Notes:

(1) Active apprentices in BC now include Oil & Gas Rig Technicians registered in Alberta but living in BC. The total reported by Alberta as of July 2007 is 321 (August 2007 data is unavailable at this time). Total active apprentices per AIMS 34,984 + 321 = 35,305. Total Certificates includes certificates issued to Oil & Gas Rig Technicians registered in Alberta but living in BC. The total reported by Alberta as of July 2007 is 24 (August 2007 data is unavailable at this time). Total certificates issued per AIMS 2,412 + 24 = 2,436.

(2) Completion rate is a measure of the number of apprentices who have completed their program and obtained their certificate of qualification within 6 years of initial registration. The co-hort of newly registered apprentices from Fiscal 2001/02 on a quarter by quarter basis are compared each quarter to same quarter in Fiscal 2007/08 to determine the status of the apprentice after 6 years since registration. Results are rounded up to the nearest % with no decimals.

(3) Foundation Programs are pre-apprenticeship programs directly aligned with apprenticeship programs, which provide one pathway into industry training. This category includes both newly approved industry-driven programs as well as those previously known as Entry Level Trades Training (ELTT). Foundation Program criteria were established during 2006/07 and registration processes are currently being established with training providers. The 2005/06 Results represent the number of participants beginning Foundation Programs in fiscal year 2005-06. The March 31, 2007 numbers will be included in the F 2006/07 Annual Report. Registered Participants data is extracted from the Ministry of Advanced Education's Central Data Warehouse.

(4) The number of youth includes participants in the SSA and ACE IT programs. Total number of Youth = Active SSA participants (2,147) plus active ACE IT participants (3,055) less youth in both programs (374) = total youth 4,828.

(5) Criteria for a functioning ITO: Board and Governance structure in place, CEO appointed, approved Service Plan. Functioning ITOs as of this report: Automotive Industry Training Association (AITA), Construction Industry Training Organization (CITO), HortEd BC, GO2, Residential Construction ITO (RCITO), and RTO BC Resource Training Organization.

(6) Alternative technical training is operationally defined as delivery models other than traditional block release, time based technical training delivered in institutional contexts. Alternative models can include: Part time technical training (e.g. evenings & weekends); Competency-based, block release technical training; E-learning & distance learning based technical training; Work-based technical training.

(7) Apprenticeship training spaces purchased YTD total is the number of planned apprenticeship training spaces as submitted by public and private training institutions and includes seats forecasted for new/pilot programs.

(8) Cost per participant trained = Total dollars spent in 2006/07 (\$91,131,676) divided by Actual filled training seats (22,882) = \$3,983 per participant trained. "Actual filled training seats" is a count of the reported seats filled by public institutions, private trainers and pilot programs.

(9) Programs Updated 2005/06 (9): Cook, Formwork Technician, Glazier, Marine Repair Technician, Residential Construction Framing Technician, Roadbuilder Foundation, Reinforcing Steel Installer, Tilesetter, Wall and Ceiling Installer **Programs Updated 2006/07 (13):** Automotive Refinishing Prep Technician, Automotive Refinishing Technician (Painter), Bricklayer, Construction Orientation and Retention for Employment (C.O.R.E.), Heavy Equipment Operator, Horticulture Foundation, Landscape Horticulture, Mobile Crane - Hydraulic Under 80 Ton, Mobile Crane - Hydraulic Unrestricted, Mobile Crane - Hydraulic Lattice Boom, Mobile Crane - Lattice Boom Friction, Motor Vehicle Body Repair, Production Horticulture **Programs Updated 2007/08 ():**

(10) Customer Service Index scores are subject to a margin of error of + or - 1.9. Stakeholder Awareness scores are subject to a margin of error of + or - 1.3%.

(11) Customer Service performance standards are the elapsed number of days from the receipt of the request / information and notification back to the trainee/apprentice/applicant.

(12) Percentage of BC youth who intend to pursue a trades qualification after high school as measured through a survey. Youth for this measure are students in grades 10 - 12.

(1) The number of credentials issued was re-stated effective March 31, 2005. The data element previously used to determine the monthly certificates issued was not a fixed date. The certificate issue date was selected as the most appropriate and constant measure.

(2) The term "Challengers" is being used to avoid potential confusion with Equivalency numbers issued to tradespersons deemed as "equivalent" to a certified tradesperson. Challengers credential count was amended in February 2007 to include credentials issued to challengers (including no exam/no Inter Provincial Standard Endorsement (IPSE) and no exam/with IPSE).
