

CANADIAN MUSEUM OF NATURE

OTTAWA 2018

Explore Canada's Nature

Canada is all about nature. No trip to Ottawa is complete without a visit to the Canadian Museum of Nature where you will discover Canada's diverse nature under one roof.

The Museum is housed in a striking, historic "castle" in downtown Ottawa that once served as Canada's Parliament. Our world-class galleries feature giant dinosaurs, iconic Canadian mammals, a complete blue whale skeleton, dazzling gems and minerals, and the world's largest collection of Canadian birds. Outside, explore three of Canada's ecozones in the Landscapes of Canada Gardens—winner of a 2017 Garden Tourism Award.

Immerse yourself in Canada's Arctic in our spectacular, new **CANADA GOOSE ARCTIC GALLERY!**
