

Need help with a family law matter? Maybe we can help.

Introducing the Family Justice Resource Centre

The **Family Justice Resource Centre** is a new service provided by Manitoba Justice. Staff can direct you to the services you and your family may need to deal with matters such as:

- How do I get child support?
- How do I get custody or access to my child?
- How do I find a lawyer?
- How do I get a legal separation?
- How do I file for divorce?
- What can I do if I can't afford a lawyer?

Family Justice Resource Centre staff can help you learn more about these and other common family law concerns. Information is free and confidential.
