

THE STANDARDS COUNCIL OF CANADA ANNUAL REPORT –2013-2014 ACCESS TO INFORMATION ACT

1. Introduction

The Access to Information Act gives Canadian citizens, permanent residents, or any person or corporation present in Canada a right to access information that is contained in government records.¹ As a federal Crown corporation, the Standards Council of Canada (SCC)'s policy endeavours to fully comply with both the spirit and letter of any legislation which may govern the release of specific information. SCC's policy is also to make every reasonable effort to help the requester, without regard to their identity, to receive complete, accurate and timely information and to reply to requests for information in either of Canada's official language.

Standards Council of Canada's Mandate

The mandate of the Standards Council of Canada is to promote efficient and effective voluntary standardization in Canada, where standardization is not expressly provided for by law and, in particular, to:

- a) promote the participation of Canadians in voluntary standards activities,
- b) promote public-private sector cooperation in relation to voluntary standardization in Canada,
- c) coordinate and oversee the efforts of the persons and organizations involved in the National Standards System,
- d) foster quality, performance and technological innovation in Canadian goods and services through standards-related activities, and
- e) develop standards-related strategies and long-term objectives, in order to

advance the national economy; support sustainable development; benefit the health; safety and welfare of workers and the public; assist and protect consumers; facilitate domestic and international trade and further international cooperation in relation to standardization.²

2. Organization of Access to Information Act Activities

The role of the Access to Information and Privacy (ATIP) Coordinator is currently performed on a part-time basis due to the minimal number of requests received to date. Any requests for formal access are directed to the ATIP Coordinator who is responsible for implementing the search for retrieval and disclosure of the requested information.

3. Delegation Authority

The following official, by title, is responsible for the implementation of the *Access to Information Act*: Corporate Planner (see appendices for delegation authority).

4. <u>Statistical Report</u>

For the period April 1, 2013 to March 31, 2014 the Standards Council of Canada (SCC) received four requests for formal access. Two of these requests fell within the timeframe of 15 days and under, and SCC provided full disclosure. No records existed for the 2 other requests.

5. Access to Information Training

As the Standards Council of Canada (SCC) has historically only ever received an overall total of 55 formal Access to Information requests, the impact of the *Access to Information Act* has, in past years, has been minimal.

The current ATIP coordinator has taken a number of Treasury Board training courses related to various sections of the *Access to Information Act*. No formal training, however, was undertaken during the reporting period.

6. New and/or revised institution-specific access to information related policies

The Standards Council of Canada did not implement any new or revised access to information related policies during the reporting period. As part of SCC's commitment to continual improvement, SCC provides support for its major programs and services and corporate functions through a quality management system (QMS). SCC's quality management system includes a quality document on handling of access to information and privacy requests. This document was reviewed in 2013-2014 to ensure that it was up-to-date with new Treasury Board Secretariat (TBS) policies and directives. As a result of this review, SCC did not implement any new/or revised changes to its QMS document. SCC's own policies regarding the *Access to Information* and *Privacy Acts* are in compliance with the directives from TBS, such as: the duty to assist and specific responsibilities imposed upon government institutions.

7. <u>Key Issues</u>

No complaints or investigations were launched during 2013-2014.
