

THE STANDARDS COUNCIL OF CANADA ANNUAL REPORT, 2014 - 2015 PRIVACY ACT

1. Introduction

The *Privacy Act* provides citizens with the right to access personal information held by the government and protection of that information against unauthorized use and disclosure. As a federal Crown corporation, the Standards Council of Canada (SCC)'s policy endeavours to fully comply with both the spirit and letter of any legislation which may govern the release of specific information, including personal information. SCC is committed to protecting the privacy of all clients, stakeholders and employees. Personal information collected by the SCC is used only for the purpose for which it was collected.

Standards Council of Canada's Mandate

The mandate of the Standards Council of Canada is to promote efficient and effective voluntary standardization in Canada, where standardization is not expressly provided for by law and, in particular, to:

- a) promote the participation of Canadians in voluntary standards activities.
- b) promote public-private sector cooperation in relation to voluntary standardization in Canada,
- c) coordinate and oversee the efforts of the persons and organizations involved in the National Standards System,
- d) foster quality, performance and technological innovation in Canadian goods and services through standards-related activities, and
- e) develop standards-related strategies and long-term objectives, in order to

advance the national economy; support sustainable development; benefit the health; safety and welfare of workers and the public; assist and protect consumers; facilitate domestic and international trade and further international cooperation in relation to standardization.²

2. <u>Organization of Privacy Act Activities</u>

The role of the ATIP Coordinator is currently performed on a part-time basis due to the lack of requests received to date.

Any requests for formal access are directed to the ATIP Coordinator who is responsible to implement the search and retrieval of the requested information. The Head of the organization however is the only person with authority to respond to or direct a response to any inquiry that might be made pursuant to the Privacy Act.

The Standards Council of Canada maintains a company-wide file index and classification system. All personal information held by the Council resides within this classification system but is accessible solely by personnel staff (one director, one manager and one officer).

4. Statistical Report

5. Privacy-related training

As the Standards Council of Canada had only one formal request, the impact of the Privacy Act on the Council has been minimal. SCC did not undertake any training related to the *Privacy Act* in 2014-2015.

6. New and/or revised institution-specific privacy related policies

The Standards Council of Canada did not implement any new or revised privacy related policies during the reporting period. As part of SCC's commitment to continual improvement, SCC provides support for its major programs and services and corporate functions through a quality management system (QMS). SCC's quality management system includes a quality document on handling of access to information and privacy requests. This document was reviewed in 2013-2014 to ensure that it was up-to-date with Treasury Board Secretariat (TBS) policies and directives. As a result of this review, SCC did not implement any new/or revised changes to its QMS document. SCC's own policies regarding the *Access to Information* and *Privacy Acts* are in compliance with the directives from TBS. With an established security policy, SCC exercises due diligence, due care and respects all relevant privacy provisions. Personal information is used only for the purpose for which it has been collected.
