best way to promote the use of advance directives among competent adults as a means of specifying their wishes about end of life care. The Senate report had a similar provision. The House report did not request such a study.

The conferees intend that, of the funding provided to the Office of Minority Health, no less than the fiscal year 2005 funding level be allocated to a culturally competent and linguistically appropriate public health response to the HIV/AIDS epidemic. The House report had a similar provision; the Senate report did not have such a provision.

The conference report does not include funding within the Office of the Secretary for the third year of the Ad Council's underage drinking media campaign as proposed by the House. The conferees have instead provided funding for this effort within the Substance Abuse and Mental Health Services Administration as proposed by the Senate.

The conferees are concerned about the diminished partnership between OMH and the nation's historically black medical schools. Despite repeated urging by the Committees, OMH has not maintained and cultivated cooperative agreements and other mechanisms of support with Meharry Medical College, Morehouse School of Medicine, and Charles R. Drew University of Medicine and Science. The conferees encourage OMH to: 1) re-establish its unique cooperative agreement with Meharry Medical College, 2) develop a formal partnership with the Morehouse School of Medicine and its National Center for Primary Care, and 3) coordinate a Public Health Service-wide response to the challenges facing the Charles R. Drew University of Medicine and Science, including expanded opportunities for biomedical research and support for residency training faculty.

The conferees recognize that gynecological cancers are treatable if diagnosed at an early stage, and are concerned about the low level of awareness among women concerning the early warning signs of gynecologic cancers. The conferees recognize that there are many activities undertaken by the Secretary to raise awareness about gynecologic cancers, but are concerned that a lack of coordination of these activities among the agencies may limit the effectiveness and outreach of these programs. The conferees encourage the Secretary to examine these programs, and coordinate their activities through the Office of Women's Health. The Secretary is also encouraged to consider developing a national education campaign.

OFFICE OF MEDICARE HEARINGS AND APPEALS

The conference agreement includes \$60,000,000 for this activity as proposed by the House instead of \$75,000,000 as proposed by the Senate.

OFFICE OF THE NATIONAL COORDINATOR FOR HEALTH INFORMATION TECHNOLOGY

The conference agreement includes \$61,700,000 for this activity, of which \$42,800,000 is provided in budget authority and \$18,900,000 is made available through the Public Health Service program evaluation set-aside. The House had provided a combined total of \$75,000,000 for this activity; the Senate provided a combined total of \$45,150,000.

The conference agreement does not include general provision language proposed by the Senate or similar language proposed by the House prohibiting the use of funds provided in the Act to implement any strategic plan that does not require a patient whose information is maintained by the Department to

be given notice if it is lost, stolen or used for another purpose. The conferees underscore the importance of consumer confidence in the privacy and security of their personal health information as a fundamental principle in all actions taken to carry out the HHS Health Information Technology (HIT) strategic plan. The conferees understand that HHS has funded a "Privacy and Security Solutions for Interoperable Health Information Exchange" contract to study and address variations in State law and business practices related to privacy and security that may pose challenges to interoperable health information exchange. Funds are included for the Office of the National Coordinator for Health Information Technology to continue its work to evaluate and initiate solutions, including those that will maintain the security and privacy protections for personal health information, as part of the Department's activities in carrying out its HIT strategic plan. The conferees request a report within 90 days describing how HHS plans to address privacy issues in the information technology program.

OFFICE OF INSPECTOR GENERAL

The conference agreement includes \$39,813,000 for the Office of Inspector General (OIG) as proposed by both the House and the Senate. The conferees expect that the OIG will utilize funds provided in section 121 of H.J. Res. 68 to provide continued oversight of Medicare Modernization Act implementation and the Medicare program.

PUBLIC HEALTH AND SOCIAL SERVICES EMERGENCY FUND

The conference agreement includes \$183,589,000 for the Public Health and Social Services Emergency Fund (PHSSEF) to enhance Federal, State, and local preparedness to counter potential biological, disease, chemical, and radiological threats to civilian populations, the same as proposed by the House. The Senate had provided \$8,158,589,000, with \$8,095,000,000 designated as an emergency requirement pursuant to the concurrent resolution on the budget for fiscal year 2006.

Within the amount provided, the conference agreement includes \$120,000,000, available until expended, for activities to ensure year-round production capacity of influenza vaccine. This is the same as proposed by the House. The Senate had incorporated this funding within the \$8,095,000,000 designated as emergency spending.

GENERAL PROVISIONS

HEAD START COMPENSATION

The conference agreement includes a general provision that prohibits the use of funds for Head Start to pay the compensation of an individual, either as direct costs or any proportion as an indirect cost, at a rate in excess of Executive Level II, as proposed by the House. The Senate bill did not contain a similar provision.

EVALUATION TAP AUTHORITY

The conference agreement includes a provision to allow for a 2.4 percent evaluation tap pursuant to section 241 of the Public Health Service Act. This tap is to be applied to programs authorized under the Public Health Service Act. The House bill contained a provision to allow for a 1.3 percent evaluation tap and the Senate bill allowed for a 2.5 percent evaluation tap.

ONE PERCENT TRANSFER AUTHORITY

The conference agreement includes language proposed by the Senate providing the Secretary of HHS with the authority to transfer up to 1 percent of discretionary funds between a program, project, or activity, but no such program, project or activity shall be increased by more than 3 percent by

any such transfer. Additionally, a program, project or activity may be increased up to an additional 2 percent subject to written approval of the House and Senate Appropriations Committees. The House bill included a similar provision, but allowed the authority to transfer between appropriations.

HIV RESEARCH FUNDS TRANSFER

The conference agreement includes a general provision as proposed by the House allowing the Director of the National Institutes of Health, jointly with the Director of the Office of AIDS Research, to transfer up to 3 percent of funding identified by these two directors as funding pertaining to HIV research among institutes and centers. The Senate included similar language.

COUNCIL ON GRADUATE MEDICAL EDUCATION

The conference agreement includes a general provision proposed by the Senate allowing for the continued operation of the Council on Graduate Medical Education. The House bill contained no similar provision.

SMALLPOX VACCINE INJURY COMPENSATION RESCISSION

The conference agreement includes a general provision rescinding \$10,000,000 from the smallpox vaccine injury compensation fund as proposed by the Senate. The House bill contained no similar provision.

NAMING OF CDC BUILDINGS

The conference agreement includes a general provision proposed by the Senate naming two Centers for Disease Control and Prevention buildings. The House did not include a similar provision.

POWER WHEELCHAIR REGULATIONS

The conference agreement modifies a general provision proposed by the Senate prohibiting funds to be used to implement or enforce Medicare regulations on power mobility devices prior to April 1, 2006. The conference agreement includes limitation language prohibiting the implementation of a regulation until April 1, 2006 and deletes the portions of the Senate provision that reduced payments for power mobility devices and established deadlines for future rule-making. The House bill contained no similar provision. The conferees concur in the intent of the Senate language that a proposed rule be published by January 1, 2006, followed by a 45-day period to comment on the proposed rule, and that by not later than February 14, 2006, a final rule be published, followed by a 45-day transition period for implementation.

HEAD START TRANSPORTATION WAIVER

The conference agreement modifies general provision language proposed by the Senate pertaining to waivers for the transportation of children enrolled in either Head Start or Early Head Start. The House included report language dealing with this issue.

HEAD START TRANSPORTATION REGULATION

The conference agreement includes a general provision that the regulation pertaining to Head Start transportation shall not be effective until June 30, 2006, or 60 days after the date of enactment of a statute that authorizes appropriations for fiscal year 2006 to carry out the Head Start Act, whichever date is earlier. This clarifying provision was not included in either the House or Senate bills.

HEALTH PROFESSIONS STUDENT LOAN RESCISSIONS

The conference agreement includes two general provisions rescinding unobligated balances of the Health Professions Student Loan Program and the Nursing Student Loan Program. The House and Senate included similar provisions for the Health Professions Student Loan Program.

