REDETERMINATION 2013

NOTICE OF HEARING

TAKE NOTICE that the Patented Medicine Prices Review Board (the "Board") will hold a hearing in its offices in the Standard Life Centre, 333 Laurier Avenue West, Ottawa, Ontario, on October 9 and 10, 2013.

A. Purpose of the Hearing

1. The purpose of the hearing is to determine whether, under sections 83 and 85 of the *Patent Act* (the "Act"), the Respondent, formerly Teva Neuroscience G.P.-S.E.N.C, is selling or has sold the medicine known as Copaxone 20mg/1.0 mL syringe (Drug Identification Number ("DIN") 02245619) in any market in Canada at a price that, in the Board's opinion, is or was excessive and if so, what order, if any, should be made.

B. Power of Board With Respect to Excessive Prices

2. In the event that the Board finds that the Respondent is selling Copaxone in any market in Canada at a price that, in the Board's opinion, is excessive, the Board may, by order, direct the Respondent to cause the maximum price at which the Respondent sells Copaxone in that market to be reduced to such level as the Board considers not to be excessive and as is specified in the order.

3. In addition, in the event that the Board finds that the Respondent has, while a patentee, sold Copaxone in any market in Canada at a price that, in the Board's opinion was excessive, the Board may, by order, direct the Respondent to do any one or more of the following things as will, in the Board's opinion, offset the amount of the excess revenue determined by it to have been derived by the Respondent from the sale of Copaxone:

- a) reduce the price at which the Respondent sells the medicine in any market in Canada, to such extent and for such period as is specified in the order;

- b) reduce the price at which the Respondent sells one other medicine to which a patented invention of the Respondent pertains in any market in Canada, to such extent and for such period as is specified in the order;
- c) pay to Her Majesty in right of Canada an amount specified in the order.

C. Procedure

- 4. The Hearing Panel has determined that it will base the second redetermination of the matter on the existing evidentiary record and up-to-date price information.
- 5. The Board has a public interest mandate to conduct its hearings as expeditiously as fairness permits. The Board will conduct this proceeding in accordance with the Patented Medicine Prices Review Board Rules (the "Rules"), unless otherwise provided in this Notice of Hearing or in any subsequent communication from the Board.
- 6. The Board will conduct the hearing in public unless the Board is satisfied on representations made and evidence filed by the Respondent that specific, direct and substantial harm would be caused to the Respondent by the disclosure of information or documents at a public hearing, in which case the hearing or any part thereof may, at the discretion of the Board, be held in private.

D. Statement of Allegations

- 7. As per the Board's instructions of June 11, 2013, Board Staff has filed an Amended Statement of Allegations dated June 24, 2013.

E. Response
