

Information Sheet: Application for an Authorization to Transport Restricted Firearms and Prohibited Firearms

Ce formulaire est disponible en français.

Before you start...

Use this form, if you are an individual, to apply to the Chief Firearms Officer for an Authorization to Transport (ATT) Restricted or Prohibited Firearms.

The Chief Firearms Officer of your province or territory must approve your application for an ATT before you may legally transport restricted or prohibited firearms.

You may also apply for an ATT by telephone. Please call 1 800 731-4000 in Canada and the USA or 1 506 624-5380 outside Canada and the USA.

You may include any number of firearms on this application, but you must be transporting all the firearms for the same reason.

If you are transporting a firearm for more than one reason, you must fill in a separate application form for each reason.

If you are applying for more than one ATT, you must fill in a separate application form for each ATT you are requesting.

Non-residents must obtain an ATT to temporarily import restricted firearms into Canada. For further details see Section A - Personal Information, of this Information Sheet.

Prohibited firearms cannot be imported into Canada.

If you need additional space, list all information requested on a separate sheet of paper, add your name and licence number to the top of each sheet and attach the sheet to your application.

If you need help completing this application form or require another form, call 1 800 731-4000. Additional information and some application forms are also available on [our Web site](#).

E - Transport Route
