

*Closing Remarks for
Second Pre-Hearing Conference
Red Raspberry Research, Market Development and Promotion Agency
June 11, 2013 – 3:00 p.m.*

This concludes the agenda. I now have a few closing remarks. First of all, I appreciate your presence here today and I would like to thank, on behalf of the Panel, the participants on this pre-hearing teleconference and especially the staff that have worked so diligently during this process.

The Panel is looking forward to the hearing, as I previously mentioned we intend on being an active Panel and ask a lot of questions. We encourage participation from all individuals and groups appearing before us and expect fair, constructive and thorough discussions during the proceedings.

Thank you very much for your participation. This concludes today's pre-hearing conference.
