

CORPORATE CULTURAL DIVERSITY PLAN
2011 REPORT

**Submitted to the Canadian Radio-Television and
Telecommunications Commission**

January 27, 2012

Introduction

CPAC recently submitted a 3 year overview of its cultural diversity initiatives and is pleased to provide, in the pages that follow, its most recent update with respect to diversity related activities, specifically those undertaken during calendar year 2011.

CORPORATE ACCOUNTABILITY

(i) Senior Executive in Charge of Diversity:

(A) *Has a senior executive been identified in the corporate plan?*

The Director, Business Affairs, a position created and filled in 2003, continues to be responsible for matters related to cultural diversity and for the overall achievement of the objectives outlined in CPAC's corporate plan.

(B) *What specific responsibilities have been identified in the corporate plan?*

The Director, Business Affairs is responsible, among other duties, for ensuring the goals in CPAC's corporate plan are met, including:

- Providing recommendations to the Senior Management team with respect to new initiatives or opportunities that could enhance CPAC's performance in the area of diversity;
- Monitoring the progress of CPAC's cultural diversity objectives as outlined in the Corporate plan;
- Together with CPAC's Director, Finance and Administration, coordinating relevant workshops, training and information sessions for staff and management;
- Ongoing analysis of programming statistics as they relate to CPAC's diversity objectives;
- And, preparing relevant diversity status and achievement reports.

(C) *What has the senior executive responsible for diversity accomplished in this reporting year, particularly with respect to ensuring that management becomes more reflective of Canada's multicultural reality?*

Management initiatives relevant to the fulfillment of CPAC's during 2011 can be summarized as follows:

- On an ongoing basis and as part of the annual performance review process, all Managers are reminded of their responsibilities with respect to cultural diversity objectives within their overall performance management goals and likewise with their staff.
- The Director, Business Affairs monitors and analyzes programming statistics related to all of CPAC's conditions of licence and specifically with respect to cultural diversity on a weekly basis.

At the end of 2011, CPAC's Management team consisted of 7 people, 4 of whom were women.

It should be noted that over the last 10 years, CPAC's licence term to date, CPAC's Management team has consistently included 60% or more members from the designated target groups.

(D) *If applicable, please describe any new initiatives, including those that might have resulted from work in this area.*

(ii) Clear Goals for Station Managers:

(A) *What goals for station managers have been identified in the corporate plan?*

(B) *In this reporting year, which initiatives to meet those goals have been implemented?*

(C) *What are the outcomes of those initiatives?*

(D) *Please identify the timelines for those initiatives that have not yet been implemented.*

CPAC is based in Ottawa and does not have station managers as do other national television networks. CPAC does however contribute significantly to the enhancement of diversity in the broadcasting system overall by its continued adherence to the following programming principles:

- CPAC will present a balance of diverse points of view and, in particular, represent the various views held by Canadians in the different regions of the country; and
- CPAC's programming reflects Canada's dual linguistic nature.

Highlights of our achievements in the area of diverse public affairs programming are outlined in part ii) of the section entitled "Reflection of diversity in programming" later in this report.

(iii) Diversity Training for Management:

(A) *What specific training initiatives have been identified in the corporate plan:*

CPAC's corporate plan outlined the following training initiatives:

- Annual cultural diversity workshops before the start of the broadcast season.
- Workshops and/or presentations by aboriginal and cultural groups on media awareness of diversity matters for production staff.

(B) *In this reporting year, which training initiatives have been implemented?*

In December, CPAC hosted a diversity session not only for management but also for on-air staff, producers and communications staff.

(C) *For those training initiatives that have been implemented, please answer the following questions.*

(i) *What kind of training has been received?*

Dr. Amir Georges Sabongui, PHD from Shepell.fgi provided the group with a comprehensive and interactive presentation on the importance of understanding diversity, inclusion and appreciating cultural differences with special focus on communication tactics for working in a public communication environment such as CPAC.

The session included:

- an opportunity for all participants to self assess biases;

- identifying the specific behaviours that create a respectful and sensitive environment;
- an in-depth discussion about diversity, cultural values and dimensions;
- the presentation of multiple case scenarios; and
- individual responsibility for modeling respect and celebrating differences positively.

