

Western Economic  
Diversification Canada

Diversification de l'économie  
de l'Ouest Canada

# Annual Report to Parliament 2013-2014

Administration of the  
*Access to Information Act*

Canada

## PREFACE

As the federal economic development department for Western Canada, Western Economic Diversification Canada (WD) develops and supports economic policies, programs and activities that promote economic growth and assists Western Canada in responding to the economic challenges and opportunities it faces.

With offices in each western province and its headquarters in Edmonton, WD provides a strong federal presence in the economic development of the West. Its western base has enabled the department to develop an understanding of Western Canada and foster extensive partnerships with business and community organizations, research and academic institutions, as well as provincial and municipal governments.

These connections enable the department to identify and support economic opportunities in the West and to leverage its investments to benefit the western Canadian economy. WD communicates western perspectives to national economic policy and program decision-makers, working within the federal system to ensure that western interests and perspectives are considered in federal decision making.

WD focuses its activities in three program areas:

- **Business Development and Innovation**: WD helps small and medium-sized enterprises (SME) develop and grow, create jobs, expand their markets, increase their exports and become more innovative and productive. The department assists SMEs with international business engagement and works to attract investment to the region, as well as assist western Canadian SMEs to access opportunities linked to government procurement. Further, WD promotes the development and growth of the knowledge-based economy by building innovation capacity and supporting the commercialization of new knowledge-based products, processes and services.
- **Community Economic Growth**: WD helps communities sustain their local economies and adjust to changing economic circumstances through departmental programs and by delivering national initiatives on behalf of the Government of Canada in Western Canada. WD also supports community-based organizations that provide western entrepreneurs with the information, training and loans they need to start and grow their businesses.
- **Policy, Advocacy and Coordination**: WD identifies opportunities to strengthen the western Canadian economy and coordinate economic development activities, policies and programs across the West. WD works to build strategic relationships with key decision makers across Canada and works with western Canadian industry on defence-related procurement opportunities.

Over the past year, as a result of broad-based engagement across Western Canada, the department has developed a strategic agenda to help create jobs and economic growth in the region, focusing on the priorities of: Innovation; Defence Procurement; Trade and Investment; Aboriginal Economic Development; and Skills Development and Training.

WD also delivers national initiatives on behalf of the Government of Canada in Western Canada. These have included the Community Infrastructure Improvement Fund to upgrade and expand western Canadian infrastructure, the Economic Development Initiative aimed at supporting businesses and economic development in western Canadian Francophone communities, as well as programs within the Economic Action Plan. WD's flexibility and ability to implement programs such as these enables it to respond quickly to the priorities and needs of the West.

## INTRODUCTION

The *Access to Information Act* extends the present laws of Canada to provide all Canadian citizens, permanent residents and corporations present in Canada with a right of access to any record under the control of a government institution that is not of a personal nature. In accordance with the principles that government information should be available to the public, this access to information is balanced against the legitimate need to protect sensitive information and permit effective functioning of government. Necessary exceptions should be limited and specific.

Further, the Act complements, but does not replace, other procedures for obtaining government information, and is not intended to limit access to government information normally available to the public upon request.

A department of the Government of Canada, Western Economic Diversification Canada (WD) was established in 1987 under the provisions of the *Western Economic Diversification Act*, and mandated to promote the development and diversification of the economy of Western Canada and to advance the interests of the West in national economic policy, program and project development and implementation. This broad mandate allows the department to implement tailored programs and initiatives to assist western Canadians to create strong, competitive and innovative businesses and communities.

WD is committed to both the spirit and the intent of the Act, to ensure transparency and accountability within the department. This report describes how the department administered the Act during fiscal year 2013-2014, and fulfills the requirements under Section 72 that every government institution must prepare an annual report on the administration of this Act each fiscal year and ensure it is tabled in Parliament.

WD will publish its Annual Report to Parliament on its public website ([www.wd-deo.gc.ca](http://www.wd-deo.gc.ca)) once it has been tabled in the House of Commons and Senate.

## ADMINISTRATION OF THE ACT

### Access to Information and Privacy Unit

Western Economic Diversification Canada's (WD) Access to Information and Privacy (ATIP) Unit is located in Edmonton, Alberta. The unit oversees the administration of the Act, and is part of the Finance and Corporate Management Directorate. The ATIP Coordinator (Executive Director, Finance and Corporate Management) is supported by the Deputy Access to Information and Privacy Coordinator (Manager, Corporate Administration), and one full-time ATIP Officer.

These individuals are accountable for the development, coordination and implementation of effective policies, guidelines, systems and procedures to ensure the Minister's responsibilities under the Act are met, and to enable the monitoring and timely processing and proper disclosure of information to our clients.