DEPARTMENT OF HEALTH AND HUMAN SERVICES TRAVEL

The conference agreement includes a new provision granting authority to the Secretary to use, at his discretion, charter aircraft under contract with the Centers for Disease Control and Prevention (CDC). The Secretary has significant operational responsibilities in times of emergencies and in the days following such emergencies. The Department is the primary agency for directing public health and medical services in response to significant events. Due to the unpredictable nature of such events, the conferees believe the Secretary must be in a posture to respond and communicate as an event is unfolding. Yet, existing travel limitations on the Secretary make this extremely difficult. The availability of CDC's charter aircraft will allow the Secretary to immediately return to Washington or rapidly move to another location as the situation dictates, at the same time being able to securely communicate with and direct the Department.

The conference agreement also extends this authority to the Director of the Centers for Disease Control and Prevention. The conferees understand that, due to existing restrictions, the Director on a number of occasions has not been able to accompany employees of the Agency responding to public health emergencies.

The conferees expect the Secretary and the Director of CDC to exercise this authority in an economical and judicious manner. The conferees request that the Secretary report to the Committees on Appropriations of the House and Senate regarding the use of this authority in the annual justification of estimates for the Appropriations Committees and at the end of the third quarter of each fiscal year.

STATE PHARMACEUTICAL ASSISTANCE PROGRAMS

The conference agreement does not include a general provision proposed by the Senate to extend the availability of fiscal year 2005 funding appropriated for State Pharmaceutical Assistance Programs in the Medicare Modernization Act through fiscal year 2006. The House bill did not include a similar provision.

USE OF SOCIAL SECURITY NUMBERS ON MEDICARE ID CARDS

The conference agreement deletes without prejudice general provisions proposed by both the House and Senate relating to the use of Social Security numbers on Medicare ID cards. Language is included within the Centers for Medicare and Medicaid Services section of the statement of the managers.

RAPID ORAL HIV TESTS

The conference agreement does not include a general provision proposed by the Senate directing the Secretary of HHS to use funds appropriated in Title II of this Act to purchase not less than one million rapid oral HIV tests. The House did not include a similar provision.

TELEHEALTH APPROPRIATION

The conference agreement deletes without prejudice a general provision proposed by the Senate relating to increased funding for telehealth programs. Funding for telehealth programs is included within HRSA. The House did not include a similar provision.

DENTAL WORKFORCE PROGRAM

The conference agreement does not include a general provision proposed by the Senate earmarking, within funds appropriated to HRSA, grants for programs to address dental workforce needs. Funding for this program is included within HRSA program management. The House did not include a similar provision.

MEDICALLY ACCURATE INFORMATION IN ABSTINENCE PROGRAMS

The conference agreement does not include a general provision proposed by the Senate that none of the funds made available in the Act may be used to provide abstinence education that includes information that is medically inaccurate, which is defined by information that is unsupported or contradicted by peer-reviewed research by leading medical, psychological, psychiatric, and public health publications, organizations, and agencies. The House did not include a similar provision.

LOW-VISION REHABILITATION SERVICES DEMONSTRATION

The conference agreement deletes without prejudice a general provision proposed by the Senate appropriating funding for a low-vision rehabilitation services demonstration. The House bill contained no similar provision. The Secretary of HHS is strongly urged to implement the Low-Vision Rehabilitation Services Demonstration Project, which was originally requested in the fiscal year 2004 appropriations conference report. The demonstration is to examine the impact of standardized national coverage for vision rehabilitation services provided in the home by vision rehabilitation professionals under the Medicare program. The conferees expect the Secretary of HHS and CMS to take the necessary steps to finalize the design and structure of the demonstration project no later than January 1, 2006. The conferees intend the Secretary to expend from available funds appropriated to him, including transfers authorized under existing authorities from the Federal Supplementary Insurance Trust Fund, an amount not to exceed \$2,000,000 in fiscal year 2006. The conferees expect the Secretary to take steps to update the design and expand the size of the Low-Vision Rehabilitation Services Demonstration Project in fiscal year 2007.

DSH MEDICAID PAYMENTS TO THE STATE OF VIRGINIA

The conference agreement deletes without prejudice a general provision proposed by the Senate containing a sense of the Senate resolution expressing awareness of the issue of defining "hospital costs" incurred by the State of Virginia for purposes of Medicaid reimbursement and urging CMS to work with the State to resolve the pending issue. The House did not include a similar provision.

DEFIBRILLATION DEVICES

The conference agreement deletes without prejudice a general provision proposed by the Senate appropriating funds for the Automatic Defibrillation in Adam's Memory Act. Funding for this program is included within HRSA. The House did not include a similar provision.

OFFICE OF MINORITY HEALTH

The conference agreement does not include a general provision proposed by the Senate shifting funding to the Office of Minority Health from the Program Management account within CMS. Funding for the Office of Minority Health and CMS Program Management are included within those specific accounts. The House did not include a similar provision.

MOSQUITO ABATEMENT

The conference agreement does not include a general provision proposed by the Senate earmarking funds within CDC for mosquito abatement for safety and health. The House did not include a similar provision.

COMMUNITY HEALTH CENTERS

The conference agreement does not include a general provision proposed by the Senate increasing funding for the Community

Health Centers program. Funding for the Community Health Centers program is included within HRSA. The House did not include a similar provision.

HEALTH INFORMATION SECURITY

The conference agreement deletes without prejudice a general provision proposed by the Senate prohibiting the use of funds provided in the Act to implement any strategic plan that does not require a patient whose information is maintained by the Department to be given notice if it is lost, stolen or used for another purpose. The House bill contained a similar provision. Language is included within the Office of the National Coordinator for Health Information Technology section of the statement of the managers.

LIMITATION ON TRAVEL AND CONFERENCES

The conference agreement does not include a general provision proposed by the Senate reducing the appropriations for travel, conference programs and related expenses for the Department of Health and Human Services. The House did not include a similar provision.

HELP AMERICA VOTE ACT

The conference agreement does not include a general provision proposed by the Senate providing additional funding for the Help America Vote Act. Funding for programs authorized by the Help America Vote Act and administered by HHS are included within the Children and Families Services section of the Administration for Children and Families. The House did not include a similar provision.

TITLE III—DEPARTMENT OF EDUCATION EDUCATION FOR THE DISADVANTAGED

The conference agreement includes \$14,627,435,000 for the Education for the Disadvantaged account instead of \$14,728,735,000 as proposed by the House and \$14,532,785,000 as proposed by the Senate. The agreement provides \$7,244,134,000 in fiscal year 2006 and \$7,383,301,000 in fiscal year 2007 funding for this account.

The conference agreement includes \$100,000,000 for the Even Start program instead of \$200,000,000 as proposed by the House. The Senate bill did not include funding for this program.

The conferees intend for funds available under the Reading First program to be used for reading programs with the strongest possible scientific evidence of effectiveness. The conferees strongly urge the Department to provide clear guidance to its technical assistance centers and the States to: fully consider scientific evidence of effectiveness in rating programs for use under Reading First; contemplate expanded lists of allowable programs that include innovative programs with scientific evidence of effectiveness; when awarding new grants, consider giving preference to those schools that select programs with strong, scientific evidence of effectiveness; and ensure that comprehensive reading programs that have scientific evidence of effectiveness will be implemented in full, as they have been researched, without modification to conform to other models of instruction. The conferees also are concerned that certain practices under the Reading First program may unduly interfere with local control of curriculum. The conferees note that Reading First materials decisions are to be made at the school level, subject to the approval of the State.

The conference agreement includes \$30,000,000 for the Striving Readers program as proposed by the House instead of \$35,000,000 as proposed by the Senate.

The conference agreement also includes \$390,428,000 for the State Agency Migrant Education program as proposed by the House

instead of \$395,228,000 as proposed by the Senate.

The conference agreement includes \$50,300,000 for the Neglected and Delinquent program instead of \$49,600,000 as proposed by the House and \$51,000,000 as proposed by the Senate.

The conference agreement includes \$8,000,000 for Comprehensive School Reform quality initiatives. The House bill provided \$10,000,000 for the Comprehensive School Reform Demonstration program and the Senate bill did not include any funding related to Comprehensive School Reform. The conferees concur that comprehensive school reform (CSR) models provide an exemplary approach to raising academic achievement, particularly for schools that do not make adequate yearly progress under the No Child Left Behind Act. The conferees believe that States should utilize their four percent school improvement set-aside funds to support implementation of comprehensive school reform models with demonstrated success. The conferees strongly urge States to examine methods for distributing school improvement funds that will result in awards of sufficient size and scope to support the initial costs of comprehensive school reforms and to limit funding to programs that include each of the reform components described in section 1606(a) of the No Child Left Behind Act of 2001 and have the capacity to improve the academic achievement of all students in core academic subjects within participating schools. Further, the conferees intend that the Secretary shall notify States that schools currently receiving CSR sub-grants shall receive priority for targeted grants and/or technical assistance under section 1003(a) of ESEA.

