Dear Ms. May-Cuconato:

Re: **Review of the competitor quality of service regime, Telecom Notice of Consultation 2017-49 - Requests for Information**

Bragg Communications Inc., carrying on business as Eastlink ("Eastlink"), herein submits its responses to interrogatories received from the CRTC in its letter dated 13 March 2017 with respect to the above-noted proceeding.

These responses are being filed entirely in confidence to the Commission pursuant to section 39 of the Telecommunications Act. The information that Eastlink has provided in confidence includes sensitive commercial, marketing and cost information regarding Eastlink's business, the disclosure of any of which would cause harm to Eastlink. The release of such information would provide existing or potential competitors with detailed information about Eastlink's business, costs of service, marketing and other strategies deployed in a competitive environment, thus enabling them to develop more effective marketing and business strategies. The release of such information could prejudice Eastlink's competitive position, resulting in material financial loss and cause specific direct harm to Eastlink. Given the confidential nature of these responses no abridged version has been provided.

Respectfully Submitted,