The primary responsibilities of WD's ATIP Unit include:

- processing access requests in accordance with the Act;
- assist requestors in formulating their requests when required;
- responding to consultations from other federal institutions on WD records or information being considered for release;
- applying all discretionary and mandatory exemptions in accordance with the provisions of the Act;
- developing and maintaining policies, procedures and guidelines to ensure the Act is respected by staff;
- promoting awareness of the Act within the department to ensure staff is aware of the obligations imposed by the legislation;
- preparing annual reports to Parliament and other statutory requirements, such as annual statistical reports and the department's Info Source chapter, as well as any material that may be required by central agencies;
- representing WD in dealings with Treasury Board Secretariat, the Office of the Information Commissioner of Canada and other federal organizations regarding the application of the Act as it relates to WD;
- monitoring departmental compliance with the Act, its regulations, and relevant policies and procedures; and
- providing ongoing advice and guidance to senior management and staff on information management and access to information legislation.

Regional ATIP Liaison Officers (RALOs) are located in each of WD's regional offices and corporate business units. These individuals are the first point of contact and identify the appropriate subject experts, coordinate retrieval of records responding to access requests, and liaise between the ATIP Unit and regional staff concerning enquiries.

The ATIP Unit monitors the processing of all access requests. The ATIP Coordinator and the department's Executive Committee, RALOs and Communications officials receive weekly status reports of all active formal and informal access requests and consultations.

The ATIP Unit utilizes an ATIP database management system for all administrative actions; however, it processes all records in paper format, except where lists are compiled into Excel format and provided to the applicant electronically. WD does not utilize an electronic redaction system for processing its records.

## Delegation of Authority

In accordance with section 73 of the *Access to Information Act*, the Honourable Rona Ambrose, Minister of Health and Minister of Western Economic Diversification delegated her full powers, authorities and responsibilities to the Executive Director, Finance and Corporate Management (ATIP Coordinator) and Manager, Corporate Administration (Deputy ATIP Coordinator). The delegation also extends limited authority to the ATIP Officer to acknowledge access requests, undertake consultations, and manage related extensions. The delegation order issued on September 30, 2013, is attached in Annex A.

## Departmental Policies and Procedures

There were no changes made to WD's Access to Information policy suite, including the Access to Information Procedures Manual, during the 2013-2014 fiscal year as a result of changes in TBS policies or directives, or changes as result of issues raised by the Office of the Information Commissioner or other agents of Parliament.

The department posts summaries of its closed access to information requests to WD's public website. These postings are also hyperlinked to the "[Open Government](#)" website.

## Education, Training and Awareness

Staff training and awareness activities include:

- The ATIP Officer provides ongoing advice on access to information issues, provides guidance on how the department processes access requests, and the rationale required to apply the exemptions and exclusions to Regional ATIP Liaison Officers and staff to increase awareness of the Act.
- In 2013-2014, the ATIP Unit conducted 14 pre-processing meetings throughout the year, which were attended by various subject expert and departmental officials from all five regional offices and two corporate business units as appropriate. These meetings are conducted as new access requests are received and are approximately one-half hour in length, depending on the complexities of the request. They are intended to provide guidance on the records retrieval and review process, recommendations required by the ATIP Unit, and identify volumes of records, potential sensitivities, etc. In total, 61 individuals participated in these meetings.

Classification Level	# of Participants	Classification Level	# of Participants	Classification Level	# of Participants

- Access and privacy tips, entitled “*The ATIP Eye*”, are sent to WD staff via e-mail notices and posted on the department’s intranet site. The tips provide information updates and advice on frequently asked questions, specific exemptions, or areas where the department might improve on its obligations under the Act. In 2013–2014, topics included:
  - Access and Privacy Policy Suite
  - ATIP Learning Opportunities
  - What is a Transitory or Draft Record?
- WD promoted Right to Know Week (September 23-28, 2013) via e-mail to all staff as a news bulletin on the department’s intranet site.
- The department maintains an Access to Information and Privacy presence on its intranet site that includes policies, procedures, training and awareness presentations, relevant links to useful sites related to access and privacy, and contact information, as well as “The ATIP Eye” tips.

The Deputy ATIP Coordinator and ATIP Officer attended the Access and Privacy Conference held in Edmonton in June 2013. The Deputy ATIP Coordinator attended the TBS ATIP Coordinators and Practitioners meetings in September 2013. The ATIP Officer participated via teleconference in the November 2013 TBS meetings, and also participated via teleconference in two TBS training sessions on Sections 18 and 69 of the *Access to Information Act* in December 2013.