The conference agreement also includes \$18,737,000 for the Migrant Education High School Equivalency program as proposed by the House instead of \$21,587,000 as proposed by the Senate.

IMPACT AID

The conference agreement includes bill language not included in either the House or Senate bill that restricts the release of impact aid construction funds to a formula distribution.

SCHOOL IMPROVEMENT PROGRAMS

The conference agreement includes \$5,308,564,000 for the School Improvement Programs account instead of \$5,393,765,000 as proposed by the House and \$5,457,953,000 as proposed by the Senate. The agreement provides \$3,873,564,000 in fiscal year 2006 and \$1,435,000,000 in fiscal year 2007 funding for this account.

The conference agreement includes \$184,000,000 for the Mathematics and Science Partnerships (MSP) program instead of \$190,000,000 as proposed by the House and \$178,560,000 as proposed by the Senate. The conferees urge the Secretary to encourage MSP grantees to incorporate advanced placement (AP) or pre-advanced placement (PRE-AP) staff development training into their math and science partnership projects to help teachers meet the highly qualified criteria under the No Child Left Behind Act. The AP and PRE-AP professional development initiatives support teachers' content and pedagogical knowledge development so that all students, regardless of whether or not they take AP, will receive rigorous, challenging math and science instruction. The AP math and science initiative has the primary objective of increasing the number of AP opportunities, AP participation rates, and postsecondary acceptance and success rates for disadvantaged students.

The conference agreement includes \$100,000,000 for State Grants for Innovative Education as proposed by the Senate instead

of \$198,400,000 as proposed by the House. The agreement also includes \$275,000,000 for Educational Technology State Grants instead of \$300,000,000 as proposed by the House and \$425,000,000 as proposed by the Senate.

The conferees are concerned that many schools are unable to properly assess the performance of students with disabilities and students with limited English proficiency. Therefore, the conferees urge the Department to continue to place a high priority on grant applications for funds available from the enhanced assessments instruments program that aim to improve the quality of state assessments for these two groups of students and to ensure the most accurate means of measuring their performance on these assessments.

The conference agreement includes \$9,693,000 for the Javits Gifted and Talented program instead of \$11,022,000 as proposed by the Senate. The House did not propose funding for this program.

The agreement also includes \$22,000,000 for the Foreign Language Assistance program instead of \$25,000,000 as proposed by the Senate. The House did not propose funding for this program. The conferees concur with all of the language contained in the Senate report related to the use of these funds and administration of this program. The conference agreement includes language in the Senate bill that prohibits funds from being used for the Foreign Language Incentive Fund program. The House bill did not include a similar provision.

The conference agreement includes \$34,250,000 for the Education of Native Hawaiians program instead of \$24,770,000 as proposed by the House and \$34,500,000 as proposed by the Senate. The agreement includes bill language that allows funds under this program to be used for construction, renovation and modernization of any elementary school, secondary school, or structure related to an elementary school or secondary school run by the Department of Education of the State of Hawaii that serves a predominantly Native Hawaiian student body as proposed by the Senate. The House bill did not include a similar provision.

The conference agreement also includes bill language, as proposed by the Senate, which provides not less than \$1,250,000 to the Hawaii Department of Education for school construction/renovation activities, and \$1,250,000 for the University of Hawaii's Center of Excellence in Native Hawaiian Law. The House bill did not include a similar provision.

The conference agreement includes \$34,250,000 for the Alaska Native Educational Equity program instead of \$31,224,000 as proposed by the House and \$34,500,000 as proposed by the Senate. The conference agreement includes bill language which allows funds available through this program to be used for construction, as proposed by the Senate. The House bill did not include a similar provision. The conferees direct the Department to use at least a portion of these funds to address the construction needs of rural schools.

The conferees are aware that the Department recently awarded a grant for a California Comprehensive Center, which will provide technical assistance to state and local educational agencies in California. This new Center will have to establish and develop a strong relationship to serve schools in Southern California, which has a majority of California's students and schools identified as in need of improvement as well as the highest number of English Language Learners and schools targeted for restructuring. The conferees encourage the Department of Education to ensure that this Center adequately addresses the needs of Southern California's local school districts.

INNOVATION AND IMPROVEMENT

The conference agreement includes \$945,947,000 for programs in the Innovation and Improvement account, instead of \$708,522,000 as proposed by the House and \$1,038,785,000 as proposed by the Senate.

The conference agreement includes \$21,750,000 for the National Writing Project program instead of \$20,336,000 as proposed by the House and \$23,000,000 as proposed by the Senate.

The conference agreement includes \$121,000,000 for the Teaching of Traditional American History program as proposed by the Senate. The House bill proposed \$50,000,000 for this program. The conferees direct the Department to continue its current policy of awarding 3-year grants. The conference agreement also includes bill language proposed by the Senate that allows not more than 3 percent of the funds available for this program to be used for technical assistance. The House bill did not include a similar provision.

The conference agreement includes \$14,880,000 for the School Leadership program as proposed by the House instead of \$15,000,000 as proposed by the Senate.

The conference agreement includes \$16,864,000 for the Advanced Credentialing program as proposed by the House instead of \$10,000,000 as proposed by the Senate. The conference agreement includes bill language that provides \$9,920,000 of these funds to the National Board for Professional Teaching Standards and \$6,944,000 to the American Board for the Certification of Teacher Excellence. The Senate bill included language that provided \$10,000,000 to the National Board for Professional Teaching Standards and the House bill did not include a similar provision.

The conference agreement includes \$36,981,000 for the Credit Enhancement for Charter Schools program as proposed by the House. The Senate did not propose funding for this program.

Fund for the Improvement of Education (FIE)

The conference agreement includes \$160,111,000 for the Fund for the Improvement of Education instead of \$27,000,000 as proposed by the House and \$387,424,000 as proposed by the Senate. The amount included in bill language for the Fund for the Improvement of Education provides an additional \$100,000,000 for the Teacher Incentive Fund, which is described later in this section.

The conference agreement includes funding for the following activities authorized under section 5411 of the Elementary and Secondary Education Act:

National Institute of Building Sciences for the National Clearinghouse for Educational Facilities	\$694,000
Presidential and Congressional American History and Civics Academies	2,000,000
Evaluation and data quality initiative	2,000,000
Reach out and Read, peer review, teacher quality and other activities	9,092,000

The conference agreement includes \$2,000,000 to carry out the American History and Civics Education Act of 2004, instead of \$10,000,000 as proposed by the Senate. The House bill did not include funding for this program. The conferees concur in the language contained in the Senate Report regarding the use of funds for this activity. The conferees intend \$1,265,000 will be used for Presidential Academies for Teaching of American History and Civics and the remaining funds will support the establishment of Congressional Academies for Students of American History and Civics.

The conferees direct the Department to implement the Act consistent with their intent, as reflected above, and request an implementation plan to be submitted to the House and Senate Committees on Appropriations within 30 days of enactment of the Department of Education Appropriations Act, 2006.

Within the total amount provided for FIE, the conference agreement also includes funding for separately authorized programs in the following amounts:

Reading is Fundamental ...	\$25,296,000
Star Schools	15,000,000
Ready to Teach	11,000,000
Education through Cultural and Historical Organizations	9,000,000
Arts in Education	35,633,000
Parental Information and Resource Centers	40,000,000
Excellence in Economic Education	1,488,000
Women's Educational Equity	2,956,000
Foundations for Learning Grants	992,000
Mental Health Integration Grants	4,960,000

For Arts in Education, the conferees intend that within this total, \$7,440,000 is for Very Special Arts and \$6,369,000 is for the John F. Kennedy Center for the Performing Arts. In addition, \$7,936,000 is for model professional development programs for music, drama, dance and visual arts educators and \$496,000 is for evaluation activities, as outlined by the Senate. The remaining \$13,392,000 is available to continue model arts programs.