(ii) *Please indicate which levels of management have participated in the training and what proportion of management that this represents.*

Four of seven CPAC managers were in attendance which represents 60% of the CPAC management team.

(iii) *What have been the benefits of this training?*

A total of 22 participants attended this session which represents almost 50% of all CPAC staff and of 17 session assessments submitted, all rated the session, its content and the facilitator as excellent. Overall, CPAC employees are very conscious of CPAC's mandate and the importance of reflecting Canada's diversity in our programming and an open discussion of this nature on the topic serves to reinforce the importance of inclusiveness and to recognize and respect the differences between all Canadians.

(D) *Please identify the timelines for those training initiatives that have not yet been implemented.*

(E) *If applicable, please describe any new initiatives, including those that might have resulted from work in this area.*

N/A

(iv) Staff Involvement in Plan's Progress:

(A) *What specific initiatives have been identified in the corporate plan?*

Specific initiatives regarding the involvement of staff in general were not outlined in our corporate plan but since the majority of CPAC's staff is involved in the creation of programming, the result is that nearly everyone contributes to the achievement of CPAC's cultural diversity objectives directly or indirectly.

(B) *In this reporting year, which initiatives have been implemented?*

(C) *For those initiatives that have been implemented, please answer the following questions.*

(i) *In this reporting year, describe the opportunities provided for staff assessment of progress in the area of cultural diversity*

(ii) *How many staff participated in this assessment?*

(iii) *Through these opportunities for staff assessment, have future challenges been identified?*

(D) *Please identify the timelines for those initiatives that have not yet been implemented.*

(E) *If applicable, please describe any new initiatives, including those that might have resulted from work in this area.*

**(v) Improving Employment Practices with respect to Visible Minorities:
Hiring:**

(A) What specific hiring initiatives have been identified in the corporate plan?

The following hiring initiatives were identified in CPAC's corporate plan:

- When national recruitment is undertaken, CPAC will advertise positions in ethnic, aboriginal media and institutions most likely to reach designated target groups.
- An annual review of employment systems will be undertaken to determine whether barriers exist to the employment of designated groups, particularly in the areas of recruitment, selection, hiring, career development and retention.
- Seeking out mentoring and internship opportunities for visible minorities and/or co-op placements with aboriginal broadcasting institutions.
- Institute on-the-job training or mentoring by senior staff.
- Specific recruitment plans must be developed to achieve better gender balance and more cultural representation on air with the overall goal of improving upon our entire staff complement.

(B) In this reporting year, which hiring initiatives have been implemented?

In 2011, 3 positions were posted and while only 1 was posted on a target group web site, 2 of the positions were filled by members of the target groups.

(C) For those initiatives that have been implemented, please describe what has been accomplished.

CPAC had 3 vacancies to fill in 2011, 2 of which were filled by candidates from the designated target groups.

Annually, CPAC's Director, Finance and Administration reviews CPAC's hiring practices to ensure no barriers to the hiring of members from the designated target groups exist. And given CPAC's ability to attract, hire and retain such candidates, we believe no such barriers are present. We are especially pleased to report that as of December 31st, 2011, 54% of CPAC's entire staff consisted of members of the designated target groups.

(D) Please identify timelines for those initiatives that have not yet been implemented.

CPAC is committed to improving representation of the designated target groups on air though it must be noted such positions at CPAC are few and turnover is limited as is the number of applicants, if any, from the target groups when such positions become available.

In 2011, 6 of 13 or 46% of CPAC's on air hosts or journalists were members of the designated groups.

Retention/training:

(A) What specific initiatives, including training, have been set out to address retention of culturally diverse employees in the corporate plan?

The following activities related to retaining culturally diverse employees were included in CPAC's corporate plan:

- Policies and procedures judged to create possible barriers to the recruitment of culturally diverse employees will be revised in consultation with members of the appropriate designated group.
- New policies and practices will be reviewed as they are developed and implemented to ensure that they promote the goal of employment equity.
- An ad-hoc Committee on employment equity will be convened on an as-needed basis to provide advice to the Director of Finance and Administration on employment equity issues, plans and policies.
- Representatives of CPAC will participate in educational, training and professional development activities, including internal workshops, to increase awareness of current issues and trends in employment equity.