## TRENDS AND STATISTICAL OVERVIEW

### Highlights, Challenges and Trends

- There was a substantial increase in the number of requests received under the *Access to Information Act* in 2013-2014. Specifically, within a one month period from mid-January to mid-February 2014, 10 new requests were received, or one-third of the department's access caseload for the entire fiscal year.
- The sharp increase in requests, combined with the volume of records and complexities of requests was a challenge.
- The ATIP Case Management System utilized by the department does not accurately capture the statistics required by the Treasury Board Secretariat, and annual statistical reporting required substantial manual calculations.
- WD recognized Right to Know Week (September 24-28, 2013) via e-mail to all staff as a news bulletin on the department's intranet site.

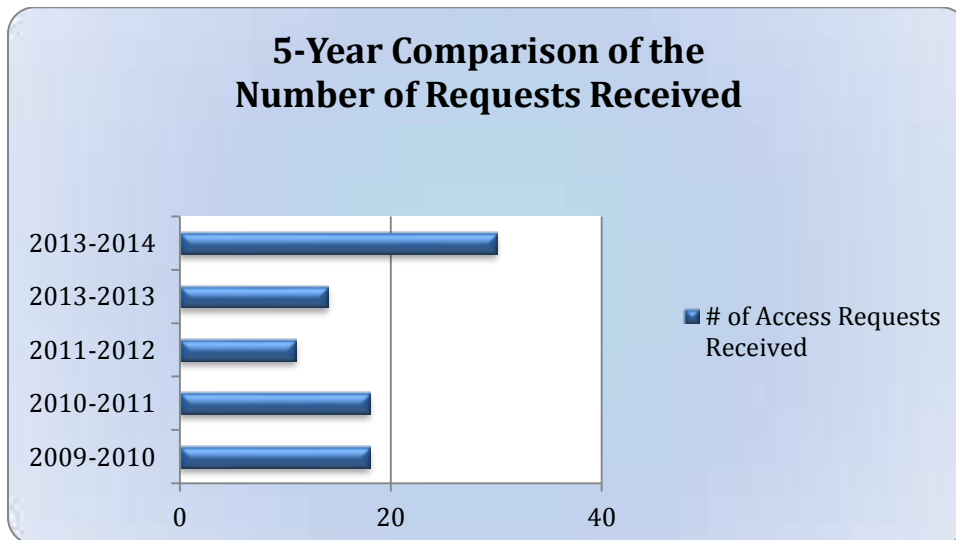

### Statistical Overview

The following information provides additional context to the statistical details found in WD's 2013-2014 statistical report (Annex B – "Statistical Report on the *Access to Information Act*").

#### A. Requests Received Pursuant to the *Access to Information Act*

Between April 1, 2013 and March 31, 2014, WD received 30 requests for information pursuant to the *Access to Information Act*.

The accompanying chart shows the comparison of new of requests received by the department over the past five years.

## B. Sources of Formal Requests

The breakdown of the sources of requests received in 2013-2014 is as follows:

- Twelve (40 percent) from the media;
- Five (16.5 percent) each from academia and the general public; and
- Four (13.5 percent) each from business (private sector) and other organizations (political party);

The accompanying chart shows a five-year comparison of sources of access requests to WD.

In addition, as a result of the posting of summaries of closed access requests, WD processed eight requests for copies of previously disclosed access requests. No application fees or response timelines apply to these informal requests.

## C. Disposition and Completion Times

In total, 28 access requests were completed during the reporting period; two requests were carried forward into 2014-2015 fiscal year.

With regard to the completed requests, one request was transferred, eight requests were abandoned by the applicants, and no records existed for four requests.

While the workload of an abandoned request usually is minimal, one request created a substantial workload for both the subject experts and ATIP Unit. The request involved the initial retrieval and review of over 10,000 pages of records, 1,788 which were determined to be relevant, before the requestor abandoned the request after 39 days. Subsequently, the requestor submitted two separate requests, which required that the relevant pages from the abandoned request be further reviewed against the new request requirements, and extensive cross-referencing of previously provided advice between the two new files.

Similarly, five other abandoned requests took considerable time and research to provide details of where information was available in the public domain before the requestor abandoned their requests.

The breakdown of the disposition and completion times of the requests is as follows:

Disposition of Completed Requests	1-15 days	16-30 days	31-60 days	61-120 days	TOTAL
All disclosed		3	2		5
Disclosed in part		2	3	4	9
All exempted		1			1
No records exist	4				4
Request transferred	1				1
Request abandoned	2	5	1		8
<b>TOTAL</b>	<b>7</b>	<b>11</b>	<b>6</b>	<b>4</b>	<b>28</b>

#### D. Extensions of Time Limits and Consultations

Section 9 of the Act provides for the extension of the statutory time limits if the request is for a large volume of records or necessitates a search through a large volume of records and meeting the original time limit would unreasonably interfere with the operations of the department; also, if consultations are necessary.