While the conferees applaud the Department's efforts to help students learn foreign languages, they remain concerned that the Department, using data provided by the e-Language Learning System (eLLS), is developing web-based learning products that could be used in direct competition with the private sector. The conferees understand that, based on the President's budget request, the Department had no plans to continue this project in fiscal year 2006 using Star School funds. However, the conference agreement includes funds for the Star Schools program, which has been the primary source of funds for this activity. Therefore, the conferees direct the Department not to fund any grant that will compete directly with the private sector and further direct the Secretary to notify the House and Senate Appropriations Committees 15 days prior to any Department expenditures related to the eLLS project.

The conference agreement includes \$100,000,000 for a pilot program to develop and implement innovative ways to provide financial incentives for teachers and principals who raise student achievement and close the achievement gap in some of our Nation's highest-need schools, as proposed in the House bill. The Senate bill did not propose funding for this program.

The conferees intend that the Secretary use not less than 95 percent of these funds to award competitive grants to local educational agencies (LEAs), including charter schools that are LEAs, States, or partnerships of (1) a local educational agency, a State, or both and (2) at least one non-profit organization to design and implement fair, differentiated compensation systems for public school teachers and principals based primarily on measures of gains in student academic achievement, in addition to other factors, for teachers and principals in high-need schools. The conferees intend high-need schools to have the same meaning as the term is defined in section 2312 of the Elementary and Secondary Education Act. The con-

ferees further intend that each applicant demonstrate a significant investment in, and ensure the sustainability of, its project by committing to pay for an increasing share of the total cost of the project, for each year of the grant, with State, local, or other non-Federal funds.

The conference agreement includes bill language, modified from the House bill, which requires the Secretary to use funds for performance-based compensation systems that: consider gains in student academic achievement as well as classroom evaluations conducted multiple times during each school year and provide educators with incentives to take on additional responsibilities and leadership roles. In addition, the conferees urge the Secretary to give priority to applications that demonstrate the majority support of educators for such compensation systems.

The conference agreement also includes bill language, not included in either House or Senate bill, which allows not more than \$5,000,000 to be used to provide schools with assistance in implementing this program. The conferees intend that the Secretary use these funds for one or more grants to an organization or organizations with expertise in providing research-based expert advice to support schools initiating and implementing differentiated compensation systems, training school personnel, disseminating information on effective teacher compensation systems, and providing program outreach through a clearinghouse of best practices. The conferees also urge the Secretary to design an appropriate, long-term and rigorous evaluation, using randomized controlled trials to the extent practicable, of this program which will be used to inform Congress on the results achieved under this program.

Other programs

The conference agreement includes \$24,500,000 for the Ready to Learn program instead of \$25,000,000 as proposed by the Senate. The House bill did not include funding for this program. The conferees note that the original intent for the Ready to Learn program consisted of two distinct but coordinated elements: development of national educational programming that supports emergent literacy and other school readiness skills and community-based local outreach. The purpose of local outreach has been to extend the educational impact of the programming as well as to provide practical training for parents and educators on how to promote early learning and literacy and make responsible choices about television viewing. Given the demonstrated track record of the outreach component of the Ready to Learn program, the conferees believe that broad-based outreach, which capitalizes on the strength and reach of public television stations and includes local adult training workshops, should continue to be a central feature of this program. Therefore, the conference agreement includes an increase of \$1,188,000 over last year for additional support of the outreach project funded during the fiscal year 2005 competition.

The conference agreement includes \$4,900,000 for the Dropout Prevention program as proposed by the Senate. The House did not propose funding for this program.

The conference agreement includes \$32,500,000 for Advanced Placement programs instead of \$30,000,000 as proposed by the House and \$40,000,000 as proposed by the Senate.

The conference agreement does not include language proposed in the House bill related to the evaluation of the D.C. School Choice Incentive Act of 2003. The Senate bill did not include a similar provision.

SAFE SCHOOLS AND CITIZENSHIP EDUCATION

The conference agreement includes \$736,886,000 for programs in the Safe Schools

and Citizenship Education account instead of \$763,870,000 as proposed by the House and \$697,300,000 as proposed by the Senate.

The conference agreement includes \$350,000,000 for Safe and Drug-Free Schools State Grants instead of \$400,000,000 as proposed by the House and \$300,000,000 as proposed by the Senate.

The conferees are concerned that the Department of Education has neglected to report specific data to Congress as required under Section 4122(c) of Title IV, Part A of the No Child Left Behind Act. This data is required to be included in the State report under Section 4116 of the Safe and Drug-Free Schools and Communities program. The report specifically requires all States to collect and report to the Secretary, in a form specified by the Secretary, the following data: incidence and prevalence, age of onset, perception of health risk and perception of social disapproval of drug use and violence by youth in schools and communities. The conferees expect the Department to develop a plan for how it will collect the specified data from the States and report it to Congress in a timely manner. The plan should be submitted to the House and Senate authorizing, appropriations and oversight committees within 60 days of enactment of this bill.

The conference agreement includes \$142,537,000 for National Programs instead of \$152,537,000 as proposed by the House and \$150,000,000 as proposed by the Senate. The conference agreement includes funding for the following activities:

School Safety Initiatives ..	\$27,000,000
Planning/Needs Assessment/Data for State Grants	8,257,000
Safe Schools/Healthy Students	80,000,000
Drug Testing Initiative	9,180,000
Postsecondary Ed Drug and Violence Prevention (including \$850,000 for the recognition program)	7,500,000
Violence prevention impact evaluation	1,551,000
National Institute of Building Sciences for the National Clearinghouse for Educational Facilities	300,000
Project SERV	1,449,000
Other activities	7,300,000

The conferees direct the Department to implement the Act consistent with their intent, as reflected in the table above, and request an implementation plan to be submitted to the House and Senate Committees on Appropriations within 30 days of enactment of the Department of Education Appropriations Act, 2006.

The conference agreement includes bill language requiring the Department to spend \$850,000 for the National Recognition Awards program under the guidelines described in section 120(f) of Public Law 105-244 as proposed in the Senate bill. The House bill did not include a similar provision.

The conference agreement includes \$32,736,000 for Grants to Reduce Alcohol Abuse instead of \$33,500,000 as proposed by the Senate. The House did not propose funding for this activity.

The conference agreement includes \$35,000,000 for the Elementary and Secondary School Counseling program instead of \$34,720,000 as proposed by the House and \$36,000,000 as proposed by the Senate.

The conference agreement includes \$73,408,000 for the Physical Education program as proposed by the House, instead of \$74,000,000 as proposed by the Senate.

The conference agreement includes \$29,405,000 for the Civic Education program

to support both the We the People programs and the Cooperative Education Exchange as proposed by the House instead of \$30,000,000 as proposed by the Senate. The conferees intend that \$17,211,000 will be provided to the nonprofit Center for Civic Education to support We the People programs. Within the total for the We the People program, the conferees intend that \$3,025,000 be reserved to continue the comprehensive program to improve public knowledge, understanding, and support of American democratic institutions, which is a cooperative project among the Center for Civic Education, the Center on Congress at Indiana University, and the Trust for Representative Democracy at the National Conference of State Legislatures, and that \$1,513,000 be used for continuation of the school violence prevention demonstration program, including \$500,000 for the Native American initiative.

The conference agreement also includes \$12,194,000 for the Cooperative Education Exchange program. Within this amount, the conferees intend that \$4,573,000 is for the Center for Civic Education and \$4,573,000 is for the National Council on Economic Education, while the remaining \$3,048,000 should be used to continue the existing grants funded under the authorizing statute for civics and government education, and for economic education.

ENGLISH LANGUAGE ACQUISITION

The conference agreement includes \$675,765,000 for the English Language Acquisition account as proposed by the House instead of \$683,415,000 as proposed by the Senate.

SPECIAL EDUCATION

The conference agreement includes \$11,770,607,000 for the Special Education account instead of \$11,813,783,000 as proposed by the House and \$11,775,107,000 as proposed by the Senate. The agreement provides \$6,346,407,000 in fiscal year 2006 and \$5,424,200,000 in fiscal year 2007 funding for this account.

