As all of these reports are prepared by Deloitte and go through Corporate Finance, they should provide this estimate.

I would comment, however, that they should either be excluded in whole, and if not, then each one would have to be gone over carefully because they contain confidential information which could impact our third party vendor (Sintec), not only in terms of financial data, but also because of the details associated with the go-live process and performance.

The Mobile Divison should handle this request.

F&A does not hold this type of records. There is no search time and therefore no certificate will be issued by F&A for this request.

As all of these reports are prepared by Deloitte and go through Corporate Finance, they should provide this estimate.

I would comment, however, that they should either be excluded in whole, and if not, then each one would have to be gone over carefully because they contain confidential information which could impact our third party vendor (Sintec), not only in terms of financial data, but also because of the details associated with the go-live process and performance.

Bonjour Messieurs,

Il faut absolument répondre à Hélène:

- 1) Les documents existent-ils?
- 2) Si oui, combien de temps de recherche ou de travail pour recueillir l'information?

Il se peut que nous ne donnions pas suite à la demande mais il faut d'abord répondre à ces questions.

Merci de me revenir rapidement.

Bonjour Daniel,

On m'a informé que le dossier des mobiles HD CBC/Radio-Canada devrait être sous la supervision de Peter St-Onge. Pour le moment j'aimerais savoir si c'est le cas et le temps de recherche que cela nécessitera.

Pierre Nollet est sûrement au fait de cette demande mais je ne peux pas te dire comment il intervient dans celle-ci à ce stade-ci. Nous sommes à réfléchir sur nos stratégies mais pour le moment, rien n'est arrêté. Je crois que les informations demandées seront biffées dans les documents afin de protéger nos droits face à la concurrence.

Meilleures salutations,

Bonjour Hélène,

Robert Dawson me dit que plusieurs demandes concernant la Division des mobiles tournent autour des mêmes sujets. Peut-être parce qu'il semble y avoir une corrélation directe avec une récente décision stratégique de l'entreprise.

Pierre Nolet est au fait du dossier, semble-t-il.

Que faisons-nous avec cette demande maintenant ?

Merci de me revenir.

Bonne fin de journée!

Hi Daniel,

My apologies for writing you in English, I don't have the time today to have it translated.

I believe that the file you have brought to my attention has been banging around for a couple of weeks now and in fact finds itself within our legal department under file # 2008-00333.

I will do the necessary research and get back to you immediately if that is not the case.

In the meantime any requests along these lines for the mobile division should be brought to my attention and I will deal with them ipso pronto.

Bonjour Hélène,

On me confirme que les informations sont disponibles et qu'un rapport mensuel est produit par la Division Mobiles

Le temps de recherche devrait donc être minime...disons 30 minutes.

À noter que cette information est jugée très sensible et pourrait nuire à la compétitivité de la Division Mobiles si elle était publiée.

J'attends donc ton signal pour la suite.

Salutations.

Bonjour Hélène,

Je te confirme que Peter St-Onge préside le conseil d'administration de la Division Mobiles de la Société. Toutefois, la transition n'est pas encore complétée et tu auras remarqué qu'il est difficile d'obtenir de informations pour un secteur d'activités que je ne connais pas.

L'agent de liaison a parfois une influence limitée.

J'aimerais que nous en reparlions.

Bonne journée!

Bonjour Bob,

Désolé d'insister encore une fois mais le délai prescrit par la loi est déjà dépassé et nous devons répondre à ces deux premières questions. On verra ensuite comment on donnera suite à cette demande.

Je sais que tu es à Toronto aujourd'hui mais il devient essentiel que tu me donne ton évaluation sur ces deux questions.

À mon avis, l'information existe et le temps de recherche ne devrait être beaucoup plus d'une heure afin de fournir les documents. Je comprends qu'il y aura des informations de nature stratégique et concurrentielle que nous ne souhaitons pas fournir mais il appartient au bureau de l'accès à l'information de décider de cela. Théoriquement nos recommandations à cet effet devraient être considérées dans les étapes subséquentes du traitement de cette demande.

Merci de me revenir dès que tu peux.

Daniel

Bonjour Messieurs,

Il faut absolument répondre à Hélène:

- 1) Les documents existent-ils?
- 2) Si oui, combien de temps de recherche ou de travail pour recueillir l'information?

Il se peut que nous ne donnions pas suite à la demande mais il faut d'abord répondre à ces questions.

Merci de me revenir rapidement.

Bonjour Daniel,

On m'a informé que le dossier des mobiles HD CBC/Radio-Canada devrait être sous la supervision de Peter St-Onge. Pour le moment j'aimerais savoir si c'est le cas et le temps de recherche que cela nécessitera.

Pierre Nollet est sûrement au fait de cette demande mais je ne peux pas te dire comment il intervient dans celle-ci à ce stade-ci. Nous sommes à réfléchir sur nos stratégies mais pour le moment, rien n'est arrêté. Je crois que les informations demandées seront biffées dans les documents afin de protéger nos droits face à la concurrence.

Meilleures salutations,

Hélène

Bonjour Hélène,

Robert Dawson me dit que plusieurs demandes concernant la Division des mobiles tournent autour des mêmes sujets. Peut-être parce qu'il semble y avoir une corrélation directe avec une récente décision stratégique de l'entreprise.

Que faisons-nous avec cette demande maintenant ?

Merci de me revenir.

Hi Daniel,

My apologies for writing you in English, I don't have the time today to have it translated.

I believe that the file you have brought to my attention has been banging around for a couple of weeks now and in fact finds itself within our legal department under file # 2008-00333.

I will do the necessary research and get back to you immediately if that is not the case.

In the meantime any requests along these lines for the mobile division should be brought to my attention and I will deal with them ipso pronto.
