

Nacho Nyak Dun

Hunting along the Dempster Highway

If you are a beneficiary of the First Nation of Nacho Nyak Dun...

Your rights

- You may hunt the Porcupine Caribou Herd for subsistence anywhere* along the Dempster Highway on public land. You must obtain permission before hunting on Vuntut Gwitchin or Tr'ondëk Hwëch'in lands.

 You have a right to hunt **other wildlife** for subsistence in your own Traditional Territory which includes the **east side** of Dempster Highway up to the NWT border.

Your responsibilities

If you want to hunt **other wildlife west of the highway**:

 you must obtain written permission from the Tr'ondëk Hwëch'in to hunt for subsistence **south of km 218**,

OR

 you must obtain written permission from the Vuntut Gwitchin to hunt for subsistence **north of km 285**,

OR

- you must obtain a Yukon hunting licence, which allows you to hunt on public land anywhere along the Dempster Highway and you must follow the laws of general application.

 You cannot get permission to hunt for subsistence **between km 218 and km 285** because this is a Traditional Territory overlap area.

* Your hunting area for the Porcupine Caribou Herd may be more clearly defined in the future as provided for in the Porcupine Caribou Management Agreement.

This map shows Yukon First Nation lands (R-blocks only) located within 10 km of the Dempster Highway.

Laws that apply to ALL caribou hunters on the Dempster Highway from km 68 to the NWT border

Annual migration closure

The Dempster Highway will be closed to all caribou hunting for one week each fall when the Porcupine Caribou Herd first begins to migrate across the highway. The closure applies within 8 km of either side of the highway. Dates will be announced in local media.

Restrictions on snowmobile use

You cannot use snowmobiles to hunt caribou near the Dempster Highway until the ground is frozen and covered with snow. This restriction applies within 8 km of either side of the highway. It will be lifted each fall when conditions are right, and will be announced in local media. To protect wildlife habitat and prevent disturbance to the animals, off road use of other vehicles is prohibited year round.

Hunting for subsistence

Hunting for subsistence means harvesting food for yourself, your family and for ceremonial purposes in your own Traditional Territory, or in another First Nation's Traditional Territory with their written consent.

When hunting for subsistence you can harvest male or female animals at any time of year, with no bag limits, subject to the laws of the First Nation.

Your subsistence hunting rights may be limited by laws set in consultation with First Nations for the purpose of conservation, public health or public safety.

Public safety

Shooting Porcupine caribou from the highway is dangerous.

Please check the landscape behind your target before you shoot to make sure no one is in your line of fire.

In the interest of public safety, please do not:

- hunt in a way that would put people at risk,
- hunt in a way that is likely to cause damage to personal property, or
- carry a loaded firearm in or on a vehicle, including a snowmobile. You can carry a loaded firearm in a boat.