The conference agreement includes \$10,689,746,000 for Grants to States Part B as proposed by the Senate instead of \$10,739,746,000 as proposed by the House. The agreement also includes \$440,808,000 for Grants for Infants and Families as proposed by the House instead of \$444,308,000 as proposed by the Senate.

The conference agreement includes \$49,397,000 for Technical Assistance and Dissemination as proposed by the House instead of \$50,397,000 as proposed by the Senate.

The agreement also includes \$38,816,000 for Technology and Media Services as proposed by the Senate instead of \$31,992,000 as proposed by the House. Within this amount, \$1,500,000 is available for Public Telecommunications Information and Training Dissemination as proposed by the Senate. The House did not include funding for this activity. Also within this amount, the conference agreement includes \$12,000,000 for Recording for the Blind and Dyslexic, Inc. as proposed by the Senate instead of \$11,400,000 as proposed by the House.

REHABILITATION SERVICES AND DISABILITY RESEARCH

The conference agreement includes \$3,129,638,000 for Rehabilitation Services and Disability Research instead of \$3,128,638,000 as proposed by the House and \$3,133,638,000 as proposed by the Senate.

The conference agreement includes \$1,000,000 to continue an award to the American Academy of Orthotists and Prosthetists (AAOP) for activities that further the purposes of the grant received by the Academy for the period beginning October 1, 2003 as proposed by the Senate. The House bill did not include a similar provision.

The conference agreement includes \$30,760,000 for assistive technology instead of \$29,760,000 as proposed by the House and \$34,760,000 as proposed by the Senate. Within this amount, the conferees intend that \$21,552,000 shall be for the state grant program, \$4,385,000 for grants for protection and advocacy, \$1,063,000 for national activities and \$3,760,000 for alternative financing programs.

SPECIAL INSTITUTIONS FOR PERSONS WITH DISABILITIES

AMERICAN PRINTING HOUSE FOR THE BLIND

The conference agreement includes \$17,750,000 for the American Printing House for the Blind instead of \$17,000,000 as proposed by the House and \$18,500,000 as proposed by the Senate.

NATIONAL TECHNICAL INSTITUTE FOR THE DEAF

The conference agreement includes \$56,708,000 for the National Technical Institute for the Deaf instead of \$56,137,000 as proposed by the House and \$57,279,000 as proposed by the Senate.

GALLAUDET UNIVERSITY

The conference agreement includes \$108,079,000 for Gallaudet University instead of \$107,657,000 as proposed by the House and \$108,500,000 as proposed by the Senate.

VOCATIONAL AND ADULT EDUCATION

The conference agreement includes \$2,012,282,000 for Vocational and Adult Education instead of \$1,991,782,000 as proposed by the House and \$1,927,016,000 as proposed by the Senate. The agreement provides \$1,221,282,000 in fiscal year 2006 and \$791,000,000 in fiscal year 2007 funding for this account.

The conference agreement includes \$9,257,000 for Vocational Education National programs, as proposed by the Senate. The House included \$11,757,000 for National programs.

The conference agreement includes \$569,672,000 for Adult Education State Grants as proposed by the House, instead of \$572,922,000 as proposed by the Senate.

The conference agreement includes \$94,476,000 for the Smaller Learning Communities program as proposed by the House. The Senate bill did not include funding for this program. The conferees agree that these funds shall be used only for activities related to establishing smaller learning communities within large high schools or small high schools that provide alternatives for students enrolled in large high schools. The conferees again direct that the Department consult with the House and Senate Committees on Appropriations prior to the release of program guidance for the fiscal years 2005 and 2006 Smaller Learning Communities grant competitions. The conferees urge that a greater share of the 5 percent set-aside for national activities be used to support direct technical assistance to grantees through regional laboratories, university-based organizations, and other entities with expertise in high school reform, and request a report not later than January 1, 2006 on its planned use of this set-aside in fiscal year 2005. Further, the conferees strongly encourage the Department to enter into a jointly funded program with a private or public foundation with expertise in designing and implementing small schools in order to further leverage the Federal investment in smaller learning communities.

The conference agreement includes \$23,000,000 for State Grants for Incarcerated Youth Offenders, instead of \$24,000,000 as proposed by the Senate. The House did not include funding for this program. The conferees concur with the language included in the Senate Report regarding the administration of this program.

The conference agreement does not include funding for Community Technology Centers, as proposed by the House. The Senate included \$4,960,000 for this activity.

STUDENT FINANCIAL ASSISTANCE

The conference agreement includes \$15,077,752,000 for Student Financial Assistance instead of \$15,283,752,000 as proposed by the House and \$15,103,795,000 as proposed by the Senate.

The agreement provides a program level of \$13,177,000,000 for Pell Grants as proposed by the Senate instead of \$13,383,000,000 as proposed by the House. The agreement maintains the maximum Pell Grant at \$4,050 as proposed by the Senate rather than \$4,100 as proposed by the House. Additional funds are included in section 305 of this Act to completely pay down the shortfall that has been accumulating in the Pell Grant program over the last several fiscal years as proposed by both the House and Senate.

The conferees believe it is essential for Congress to have the most accurate and reliable information available to make decisions regarding the allocation of limited discretionary funding. Therefore, the conferees direct the Department of Education to provide to the House and Senate Committees on Appropriations, on a quarterly basis, updated estimates of the cost of the Pell Grant program, based on current law and the most current data related to valid applications, applicant type, and other information incorporated into the Department's Pell Grant forecasting model.

The conference agreement also includes \$778,720,000 for the supplemental educational opportunity grant program as proposed by the House instead of \$804,763,000 as proposed by the Senate.

The conference agreement provides \$990,257,000 for Federal work-study programs as proposed by both the House and Senate. Within this total, the conference agreement includes \$6,000,000, as proposed by the Senate, for the work colleges program. The House report did not include similar language.

STUDENT AID ADMINISTRATION

The conference agreement includes \$120,000,000 for student aid administration as proposed by the Senate instead of \$124,084,000 as proposed by the House.

HIGHER EDUCATION

The conference agreement includes \$1,970,760,000 for Higher Education instead of \$1,936,936,000 as proposed by the House and \$2,112,958,000 as proposed by the Senate. The conference agreement does not include bill language as proposed by the Senate regarding the use of funds to develop a strategic plan for foreign student access to American colleges and universities. The House bill did not include similar language.

Aid for institutional development

The conference agreement includes \$95,873,000 for Hispanic Serving Institutions as proposed by the House instead of \$100,823,000 as proposed by the Senate. The conference agreement also includes \$11,904,000 for Alaska and Native Hawaiian Institutions as proposed by the Senate instead of \$6,500,000 as proposed by the House. *Fund for the improvement of postsecondary education*

The conference agreement includes \$22,211,000 for the Fund for the Improvement of Postsecondary Education instead of \$49,211,000 as proposed by the House and \$157,211,000 as proposed by the Senate.

Other programs

The conference agreement includes \$836,543,000 for TRIO as proposed by the House instead of \$841,543,000 as proposed by the Senate.

The conference agreement includes \$306,488,000 for the GEAR UP program, the same level proposed by both the House and the Senate. The conferees intend that funds be awarded on an annual basis and that the Department consult with Congressional committees of jurisdiction prior to new grant competition announcements. The conference agreement provides a sixth and final year award to grantees first funded in 2001, while continuing all other funded projects. The conferees also intend that these funds are available to eligible 2000 grantees that opt to apply for new grant awards servicing a cohort no later than seventh grade, and are allowed to continue assisting students who have not yet completed the program through high school graduation.

The conference agreement includes sufficient funds for a GEAR UP competition in fiscal year 2006 for new partnership awards. The twin goals of GEAR UP are to ensure that low-income students are academically prepared for college and that they receive scholarships to enable them to actually attend college. Accordingly, the conferees encourage the Department to give consideration in the 2006 GEAR UP competition to partnerships that, in addition to providing early intervention services, guarantee college scholarships to GEAR UP students.

The conference agreement includes \$41,000,000 for Byrd Honors Scholarships and \$6,944,000 for demonstrations in disabilities as proposed by the Senate. The House did not propose funding for these activities.

The conference agreement includes \$60,500,000 for the Teacher Quality Enhancement Grants program. The House and Senate proposed \$58,000,000 for this program.