(B) In this reporting year, which initiatives have been implemented?

All of the above noted initiatives were achieved in 2011.

(C) For those initiatives that have been implemented, please describe what was accomplished.

As noted in a previous section most CPAC Managers and Directors also participated in the diversity training session held on December 19th.

(D) Please identify the timelines for those initiatives that have not yet been implemented.

REFLECTION OF DIVERSITY IN PROGRAMMING

(i) Diversifying News Sources:

- (A) *What specific initiatives have been identified in the corporate plan?*
- (B) *In this reporting year, which initiatives have been implemented?*
- (C) *For those initiatives that have been implemented, please describe how each initiative has contributed to diversifying news sources. N/A*
- (D) *Please identify the timelines for those initiatives that have not yet been implemented. N/A*

As previously note, CPAC is not a news station and therefore specific news related initiatives were not set out in our corporate plan on diversity. However, CPAC provides an important national platform for public policy discussion and a forum for in depth coverage of public affairs, political and Parliamentary issues affecting all Canadians.

This rich mandate allows CPAC to produce a vast array of long form programs and cover special events in all regions of the country and, with the exception of Parliamentary programming that CPAC must broadcast un-altered, we can therefore choose to cover conferences, symposia and public events that reflect the diverse views of Canadians. [Appendix A, attached for your reference, provides a list of long form programs broadcast in 2011 that focused on topics of diversity followed by those in which were featured at least one member of a designated target group.]

In addition, the objective of covering diverse topics and inviting guests from the various designated target groups is always top of mind in the production of CPAC's hosted public affairs programming.

- (E) *If applicable, please describe any new initiatives, including those that might have resulted from work in this area.*

(ii) Diversifying News Stories:

(A) What specific initiatives have been identified in the corporate plan?

As described at the beginning of this section, CPAC's mandate is not news but we did incorporate the following initiatives in our corporate plan:

- Ensure long-form programming reflects cultural diversity objectives by continuing to provide a forum for diverse points of view.
- Air additional regional programming to better reflect the mosaic and issues from all of Canada's regions, including the North.
- Focus episodes of the Great Canadian Tour on cultural diversity in Canada.
- Develop youth oriented public affairs program to promote dialogue on cultural diversity.
- Ensure guests interviewed during CPAC's in-house hosted programming reflect Canada's cultural mosaic.

(B) In this reporting year, which initiatives have been implemented?

CPAC achieved all of the above noted items in 2011 although the Great Canadian Tour was not produced last year.

(C) For those initiatives that have been implemented, please describe how each initiative has contributed to diversifying stories.

We are pleased to report that between January 1st and December 31st, 2011, CPAC broadcast 1,193 episodes of long format programs, 65 of which focused on topics of diversity for a total of 399 broadcast hours. It should also be noted that 430 long form programs featured guests from the designated target groups even though the topic may not specifically have been diversity. This represented 2,356 broadcast hours or 52% of this programming genre.

CPAC also met its objective of producing, recording and broadcasting long form programming in every province and territory during the last year.

CPAC's prime time public affairs analysis programs also go a long way in providing Canadians with a variety of voices and views by including a multitude of guests from the designated target groups.

In 2011, 173 of CPAC's 232 prime time in house public affairs episodes of *Prime Time Politics* and *Revue Politique* featured guests from the designated groups when the topic of discussion was not necessarily diversity or minority issues.

Given the Commission's identification of serious gaps in the representation of the designated target groups in news programming and while CPAC's programs are not news in the traditional sense, these two political information programs make a very important contribution in addressing this gap, particularly since during 2011 more than 75% of the episodes of these two programs featured diverse guests.

When combining all of CPAC's licensed programming hours which includes long and hosted public affairs formats, a total of 3,056 hours of programming included guests from the designated target groups and/or topics of diversity were broadcast in 2011. This translates to the equivalent of 60% of CPAC's licensed programming including guests from the target groups or featured topics related to diversity.

The hosts of CPAC's youth oriented programming initiatives: *Outburst and On the Bright Side* continued to hit the streets in 2011 to interact with Canadians and to offer them a say about what's happening in Canadian politics. CPAC produced 45 original episodes of these programs during the year.

