The Elements (Music)

Elements of Music	Comments for Song
<p>Rhythm: Rhythm is the repeated movement of sounds through time. In songs, the words usually match the rhythm. Everything we sing or say has a rhythm. For example, try singing or saying a lullaby, nursery rhyme, skipping song or rap. Beat, accent and tempo are all part of rhythm.</p> <ul style="list-style-type: none">• Beat is the regular pulse (the ticking of a clock, the sound of a car's windshield wipers).• Accent is where the strongest emphasis is placed as in <i>one</i>, two, three, <i>one</i>, two, three.• Tempo is the speed: how fast or slow the music is. <p><i>Can you find the beat through clapping? Can you find the accent? What happens when you change the tempo?</i></p>	
<p>Melody: Melody is the tune. The tune is made up of musical notes or pitches that make up a pattern. When you add words to a melody, it becomes a song.</p> <ul style="list-style-type: none">• Notes can be high, low or in-between. Their height is called the pitch. <p><i>What words would you use to describe the melody or tune of this music?</i></p>	
<p>Timbre: Timbre is what makes one instrument or voice sound different from another.</p> <p><i>What instruments do you recognize in this music? Why do you think these instruments were selected?</i></p>