The conference agreement includes \$2,000,000 for the Underground Railroad program instead of \$2,204,000 as proposed by the Senate and \$2,976,000 for Thurgood Marshall Scholarships instead of \$3,500,000 as proposed by the Senate. The House did not propose funding these activities.

The conference agreement also includes \$980,000 for Olympic Scholarships as proposed by the House. The Senate bill did not provide funding for this program.

HOWARD UNIVERSITY

The conference agreement includes \$239,790,000 for Howard University instead of \$240,790,000 as proposed by the House and \$238,789,000 as proposed by the Senate.

INSTITUTE OF EDUCATION SCIENCES

The conference agreement includes \$522,695,000 for the Institute of Education Sciences (IES) instead of \$522,696,000 as proposed by the House and \$529,695,000 as proposed by the Senate.

The conferees concur with the language included in the House report that a key purpose of public education is being neglected: the civic mission of schools to educate our young people for democracy and to prepare them to be engaged citizens. The National Assessments of Educational Progress in civics and history are the best way we have to measure how well schools are doing in fulfilling this purpose. Therefore, the conferees request that the National Assessment Governing Board, in consultation with the Commissioner, National Center for Education Statistics, prepare a report on the feasibility of the National Assessment of Educational Progress conducting State level assessments in the subjects of U.S. history and civics at grades 8 and 12 and, if feasible, the earliest schedule under which such assessments could be administered. The Governing Board shall, within 180 days of enactment of this Act, submit the feasibility report to the House and Senate Appropriations Committees, the House Education and the Workforce Committee, the Senate Health, Education, Labor

and Pensions Committee, and the Secretary of Education. The Senate report did not include similar language.

The conferees are very concerned with the funding levels directed to the Research and Development Centers. The current levels, which are \$10,000,000 less than the amount outlined in the fiscal year 2005 and fiscal year 2006 budget justifications, are inadequate to create long-term comprehensive interdisciplinary programs. The conferees have therefore included bill language requiring IES to provide \$25,257,000 for Research and Development Centers. The conferees direct that these funds be used to support not less than eight Research and Development Centers, as authorized by law.

The conferees expect, as stated in the fiscal year 2005 statement of the managers and the fiscal year 2006 budget justification, that funds in excess of those amounts needed to maintain or establish new centers, be used for supplemental awards to Research and Development Centers. The conferees further expect that funds be used to make adjustments to studies or services as needs arise. The conferees believe that current funding levels provide for inflexible, narrowly focused research rather than work that is of sufficient size and scope to be effective. The conferees also believe it is essential that centers not be restricted to particular research methodologies but instead use rigorous methods to address areas of high priority. The conferees request the IES to submit a report within 45 days of enactment of this Act on the steps it will take to comply with Congressional intent.

The conferees urge the Department's National Center for Education Statistics to use the Fast Response Survey System to collect data for the report of Arts Education in Public Elementary and Secondary Schools during the 2006-2007 school year. The conferees expect this survey and reporting to have the comprehensive quality of the 2002 report and include national samples of elementary and secondary school principals, as well as surveys of elementary and secondary classroom teachers and arts specialists.

DEPARTMENTAL MANAGEMENT

The conference agreement includes \$415,303,000 for Departmental program administration instead of \$410,612,000 as proposed by the House and \$411,992,000 as proposed by the Senate. The agreement also includes \$49,000,000 for the Office of the Inspector General as proposed by the House instead of \$49,408,000 as proposed by the Senate.

The conferees concur with the views expressed in the House report with regard to the Communities Can program and its role in enhancing integrated and coordinated services for children with disabilities and their families. The conferees request that the plan of action for carrying forward this activity be provided to both the House and Senate Appropriations Committees. The Senate did not include similar language.

The conference agreement concurs with language contained in the Senate report regarding the proposed reorganization of the regional office structure within the Rehabilitation Services Administration. Therefore, the conferees request a report that describes the steps taken to reach out to stakeholder groups on this issue; a detailed plan for ensuring that policy guidance, technical assistance and program monitoring will be of higher quality and more timely than currently available; and the specific performance goals under the proposed reorganization for frequency of monitoring visits, and timeliness and relevancy of technical assistance, compared to the actual performance under the current administrative structure. The conferees expect to receive this report not later

than 60 days after enactment of this Act, but encourage the Department to make it available as soon as possible. The House report expressed similar concerns, but used different language.

The conferees are concerned that the Department, in implementing Reading First and other programs authorized by the No Child Left Behind Act, which are required to implement activities that are backed by scientifically based research, may not be effectively helping States and local educational agencies implement program studies. The conferees therefore request the Secretary to submit a report to the House and Senate Committees on Appropriations within 30 days of the enactment of this Act, on the actions that program offices have taken or will take, effective this fiscal year, in the selection, oversight, and evaluation of grantees, to ensure that grantees effectively implement such research-based programs, including close replication of the specific elements of these programs.

TITLE III—GENERAL PROVISIONS

PELL GRANT SHORTFALL

The conference agreement includes a general provision as proposed by the Senate providing \$4,300,000,000 for the purpose of eliminating the estimated accumulated shortfall of budget authority for the Pell Grant program. The House bill contained the same provision, but used slightly different language.

MISSISSIPPI BAND OF CHOCTAW INDIANS

The conference agreement includes a general provision as proposed by the Senate to authorize educational and cultural programs relating to the Mississippi Band of Choctaw Indians. The House bill contained no similar provision.

IMPACT AID

The conference agreement does not include a general provision proposed by the Senate relating to applications filed by two school districts in Colorado and Arizona. The House bill contained no similar provision.

VIOLENCE PREVENTION

The conference agreement does not include a provision proposed by the Senate relating to a study to evaluate the effectiveness of violence prevention programs. The House did not include a similar provision.

ASSESSMENT OF EDUCATION PROGRESS TESTS IN U.S. HISTORY

The conference agreement does not include a general provision as proposed by the Senate providing additional funding for a national assessment of education progress tests in United States history. The House bill contained no similar provision.

DROPOUT PREVENTION PROGRAMS

The conference agreement does not include a general provision as proposed by the Senate providing additional funding for school dropout prevention programs. Funding for this program is included under the heading, "Innovation and Improvement." The House bill contained no similar provision.

ADVANCED PLACEMENT PROGRAMS

The conference agreement does not include a general provision as proposed by the Senate providing additional funding for advanced placement programs. Funding for this program is included under the heading, "Innovation and Improvement." The House bill contained no similar provision.

THURGOOD MARSHALL AND OFFICE OF SPECIAL EDUCATION PROGRAMS

The conference agreement does not include a general provision as proposed by the Senate providing additional funding for the Thurgood Marshall Legal Education Oppor-

tunity Program and the Office of Special Education Programs. Funding for these activities is included under the headings, "Higher Education" and "Special Education" respectively. The House bill contained no similar provision.

FEDERAL TRIO PROGRAMS

The conference agreement does not include a general provision as proposed by the Senate providing additional funding for Federal TRIO programs. Funding for this program is included under the heading, "Higher Education." The House bill contained no similar provision.

EDUCATION PROGRAMS SERVING HISPANIC STUDENTS

The conference agreement does not include a general provision as proposed by the Senate providing additional funding for education programs to improve Hispanic educational opportunities. Funding for these programs is included elsewhere in Title III. The House bill contained no similar provision.

TITLE IV—RELATED AGENCIES

CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

The conference agreement includes \$909,049,000 for the Corporation for National and Community Service, the same as the House, instead of \$935,205,000 as proposed by the Senate.

DOMESTIC VOLUNTEER SERVICE PROGRAMS, OPERATING EXPENSES

The conference agreement includes \$316,212,000 for the Domestic Volunteer Service programs as proposed by the Senate instead of \$357,962,000 as proposed by the House.

National Senior Volunteer Corps

The conference agreement includes \$219,784,000 for fiscal year 2006 for the National Senior Volunteer Corps programs, as proposed by the House and the Senate. The conferees concur with language in the Senate report that directs that the Corporation shall comply with the directive that use of PNS funding increases in the Foster Grandparents Program, Retired Senior Volunteer Program, Senior Companion Program, and Volunteers in Service to America shall not be restricted to any particular activity and further direct that the Corporation shall not stipulate a minimum or maximum for PNS grant augmentation.

