

**REGIONAL ASSESSMENT OF OFFSHORE OIL AND GAS EXPLORATORY DRILLING EAST OF
NEWFOUNDLAND AND LABRADOR**

**Request for Participation in Technical Advisory Group (TAG)
TAG Sessions - September 2019 – St. John's, NL**

The Regional Assessment Committee has recently identified a number of topics for which it would like to convene “TAG sessions” with interested organizations in September 2019 in St. John's, NL, to discuss and seek input on various issues.

Please find below a list of these proposed TAG sessions and planned dates and times (tele and/or video conference capabilities are also planned for those participating outside St. John's).

TAG Topic	Date and Time
Commercial Fisheries	Monday, September 9, 9:30 a.m. NDT
Marine Birds	Tuesday, September 10, 9:30 a.m. NDT
GIS	Wednesday, September 11, 9:30 a.m. NDT
Oil Spills	Thursday, September 12, 9:30 a.m. NDT
Cumulative Effects Assessment	Friday, September 13, 9:30 a.m. NDT
Marine Fish and Fish Habitat	Monday, September 16, 9:30 a.m. NDT
Climate Change	Tuesday, September 17, 9:30 a.m. NDT

Please RSVP to ceaa.nloffshorestudy-etudeextracotieretnl.acee@canada.ca at your earliest convenience to confirm whether your organization is interested in participating in one of more of these TAG sessions, and if so: 1) which TAG session(s) you will attend, and 2) who will be participating and their contact information.

Further details on these meetings (including the specific venue) and a short “backgrounder” for each topic will be provided to confirmed participants prior to the sessions.

Thank you in advance for your response and participation.