In 2013-2014, WD required extensions due to interference with departmental operations on four requests. These extensions may be considered if processing the request within 30 days would require the transfer of resources from a business unit to the ATIP office, monopolize a significant portion of the resources of the office of primary interest to the detriment of its core functions, or the request would use such a high proportion of the resources of the ATIP Unit that it would have a significant negative impact on the processing of other requests.

Six requests required extensions to complete necessary consultations with other government departments and/or third parties.

#### E. Exemptions and Exclusions Invoked

Of the 28 requests closed in 2013-2014, exemptions were applied pursuant to the Act on 10 requests. If three different exemptions were applied to a request, one exemption under each relevant section would be reported for a total of three; however, the same exemption claimed several times in the same request is captured only once in the statistics.

The accompanying table compares the number of exemptions applied during 2013-2104 and 2012-2013 fiscal years.

Exemption Invoked	Subsection	2013-2014	2012-2013
13(1)	(c)	0	1
14	(a)	4	1
	(b)	3	1

Exemption Invoked	Subsection	2013-2014	2012-2013
16(2)		0	0
16.1(1)	(a)	0	1
	(a)(ii)	3	0
18	(b)	1	0
19(1)		6	6
20(1)	(b)	9	9
	(c)	7	4
	(d)	4	4
21(1)	(a)	8	7
	(b)	7	4
	(c)	6	4
	(d)	4	3
22		1	0
23		2	3
26		1	1

Section 20(1) was the most utilized exemption during the reporting period, having been applied to nine requests. Section 21(1) was applied to eight requests.

The Act does not apply to certain materials such as published material pursuant to Section 68 or confidences of the Queen's Privy Council pursuant to Section 69. Of the 28 requested closed in 2013-2014, WD did not invoke Section 68 during this reporting period. Section 69 was invoked pursuant to the Act on four requests during the reporting period as noted below.

To clarify statistics pertaining to Section 69, three requests were received for the same information. Of these, only the original request involved a Cabinet confidence consultation. The same advice was applied to the two subsequent requests which were received prior to completion of the original request.

Exclusion Invoked	Subsection	2013-2014	2012-2013
69(1)	(a)	3	0
	(d)	3	0
	(e)	1	0
	(g) re (a)	4	0
	(g) re (c)	3	0
	(g) re (e)	3	0

## F. Other Government Department Consultations

WD was consulted by other federal departments on 24 occasions in 2013-2014. No consultations were received from other organizations in 2013-2014. In total, WD received 24 consultations in 2012-2013.

- Of these consultations, four were courtesy notices. WD, however, reviews this information carefully to ensure the information being disclosed about the department is accurate.
- WD recommended full disclosure of information pertaining to our department on 14 consultation requests.
- WD recommended partial disclosure of information pertaining to our department on six consultation requests.
- WD reviewed 396 pages in total.
- WD responded to 22 consultations within 15 days, and the remaining two consults within 18 days.

## G. Complaints, Audits and Investigations

WD received no complaints pursuant to the *Access to Information Act* in 2013–2014, and there were no audits or investigations undertaken or concluded during the reporting period. Further, there were no appeals or applications submitted to the Federal Court.

## H. Fees Collected and Operational Costs Associated with Administering the Act

Access to Information fees collected during the reporting period totalled \$135. In total, \$30 in application fees were either refunded or waived as a result of the requests subsequently being abandoned. During the same period, WD waived reproduction fees totalling \$145.

WD's cost for administering the *Access to Information Act* is estimated as follows:

- the ATIP Unit salary costs, including a portion of the ATIP Coordinator's and Deputy ATIP Coordinator's salaries, and 90 percent of the ATIP Officer's salary (a total of 1.09 FTE/year);
- goods and services, including professional services contracts and other expenses, including the ATIP case management system licensing, and ATIP unit travel and training costs;
- additional salary-related costs, which incorporate estimated costs for other departmental officials to retrieve, review and make recommendations concerning records responding to access requests, information technology support, and translation of staff awareness materials and access-related documents.

ATIP Unit Salaries	\$85,088
Goods and Services	\$13,159
<b>Total ATIP Unit Costs</b>	<b>\$98,247</b>
Additional salary-related costs	\$16,809
<b>TOTAL DEPARTMENTAL COSTS</b>	<b>\$115,056</b>

The additional costs included above, which are not all captured in the Statistical Report, provide a more complete picture of the overall cost to the department to administer all aspects of its activities related to the *Access to Information Act*.