Program administration

The conference agreement includes funds for the administration of the Domestic Volunteer Service of America program administration in the NCSA account as proposed by the Senate.

NATIONAL AND COMMUNITY SERVICE PROGRAMS, OPERATING EXPENSES

(INCLUDING TRANSFER OF FUNDS)

The conference agreement includes \$520,087,000 for the programs authorized under the National Community Service Act of 1990, instead of \$518,087,000 as proposed by the House and \$546,243,000 as proposed by the Senate. The conference agreement includes \$267,500,000 for AmeriCorps State and National operating grants, as proposed by the House instead of \$280,000,000 as proposed by the Senate. The conference agreement includes \$140,000,000 for the National Service Trust instead of \$146,000,000 as proposed by the House and \$149,000,000 as proposed by the Senate. The conference agreement includes \$16,445,000 for subtitle H fund activities instead of \$9,945,000 as proposed by the House and \$15,945,000 as proposed by the Senate. The conference agreement includes \$27,000,000 for AmeriCorps National Civilian Community Corps as proposed by the Senate

instead of \$25,500,000 as proposed by the House. The conference agreement includes \$37,500,000 for Learn and Serve as proposed by the House instead of \$42,656,000 as proposed by the Senate.

AmeriCorps Grants Program

The conferees concur with language proposed by the Senate to keep the Committees better informed of the recipients receiving AmeriCorps funding. The conferees direct the Corporation to publish in its fiscal year 2007 budget justifications a list of recipients that have received more than \$500,000 from the Corporation, delineated by program, and the amount and source of both Federal and non-Federal funds that were received by each recipient.

Innovation, assistance and other activities

Within the \$16,445,000 for innovation, demonstration, and assistance activities, the conference agreement includes \$4,000,000 for Teach for America and \$2,000,000 for Communities in Schools, Inc., as proposed by the Senate.

AmeriCorps National Civilian Community Corps

The conference agreement includes \$27,000,000 for the NCCC and within this amount, \$1,500,000, as proposed by the Senate, is to conduct an evaluation of current NCCC site placement and expansion of new sites in the Southern and Midwestern United States, in accordance with the report issued on March 1, 2005.

SALARIES AND EXPENSES

The conference agreement includes \$66,750,000 for the Corporation's salaries and expenses, as proposed by the Senate. This includes \$39,750,000 for administration of the DVSA programs. The House bill had provided salaries and expenses in two separate accounts, but for the same total amount. The conferees reiterate that Subtitle H funds for Innovation, Assistance and Other Activities shall not be used to pay Corporation staff.

OFFICE OF INSPECTOR GENERAL

The conference agreement includes \$6,000,000 for the Office of Inspector General (OIG) as proposed by the House and Senate. The conferees concur with language proposed by the Senate directing the OIG to continue reviewing the Corporation's management of the National Service Trust fund. The conferees direct the OIG to review the monthly Trust reports and to notify the Committees on Appropriations on the accuracy of the reports.

CORPORATION FOR PUBLIC BROADCASTING

The conference agreement includes \$30,000,000 for digital conversion, instead of \$35,000,000 as proposed by the Senate. The House had proposed providing authority for CPB to utilize previously appropriated funds for this purpose.

The conference agreement also includes \$35,000,000 for the replacement project of the satellite interconnection system, instead of \$40,000,000 as proposed by the Senate. The House had proposed providing authority for CPB to utilize previously appropriated funds for this purpose.

The conferees request that the Corporation for Public Broadcasting (CPB) Inspector General submit a status report to the House and Senate Committees on Appropriations not later than June 1, 2006 on actions CPB management and its Board of Directors have taken in response to the Inspector General's November 15, 2005 report and any outstanding issues or recommendations in the report that may remain unaddressed.

FEDERAL MEDIATION AND CONCILIATION SERVICE

The conference agreement includes \$43,031,000 for the Federal Mediation and

Conciliation Service (FMCS) instead of \$42,331,000 as proposed by the House and \$43,439,000 as proposed by the Senate.

The conference agreement includes \$400,000 for FMCS Labor-Management Grants Program instead of \$500,000 as proposed by the Senate. The House bill did not include funding for this program. The 1978 Labor-Management Cooperation Act authorized the Agency to encourage and support joint labor-management committees. This program awards grants to encourage these committees to develop innovative joint approaches to workplace problems and solutions.

The conference agreement includes \$300,000 for the FMCS program to prevent youth violence.

INSTITUTE OF MUSEUM AND LIBRARY SERVICES

The conference agreement provides \$249,640,000 for the Institute of Museum and Library Services as proposed by the House instead of \$290,129,000 as proposed by the Senate.

Within the total for the Institute, the conference agreement includes funding for the following activities in the following amounts.

(Dollars in thousands)	
Program	FY 2006
Museums for America	\$17,325
Museum Assessment	446
Museum Conservation Projects ...	2,800
Museum Conservation Assessment	815
Museum Natl. Leadership Proj. ...	8,000
Native American Museum Services	920
21st Century Museum Professionals	992
Museum Grants, African American History and Culture	850
Library Serv. State Grants	165,400
Native American Library Services	3,675
Library Natl. Leadership Grants	12,500
Laura Bush 21st Century Librarian Program	24,000
Administration	11,917

The conferees concur with language proposed by the House to rename the Librarians for the 21st Century Program in honor of the First Lady, the Laura Bush 21st Century Librarians Program.

NATIONAL COUNCIL ON DISABILITY

The conference agreement includes \$3,144,000 for the National Council on Disability instead of \$2,800,000 as proposed by the House and \$3,344,000 as proposed by the Senate.

NATIONAL LABOR RELATIONS BOARD

The conferees concur with language in the Senate report regarding the NLRB's plan to restructure its regional offices and specifically oppose the elimination of Region 30.

RAILROAD RETIREMENT BOARD

LIMITATION ON ADMINISTRATION

The conferees are concerned about a proposal to consolidate the financial statements and audit of the National Railroad Retirement Investment Trust with the financial statements and audit of the Railroad Retirement Board in the context of the preparation of the Railroad Retirement Board's fiscal year 2006 Statement of Social Insurance. The conferees note that the Railroad Retirement and Survivors' Improvement Act of 2001 mandates that the Trust functions independently from the Railroad Retirement Board. Further, the Act specifically requires a separate audit of the Trust by a nongovernmental auditor, and requires that the results of this audit be included in the Trust's Annual Management Report to Congress. The conferees expect that the Trust be adminis-

tered and audited solely in conformance with the Act of 2001.

LIMITATION ON THE OFFICE OF INSPECTOR GENERAL

The conference agreement does not include language proposed by the Senate that allows the Office of the Inspector General to conduct audits, investigations, and reviews of the Medicare programs.

SOCIAL SECURITY ADMINISTRATION

SUPPLEMENTAL SECURITY INCOME PROGRAM

The conference agreement includes \$29,369,174,000 for the Supplemental Security Income Program instead of \$29,533,174,000 as proposed by the House and \$29,510,574,000 as proposed by the Senate. The conference agreement also includes an advance appropriation of \$11,110,000,000, as proposed by both the House and the Senate, for the first quarter of fiscal year 2007, to ensure uninterrupted benefit payments. Also within the total, \$2,733,000,000 is included for the administrative costs of the program rather than \$2,897,000,000 as proposed by the House and \$2,874,400,000 as proposed by the Senate.

The conference agreement does not include a provision proposed by the Senate that changes the delivery date of benefit payments from fiscal year 2006 to 2007. The House did not include this provision.

LIMITATION ON ADMINISTRATIVE EXPENSES

The conference agreement includes \$9,199,400,000 for the limitation on administrative expenses rather than \$9,279,700,000 as proposed by the House and \$9,329,400,000 as proposed by the Senate.

OFFICE OF INSPECTOR GENERAL

(INCLUDING TRANSFER OF FUNDS)

The conference agreement includes \$92,400,000 for the Office of Inspector General rather than \$92,805,000 as proposed by the House and \$93,000,000 as proposed by the Senate.

