

House of Commons

INDIVIDUAL MEMBER'S EXPENDITURES

FOR THE FISCAL YEAR 2004-2005

Introduction

- The Speaker of the House of Commons, on behalf of the Board of Internal Economy (BOIE), tables the consolidated report on Individual Member's Expenditures on an annual basis pursuant to BOIE by-laws. The tabling of the consolidated Individual Member's Expenditures report coincides with the tabling of the Public Accounts of Canada. Prior to tabling, Members receive a copy of their Individual Expenditures report for their review.
- In the report, seats held by the following former Members during the fiscal year are identified as "vacant" followed by the constituency name: The Honourable John Harvard (resigned May 6, 2004) and Mr. Lawrence O'Brien (deceased December 16, 2004). Following the resignation or death of a Member, the Party Whips of the former Member ensure that constituents continue to be served until the date of a general election or by-election. Prior to tabling, reports for vacant seats are sent to the Party Whips.
- Expenditures in this report reflect the fiscal year 2004-2005, covering both the 37th and 38th Parliaments as follows: 3 months (April 1, 2004 to June 27, 2004) for Members of the 37th who did not return to the 38th Parliament, 9 months (June 28, 2004 to March 31, 2005) for newly elected Members to the 38th Parliament, 12 months (April 1, 2004 to March 31, 2005) for Members re-elected to the 38th Parliament.
- The Individual Member's Expenditures are presented in two categories: expenditures charged to each Member's Office Budget and as Support Provided by the House.
- During the course of the fiscal year 2004-2005, the following changes to the travel provisions were adopted:
 - Effective April 1, 2004, the Member's Travel Status Expenses Account increased from \$16,000 to \$20,000;
 - Effective June 28, 2004, the types of allowable accommodation expenses chargeable to the Travel Status Expenses Account were expanded for Members who rent or lease a secondary residence;
 - Effective December 6, 2004, Members can travel to Washington D.C. on parliamentary business up to 4 times in a fiscal year.
- The expenses reported are, to some extent, reflective of the characteristics of the constituency that each Member represents. For example, the constituency size and its distance from Ottawa would be determining factors on travel and telephone expenditures, whereas the number of constituents and households in the constituency would influence the amounts expended for printing and office supplies.
- For additional information, the Manual of Members' Allowances and Services contains administrative information concerning Members' entitlements, including a list by constituency indicating the constituency type, the basic budget and annual budgetary supplements for fiscal year 2004-2005 (Section 2 of the Chapter on Budgets, Appendix entitled Member's Office Budget by Constituency). The Manual is available on IntraParl under Administration and Services/Members' Allowances and Services as well as from the Library of Parliament.
- Questions related to this report should be directed to BOIE spokespersons (Honourable Mauril Bélanger and Mr. Jay Hill) or to individual Members. After the consolidated report is tabled, it is available on the web at the following address:

Member's Office Budget (MOB)

Effective with the 38th Parliament on June 28, 2004, the basic budget is \$258,100 for all constituencies. Members who represent densely populated constituencies receive an Elector Supplement. Members who represent constituencies with 500 square kilometres or more receive a geographic supplement. Members who represent constituencies listed in Schedule 3 of the *Canada Elections Act* receive an additional supplement.

As shown in the following columns, the MOB is used for:

- (1) **STAFF AND OTHER EXPENSES**, which includes employee salaries, service contracts and constituency office operating expenses, such as utilities, local telephone service, voice and long distance charges incurred when using the cellular option with their mobile data access device (BlackBerry), furniture and computer equipment. This column also includes a Miscellaneous Expenditures Account of up to 3% of each Member's Office Budget to acquire, for the constituency or Ottawa offices, goods and services not explicitly excluded or specified.
- (2) **TRAVEL**, which includes travel by the Member, the Member's employees and the designated traveller in the constituency or the province or territory in which the constituency is located and certain transportation expenses incurred by the Member within the National Capital Region, as well as for accommodation, meals and incidental expenses incurred by employees on parliamentary business trips within Canada specifically authorized by the Board of Internal Economy. Also included is excess travel status expenses (accommodation and meals), up to the maximum limit of the Miscellaneous Expenditures Account, when the \$20,000 travel status expense budget, included in column (4) *Travel*, has been fully used.
- (3) **OFFICE LEASE**, for the constituency office(s).

Support Provided by the House

The following costs are charged to House Administration central budgets:

- (4) **TRAVEL**
 - (a) each Member is allowed a maximum of 64 return trips between Ottawa and the constituency and other parts of Canada and Washington D.C. Four (4) of these trips to Washington, D.C. must be from Ottawa or the Member's constituency.
 - (b) each Member may be reimbursed for private or receipted accommodation and for meals and incidental expenses up to the per diem rate while in travel status, to a maximum of \$20,000. Please note that the Member is permitted to charge excess travel status expenses incurred in Canada or to Washington D.C., to the unused portion of the Miscellaneous Expenditures Account of the Member's Office Budget included in column (2) *Travel expenses* when the \$20,000 travel status expense account has been fully used.
- (5) **TELEPHONE**, for long-distance calls; commencing November 3, 2004, the House provides one (1) House-supported mobile data access device (BlackBerry) along with a data service plan to Members.
- (6) **PRINTING**
 - (a) Householders – printed materials sent by Members, up to four householders per calendar year, to inform their constituents about parliamentary activities and issues;

- (b) Ten Percenters (additional Householders) – printed or photocopied material reproduced in quantities not exceeding 10% of the total number of households in a Member’s constituency;
 - (c) Ten Percenter Regrouping (additional Householders) – some or all Members in a recognized party collectively submit, via their Whip’s office, an identical ten percenter request, up to one regrouping per month to a maximum of 10% of the total households represented by the Members submitting the request.
- (7) **OFFICE SUPPLIES**, for the Ottawa and constituency offices;
 - (8) **OTHER**, includes furniture, computer and communication equipment, software and renovations for the Member’s Ottawa office.
