

Year of the boar

Women continue to overshadow men in this year of the pig, particularly middle-aged women, who find it easier to climb to senior corporate and political positions. A shaky foundation results in accidents involving height: misadventures in outer space such as malfunctioning satellites, collapsing bridges, unstable high-rises and airplane problems.

BOAR 1995 1983 1971 1959 1947 1935

A lucky sign helps you cope with accidents and health problems. Being adventurous causes unnecessary troubles, so think twice and, if in doubt, seek advice. Staying mobile brings career opportunities. Romance is volatile, but that lucky sign helps stave off trouble.

TIGER

A romantic year for the tigress. Hearing wedding bells? Watch your finances, however, as income is unstable. Great year for singers, speakers, actors, preachers, teachers and sales agents. Controversy comes this year so watch words and actions.

SHEEP

Lucky signs abound, as the sheep connects with the boar. Excellent year for work — expect promotions and business expansions. A banner year for romance. If single, consider marriage; if married, relations improve.

MONKEY

Dominant lucky signs help this year, including a powerful learning star. Loneliness leads to increased spirituality. Equal parts logic and intuition make decisions difficult. Work is more significant than wealth, which is proportionate to your mobility level.

DOG