TITLE V—GENERAL PROVISIONS

USE OF APPROPRIATED FUNDS FOR PUBLICITY AND PROPAGANDA

The conference agreement includes a general provision as proposed by the Senate pertaining to the use of appropriated funds for publicity or propaganda purposes. The House bill included a similar provision, but expanded the scope to include private contractors.

STERILE NEEDLE PROGRAM

The conference agreement includes a general provision as proposed by the Senate pertaining to sterile needle programs. The Senate bill made a minor technical change to the language carried in prior years. The House bill included the same provision, but without the technical modification.

USE OF FEDERAL FUNDS FOR ABORTIONS

The conference agreement includes a general provision as proposed by the Senate pertaining to the use of federal funds in the Act for abortions. The Senate bill made a minor technical change to the language carried in prior years. The House bill included the same provision, but without the technical modification.

CONSCIENCE CLAUSE

The conference agreement includes a general provision as proposed by the House regarding discrimination against those health care providers or institutions who are opposed to abortion. The Senate bill proposed to modify this provision.

EMBRYO RESEARCH BAN

The conference report includes a technical correction to the longstanding bill language prohibiting funds to be used for research involving the creation or destruction of human

embryos. The citation of the Code of Federal Regulations contained in both the House and Senate versions of the bill is corrected.

VETERANS' EMPLOYMENT REPORT

The conference agreement includes a general provision as proposed by the Senate pertaining to the availability of funds to enter into or renew any contract with an entity that is subject to submitting a report concerning the employment of certain veterans. The House bill did not include this provision.

LIMITATION ON LIBRARIES

The conference agreement includes a limitation, carried in prior years, on the ability of a library to access funding provided under this Act unless the library is in compliance with the Children's Internet Protections Act, as proposed by the House. The Senate bill did not include this provision.

LIMITATION ON SCHOOLS

The conference agreement includes a limitation, carried in prior years, on the ability of an elementary or secondary school to access technology funding provided under this Act unless the school is in compliance with the Children's Internet Protections Act, as proposed by the House. The Senate bill did not include this provision.

REPROGRAMMING OF FUNDS

The conference agreement includes a general provision as proposed by the House pertaining to the reprogramming of funds. The Senate bill included the same substantive provision, but with minor technical differences.

IMMIGRATION AND NATIONALITY ACT AMENDMENT

The conference agreement includes a general provision amending the Immigration and Nationality Act as proposed by the Senate. The House bill did not include this provision.

SCIENTIFIC ADVISORY COMMITTEE APPOINTMENTS

The conference agreement includes a general provision as proposed by the Senate pertaining to appointments to a scientific advisory committee, instead of a similar provision included in the House bill.

ERECTILE DYSFUNCTION (E.D.) DRUGS FUNDS LIMITATION

The conference agreement includes a general provision as proposed by the Senate prohibiting the use of funds for drugs approved to treat E.D. The House bill included a similar provision, but with slightly different language.

AVAILABILITY OF MMA FUNDS

The conference agreement does not include a general provision as proposed by the House extending the availability of funds provided by the Medicare Modernization Act from fiscal year 2005 to fiscal year 2006. The Senate bill did not include this provision.

LIMITATION OF FUNDS FOR SEXUAL OR ERECTILE DYSFUNCTION TREATMENT

The conference agreement does not include a general provision as proposed by the House pertaining to the payment for or the reimbursement of a drug for the treatment of sexual or erectile dysfunction funded in this Act for individuals who have been convicted for sexual abuse, sexual assault or any other sexual offense. PEAK OIL

The SPEAKER pro tempore (Mr. JINDAL). Under the Speaker's announced policy of January 4, 2005, the gentleman from Maryland (Mr. BARTLETT) is recognized for 60 minutes.

Mr. BARTLETT of Maryland. Mr. Speaker, I have in front of me a document called Peaking of World Oil Production, Impacts, Mitigation and Risk Management. As I look at the second page, it says this report was prepared as an account of work sponsored by an agency of the United States Government. That agency was the Department of Energy, and the organization that was funded to do this work was SAIC, a very prestigious, scientific organization.

Dr. Robert Hirsch was a project leader. He was supported by Roger Bezdek and Robert Wendling in this very important work. It was submitted in February of 2005.

What I would like to do this evening is to go through the salient points of this so-called Hirsch report. Remem-

ber, it was funded by the Department of Energy, and it was performed by a very prestigious scientific organization, SAIC.

I have here a quote from page four of this report. This is so important, I have highlighted a couple of phrases, but I would like to read these couple of statements here, because they are so important. The peaking of world oil production presents the United States and the world with an unprecedented risk management problem. What that means is that never in history has there been a risk management problem like this. It is unprecedented, they say.

As peaking is approached, liquid fuel prices and price volatility will increase dramatically and without timely mitigation. The economic, social and political costs will be unprecedented.

Mr. Speaker, what that means is that never in history has there been an occasion when economic, social and political costs will be this big. Viable, mitigation options exist on both the supply and demand sides, but to have substantial impact, they must be initiated more than a decade in advance of peaking.

Dealing with world oil production, peaking will be extremely complex, involve literally trillions of dollars. Now, around here, we talk a lot about billions of dollars, but seldom about trillions of dollars. This will cost trillions of dollars and require many years of intense effort.

Mr. Speaker, what are they talking about? What is this oil peaking that they are talking about that is going to present unprecedented risk-management problems, and have economic, social and political costs, which will be unprecedented? What we need to do to put in this in context to understand it is to go back about 60 years, and our next chart helps us do that?

This begins with the work of a Shell oil scientist by the name of M. King Hubbert. M. King Hubbert worked during the 1940s and 1950s. He was observing the exploitation and the exhaustion of oil fields. He noticed that each oil field followed what we call a bell curve, goes up steeper and steeper, finally reaches a peak, and then down the other side.

He saw this in field after field. He rationalized if he could add up all the fields in the United States and guess as to how many more we were going to find, he could then estimate when the United States would peak in oil production. He made that estimate in 1956, and he said that the United States would peak in oil production about 1970.

As it turned out, he was right on target. You can see here from the graph, this peak in 1970. The smooth curve here is his prediction. The more ragged curve, or the actual data points, and you see that right on target, it peaked in 1970.

The red curve here is the curve for the Soviet Union, now Russia. They kind of fell apart with their dissolu-

tion, and they did not reach their potential, so there is going to be a second kind of a much lower short peak here. Russia has already peaked in their oil production.

Mr. Speaker, more than half of all of the oil-producing countries in the world, some 25, I believe, have already peaked. Their peak oil production is already behind them. The next chart shows a schematic that helps us understand this, perhaps a little better.

This represents a 2 percent exponential growth in oil. Now, all the oil that was produced was used. For the first part of the curve the production of oil and the use of oil are the same thing. Obviously, you are not going to produce oil that you do not use.

If you need more oil, and it can be produced, your price indicators will mean that more oil is going to be produced. So for this part of the curve, we have used the oil as fast as we produced it.

At some point in time, it will peak. It peaked for the United States in 1970. M. King Hubbert said it would peak for the world about now. Actually, he said a few years earlier, but he could not have known of the Arab oil embargo and the world oil price hike spikes which sent the world into a recession, which reduced the demand for oil. That moved the peak a little forward. We believe, many observers believe, that we are peaking about now, or will shortly be peaking.

Mr. Speaker, I hope that the message that is in this document, peaking of world oil production, and the things that I am going to say, I hope they are wrong. Because if they are not wrong, we in United States and the world is in for a very rough ride. By the way, we can make this a very sharp peak or a very gradual one, by simply changing the scale on the abscissa and the ordinate. This represents a 2 percent increase in oil use.

It is 2 percent of what it was last year, so it keeps growing, it grows what we call exponentially. With a 2 percent growth, it doubles in 35 years. Since this point is half of that point on the ordinate scale, this represents 35 years.

So you see that some years before we actually reach peak, and we believe that we may be here at this point, but a few years before you reach peak, you actually are not producing as much as you would like to use. Just a very few years ago in 1998, I think, oil was under \$10 a barrel, and now it was about \$60 a barrel. So, clearly, there is not as much there as the world would like to use; and because there is not as much there, there is a higher demand for it, and so the price goes up.

We will be talking this evening about filling the gap. This is the gap we are talking about filling here. What are we going to do now that we have reached this point? There are two things we can do. One of them is simply reduce our