Some improvements can also be reported with respect to the participation of Aboriginal and Asian peoples in CPAC's programs. In 2011, 100 CPAC program episodes included guests from these two particular groups for a total of 594 hours of programming.

With respect to the participation of persons with disabilities in CPAC programs, 9 unique program episodes for a total of 104 hours of programming including persons with disabilities were broadcast by CPAC.

There are evidently fluctuations in the numbers year over year because while every effort is made to reach out and include guests from the target groups and to cover a diversity of topics and events, CPAC reflects political and public affairs activities as they happen and and proceedings covered or participants involved may not always be available from the target groups.

(D) Please identify the timelines for those initiatives that have not yet been implemented.

(E) If applicable, please describe any new initiatives, including those that might have resulted from work in this area.

(iii) Diversifying On-Air Personalities:

(A) What specific initiatives have been identified in the corporate plan?

(B) In this reporting year, which initiatives have been implemented?

(C) For those initiatives that have been implemented, please describe how each initiative has contributed to diversifying on-air personalities.

(D) Please identify the timelines for those initiatives that have yet to be implemented.

As noted in the previous section, CPAC's on air guests are extremely varied and consistently reflect Canada's diversity.

With respect to on air staff, at the end of 2011, CPAC employed 13 on-air hosts/journalists, 6 of which were members of the target groups.

(iv) Equitable Distribution of News Beats:

- (A) *What specific initiatives have been identified in the corporate plan?*
- (B) *In this reporting year, which initiatives have been implemented?*
- (C) *For those initiatives that have been implemented, please describe how each initiative has contributed to diversifying news beats.*
- (D) *Please identify the timelines for those initiatives that have not yet been implemented.*

(iii) Diversifying Acquisitions:

- (A) *What specific initiatives have been outlined in the corporate plan?*
- (B) *In this reporting year, which initiatives have been implemented?*
- (C) *For those initiatives that have been implemented, please describe how each initiative has contributed to diversifying acquisitions.*
- (D) *Please identify timelines for those initiatives that have not yet been implemented.*

CPAC continues to produce the vast majority of programming it broadcasts in-house and therefore did not identify any acquisitions initiatives in its corporate plan.

In 2011, we continued to acquire a weekly 30 minute program from British Parliament entitled *Prime Minister's Question Time* as well as the occasional program from C-SPAN, A-PAC in Australia, the United Nations, *Questions du gouvernement* from France, Parliament in Scotland as well as Ireland. These programs are made available to CPAC's audience, gavel to gavel, without editorial comment and as provided by the third party supplier. Each is, of course, simultaneously interpreted to the other official language.

Community Involvement:

(i) Community Input and Feedback:

- (A) *What specific initiatives have been identified in the corporate plan?*
- (B) *In this reporting year, which initiatives have been implemented?*
- (C) *For those initiatives that have been implemented, please answer the following questions*
 - (i) *What kind of input and feedback has been solicited?*
 - (ii) *Please indicate the communities and/or groups from whom input and feedback has been received.*
 - (iii) *Who within the organization reviews this input and feedback?*
 - (iv) *How is the input and feedback being used?*
- (D) *Please identify the timelines for those initiatives that have not yet been implemented.*

CPAC encourages and solicits viewer feedback on all of its programming via promotional spots on air and on our web site. Viewers can contact us by telephone, on line or in writing by fax or mail.

In addition, CPAC produces a number of call-in programs that allow viewers to interact directly with CPAC's on air hosts and guests on the issues of the day. During 2011, CPAC broadcast 106 national call-in programs including *Goldhawk Live* and *The Week with Marc Sutcliffe* every Sunday for a total of 184 broadcast hours.

From January to the end of December 2011, CPAC received 1,446 viewer telephone calls, 10,104 e-mails and 12 letters including comments ranging from dub requests to general information questions, special requests and various comments on CPAC's programming. No feedback, positive or negative, was received with respect to CPAC's coverage of diversity topics, guests or on air talent representation.

- (E) *If applicable, please describe any new initiatives, including those that might have resulted from work in this area.*

We trust all of the above responds satisfactorily to your questions.
