

Getting Down to Research

Name(s): _____ Date: _____

It is time to learn more about one of the settlement groups in early Canada. Use a KWL organizer (What I know, What I would like to know, What I learned) to help you.

- Before you start your research write down what you already know about the settlement group in the first column.
- In the second column write down some questions that you think might help you find out more. Think of the 5Ws and How.
- Now read the text and study the pictures on *The Kids' Site of Canadian Settlement* to find answers to your questions. Write your answers in the third column.

Settlement Group: _____

Instructions

Excellent

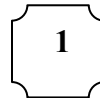

Good

Fair

Needs Improvement

In the box at the end of each line write the number that best describes your work in this activity.

<p>Quality of Learning Goals I/We wrote good questions to guide my research. The questions were about a variety of topics.</p>	
<p>Quality of Action I/We found good answers for the questions using both the secondary and primary sources provided for the settlement group from the Web site.</p>	
<p>Going Beyond If I/we couldn't find the answer to my question on this site I/we went to other sources to find the answers.</p>	

Student Reflection

This was the most important thing I **knew** about this settlement group before I did my research.

This was the most important thing I **wanted** to know about this settlement group before I did my research.

This was the most important thing I **learned** about this settlement group.
